INFORMATION FOR CONTRACTOR

Contractors are advised that Addendum No. 1 to RFQ 1220-040-2016-115 is hereby issued by the City. This addendum shall form part of the Contract Documents and is to be read, interpreted and coordinated with all other parts. The following information is provided for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractor or any sub-contractor not being familiar with this addendum. This Addendum No. 1 contains one (1) page in total.

QUESTIONS AND ANSWERS:

Q1. It mentions that the price is to supply the materials. Is this correct or is Surrey supplying the materials?

A1. The contractor is to supply the materials.

Q2. Do you have the number of trees that require rock dust versus mulch? We were going to assume that the street and park hardscapes were rock dust and everything else was mulch?

A2. Approximately 1,500 street and park trees are listed as "hard surface". Of these, approximately 2/3 require rock dust (ie – have no grate in place currently) and the remaining 1/3 have grates that require management as per Schedule A, Section 2.0. All "soft surface" trees require mulch.
