COUNCIL DATE: June 24, 2024

REGULAR COUNCIL

TO: **Mayor & Council**

DATE: **June 19, 2024**

FROM: **General Manager, Finance**

FILE: **1880-20**

SUBJECT: **2023 Statement of Financial Information**

RECOMMENDATION

The Finance Department recommends that Council:

1. Receive this report for information; and
2. Approve the 2023 Statement of Financial Information that is attached to this report as Appendix "I".

INTENT

The purpose of this report is to fulfill the annual *Financial Information Act* (the "Act") requirement to report publicly, the Statement of Financial Information ("SOFI").

BACKGROUND

The *Financial Information Act* was enacted in the fall of 1993 and requires all municipalities to provide the Province of British Columbia with a SOFI on an annual basis. The SOFI is to include, for the year being reported, the City's audited financial statements along with information regarding the remuneration paid to the Mayor and each Councillor, the name of and the remuneration paid to each employee who received more than \$75,000 from the City, the name of and the amount paid to each supplier of goods and/or services to whom the City paid more than \$25,000, and grants paid by the City exceeding \$25,000.

The Act requires that Council approve the SOFI prior to its submission to the Province of British Columbia. The Act also requires that the SOFI be made available to the public before June 30th of the year following the year to which the information in the SOFI applies.

DISCUSSION

The 2023 SOFI has been prepared in accordance with the Act and is attached as Appendix "I" to this report. The SOFI includes the 2023 audited consolidated financial statements, which were adopted by Council on May 6, 2024.

The remuneration, taxable benefits and expenses paid to City staff are reported in the SOFI under three categories as follows:

- **Base Salary Remuneration:** This is the salary that the employee earned in 2023;
- **Taxable Benefit and Other:** This includes any payout of earned time related to vacations, gratuity payments, pay for performance, lump sum payments, banked overtime, retirement and/or vehicle allowances; and
- **Expenses:** This includes amounts paid by the City to or for the employee in performing their job function, including annual professional association and membership fees, conferences, training, seminars, and travel related to City business.

As part of our ongoing efforts to be an open, transparent, and accessible government, staff will post this report to the Financial Documents section of the City's website.

CONCLUSION

The Act requires that municipalities provide to the Province of British Columbia, a SOFI for each calendar year. This SOFI is to be approved by Council before it is forwarded to the Province. The Act stipulates that the SOFI is to be made available to the public before June 30th of the year following the year to which the information in the statement applies. Based on the above discussion, it is recommended that Council approve the 2023 SOFI that is attached as Appendix "I" to this report and which has been prepared in accordance with the requirements of the Act.

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian Public Sector Accounting Standards as prescribed by the Public Sector Accounting Board (“PSAB”), an independent standard-setting body, of the Chartered Professional Accountants of Canada. The integrity and objectivity of these statements are management’s responsibility. Management is also responsible for all statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the audited financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

City Council, through the Audit Committee, is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal controls. The Audit Committee achieves this through the review of the audited financial statements and other financial information, the audit process and compliance of financial internal controls. The Audit Committee meets with management and the external auditors as required.

The external auditors, BDO Canada LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules and statements required by the Financial Information Act. Their examination includes a review and evaluation of the City’s system of internal controls and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly. The external auditors have full and fair access to the Audit Committee.

The following is the 2023 Consolidated Financial Statements for the City of Surrey, prepared in accordance with Canadian Public Sector Accounting Standards.

Prepared under the Financial Information Regulation, Schedule 1, sections 2 and 3.

FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2023

AUDIT COMMITTEE

Councillor Pardeep Kooner, Chair

Councillor Rob Stutt, Vice-Chair

The primary function of the Audit Committee is to represent and assist City Council in fulfilling oversight responsibilities in relation to the internal control environment in place at the City, including the review of the audited financial statements and other financial information, and liaising with the City Manager and CFO/General Manager, Finance in relation to financial and internal controls and business improvement opportunities.

CORPORATE PLANNING PROCESS

Surrey City Council approved the Surrey Sustainability Charter 2.0 as the City's overarching policy document. This sets out a vision for the community, a mission statement and a set of corporate goals and strategies. With the Sustainability Charter 2.0 setting the guideposts, along with the other strategic plans and direction from City Council, a Financial Plan is developed each year that presents both the Capital Budget and the Operating Budget.

The Capital Budget is developed based on City Council's current priorities and the ongoing requirements to maintain civic service levels. The resulting five-year plan strives to match the various sources of funds to required projects.

The Operating Budget allocates resources based on delivering services at existing levels, issues raised by City Council, through public consultation, and administrative requirements. It also considers changes for specific programs based on growth, usage, demand, ability to pay, business case, etc.

