Networking and business opportunities through exposure to forward thinkers and decision-makers are secondary.

# The Story of DARPAN™ MAGAZINE

*Providing a platform which fosters individual dignity, provides a sense of community, and celebrates our strong cultural roots and values.*

**D**ARPAN Magazine is the premier South Asian magazine providing definitive coverage in a provocative approach that leads to creating a reflection that resonates to the fastest-growing ethnic segment in Canada.

Since 2004, it has been a leader in the Canadian ethnic magazine market by encouraging full participation of its readers in addressing issues of economic, social, cultural, and political life. DARPAN Magazine provides a platform which fosters individual dignity, provides a sense of community, and celebrates our strong cultural roots and values. Over the past 18 years, DARPAN readers have been compelled and engaged with

diverse lifestyle-based features and in-depth, thought-provoking editorial pieces within a high-end glossy publication.

DARPAN builds an inspiring and educational platform which promotes the development of an individual's Canadian identity. It's mandate is to encourage diversity and inclusion by touching on topics that challenge the stereotypes and definitions of cultural identity and multiculturalism.

We feature dynamic South Asian role models and extraordinary achievers who have made significant accomplishments in their respective fields and to the societies in which they reside. By doing so, we hope to encourage community members to take ownership of these achievements through the exchange of good ideas and successful practices, inspiring individuals to reach for greater heights.

With this thought, we created the DARPAN Extraordinary Achievement Awards in 2010 to motivate South Asians to do the extraordinary things that inspire the lives of not just one or two people, but the entire community and the Canadian society at large. We believe that when individuals are empowered to succeed and their efforts are showcased within their own community, we all prosper.

# DARPAN™ EXTRAORDINARY ACHIEVEMENT AWARDS

DARPAN magazine honours ten South Asians in a variety of categories. These notable individuals are active participants in the community and through their hard work and dedication have made their prominent mark in the world and have placed BC's South Asian community on the world map. By bringing the stories of these 10 notable individuals to the forefront, we intend to motivate others with their transformative journey.

The awards have been split into ten categories celebrating individual or organizational achievements in individual fields. These categories are - International Sensation, Community

Crusader, Young Wonder, Industry Marvel, Corporate Engagement, Advancing Philanthropy, Heritage Defender, Artistic Visionary, Spirit of Sport and Breaking Barriers.

Members from the community are invited to submit nominations in all categories excluding International Sensation. A panel scrutinizes the nominations and finalizes recipient names in each category. International Sensation recipient who is also the Guest of Honour for the evening is selected independently by the panel after conducting thorough research and analyzing the work of a South Asian international personality. The fact that award nominations pour in not only from Canada but also abroad, it builds up on the value of the overall event and its mission of reflecting the South Asian lifestyle.

Each year, DARPAN Awards grows in size and merit and gracefully highlights the positive works of the South Asian community in BC. Since the last few years, DARPAN Awards has had a wider representation of South Asians in Canada, with an award winner from Victoria, Calgary & Toronto. This is a clear indication on how much the event has grown in its mission to celebrate and honour the contributions

*"This is a very big event, it is important for our community to honour our own. Our community has accomplished so much that I think it's really good that we take the time to celebrate our people."*

of South Asians. In 2017, the Awards night also experienced the generosity and support of BC's South Asian community through the money raised for Khalsa Aid, an organization run by Guest of Honour and International Sensation Award winner Ravi Singh. Many prominent members of the business community declared their donation to Khalsa Aid throughout the event; over \$140,000 was raised by the end of the evening. This kind gesture showcased the power and willingness of the South Asian community to help not only its members but people in need worldwide.
