Q.1. Could you please provide more context and insight on the following Functional Requirements on the Schedule C-3-2 – Functional Requirements, tab “Category POS”:

Req. #	Requirement
3029	Vendor to describe the ability for Surrey to customize the POS sales workflow
3030	Staff can provide cost estimates without actually selling an item

A.1. For clarity:

Req 3029: can we customize the workflow when processing a POS transaction (e.g. find item(s) and end with payment vs. find one item then take payment).

Req 3030: should a client want to know the cost of 4 admissions and 1 goggle. Can we do that without having to process a payment/completing the transaction?

END OF ADDENDUM

All Addenda will become part of the RFP Documents.
