INTENT

The intent of this Corporate Report is to seek Council’s approval to award a contract for the Sanitary Sewer Rehabilitation Program.

DISCUSSION

Scope of Work

The construction package related to this contract consists of rehabilitating the sanitary sewer system within the area listed on the following table, and more specifically as illustrated on the map attached to this report as Appendix “I”:

Project #	Project Description	Location
S-20197	2,800m of 150mm to 250mm of Sanitary Sewer Rehabilitation	Primarily rear yards and back lanes from 121 St to 132 St, and 94 Ave to 104 Ave

The sanitary sewers in these areas are showing signs of deterioration and need to be rehabilitated to maintain a reliable system for conveying wastewater. As a number of these sewers are located within a right-of-way in the rear yard of properties, to minimize the inconvenience to the public the sewer rehabilitation work will involve lining the inside of the existing sewer pipes using trenchless technology that will not require any significant disturbance to streets or landscapes.

The contract permits construction from 7:00 a.m. to 10:00 p.m., Monday through Friday, in compliance with the *Surrey Noise Control Bylaw, 1982, No. 7044*.

Evaluation

The submissions were reviewed for accuracy and completeness. There were four arithmetic errors that had no bearing on the outcome of the tender process. All submissions included the required 10% bid bond, and were signed on the Tender Form.

The low bidder, Mar-Tech Underground Services Ltd, has provided a Consent of Surety for a Performance Bond and a Labour & Materials Bond, and agreed to complete the work within 200 working days as stipulated in the contract. Mar-Tech Underground Services Ltd's past performance on similar work has been satisfactory. They have no outstanding legal claims against the City. It is recommended that Mar-Tech Underground Services Ltd be awarded Contract No. 4723-005-11.

Project Schedule

The contract work is expected to start in January 2024, and be completed by October 2024.
