Unless exempted by the General Manager, the applicant must supply the following:

For Hazardous Tree Cutting Permits:

The following information is attached to this permit as proof that the tree(s) in question are hazardous to persons or property:

- A report prepared by a certified tree risk assessor that declares the tree(s) to be hazardous, that documents the assessment and reason for such declaration, and that recommends removal as the only practical means of removing or abating the hazardous condition.

For All Other Tree Cutting Permits Except Hazardous Tree Cutting Permits:

The following information is attached to demonstrate the need to cut and remove any protected tree(s) from the lot:

- A minimum of 3 photos showing the tree in its setting, the entire tree and the problem(s)
- Aerial photo of the property with the location of the tree circled (photo provided by City staff)
- For shared trees (trees on both sides of a property boundary): written authorization from the neighbours who share ownership
- For applications from strata councils, management companies etc.: a letter, with contact information, stating that the applicant is authorized to apply for tree removal on behalf of the strata
- Other information may be requested as required (e.g. BCLS survey)

Agricultural Land Tree Cutting Permit Application:

- For non-agricultural purposes, such as: construction, dead trees or trees affecting a residence or out-buildings, a permit **is necessary** and requires the application, fee and replacement requirements as described above.
- For agricultural purposes, on property zoned to permit agricultural use, under Zoning Bylaw 12000: a tree cutting permit, fees and replacement planting (perimeter planting, *if* required) **is necessary** for tree removal. In addition:
 - * An arborist report describing the type of forest and listing the approximate number of Protected Trees within the area to be cleared, and the impact the clearing will have on adjacent lands
 - * A sworn affidavit by the owner declaring that the tree removal is for agricultural purposes and the agriculture cannot occur on the property unless the site is cleared
 - * For land within the ALR: a sworn affidavit by the owner stating that there will be no application for subdivision, rezoning or development of the lot for a period of five (5) years. Full replacement tree(s) and all other applicable provisions of this Bylaw, as determined by the General Manager, will apply should the development application be considered for the lot within the five (5) year period.
 - * For land outside the ALR: the owner enters into a restrictive covenant registered on the title of the lot documenting that the owner has agreed not to make an application for subdivision, rezoning or development of the lot for a period of ten (10) years. Full replacement tree(s) and all other applicable provisions of this Bylaw, as determined by the General Manager, will apply should the development application be considered for the lot within the ten (10) year period.