FINANCIAL REPORTS

Financial reports are presented to City Council for its information and review. These include reports on quarterly financial status for general operations and the annual financial report. The annual financial report includes consolidated financial statements audited by the City's appointed external auditor.

FINANCIAL POLICIES

The City of Surrey utilizes a number of financial policies, some of which have received formal approval by City Council; others are based on fiscal responsibility, legislative requirements, and public sector accounting standards. The following lists several of these key policies.

Expense Policy

The City of Surrey utilizes a number of financial policies, some of which have received formal approval by City Council. Others are based on fiscal responsibility, legislative requirements, and public sector accounting standards.

Investment Policy

This policy provides guidelines for employees and other authorized individuals with respect to travel and expense reimbursements. It defines approval authorities, per diem allowances, ineligible costs, and expense reimbursement requirements.

Reserve and Surplus Policy

This policy directs the establishment and maintenance of reserves, and appropriations of surplus, as well as the use of reserves and appropriations of surplus in meeting the short and long-term financial goals of the City. The policy states guiding principles, objectives, criteria, and procedures, including allowable minimum and maximum reserve and surplus balances.

Tax Exemption Policy

This policy provides guidance to Council in the processing of applications for exemption from property taxes. Though the Community Charter states that exemptions are at the discretion of Council, this policy establishes principles which serve as a guide in the evaluation of applicants.

Cash Handling Policy

This policy specifies the requirements staff must meet when handling tender, from the initial point of collection through the reconciliation and deposit process.

Debt Management Guidelines

The City of Surrey strives to operate under a "pay-as-you-go" philosophy, where facilities and infrastructure are built based on current and projected funding sources and reserves.

Capital project funding may dictate that borrowing is preferred, either due to an immediate need or if funds are not available from existing reserves or through external sources, or it makes sense to use financing to spread the cost of major initiatives across present and future users.

REPORT FROM THE GENERAL MANAGER, FINANCE

MAY 9, 2024

To Mayor Brenda Locke and Members of City Council

It is my pleasure to present the Annual Financial Report for the year ended December 31, 2023. The purpose of this report is to publish the Consolidated Financial Statements and the Independent Auditor's Report for the City of Surrey, pursuant to Section 167 of the Community Charter. The following report provides a financial overview of the year ended along with a brief outlook to the future.

The City of Surrey's management are responsible for the preparation of the consolidated financial statements, which are approved by City Council.

The financial statements and related information have been prepared in accordance with Canadian Public Sector Accounting Standards as prescribed by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada ("CPA Canada"). Management is also responsible for ensuring that the City remains fiscally prudent and financially sustainable through the ongoing monitoring of all the City's financial affairs. The City maintains a system of internal accounting controls designed to provide reasonable assurances for the safeguarding of assets and the reliability of financial records. In addition to the City of Surrey, the reporting entity comprises all organizations, boards, and enterprises financially accountable to the City of Surrey. This includes the Surrey Police Service ("SPS"), the Surrey Public Library, the Surrey Homelessness and Housing Society and the Surrey City Development Corporation.

The public accounting firm of BDO Canada LLP, which was appointed by City Council as independent external auditor, has expressed that, in their professional opinion, the Consolidated Financial Statements present fairly, in all material respects, the consolidated financial position of the City of Surrey as at December 31, 2023, including its consolidated results of operations, its changes in net consolidated financial assets, and its consolidated cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

FINANCIAL OVERVIEW

2023 In Review

The year began with Council following through on its priority to seek community input on the City's Financial Plan. Residents, businesses, and other stakeholders were provided the opportunity to express their feedback and influence the City's financial priorities for the 2023-2027 Financial Plan through five in-person open house events at City facilities, an online survey, and an informative budget engagement webpage. The outreach resonated well with the public, resulting in 5,781 web and open house visits and 3,304 online survey respondents representing all Surrey communities.

Building on the success of this inaugural budget engagement initiative, the community was once again invited to participate in the 2024-2028 Financial Plan budget engagement process in Fall 2023. Further targeted engagement was conducted through a series of street team activations both in central business district areas and high traffic commercial locations. Business leaders were invited to participate in focused meetings to learn about business-related budget considerations and provide input. Overall, 50,725 community members were reached and informed of the budget process and responded to engagement efforts through webpage visits, social media interactions, digital billboard advertisements and other various means of communication.

The economic environment continued to evolve during 2023 as the Bank of Canada ("BOC") persisted in its battle against inflation. After the aggressive and swift increases which added 4.00% to the central bank's Target Overnight Rate during 2022, the BOC forged ahead with a further increase of 0.75% in the first half of 2023, bringing its key interest rate to 5.00%. In response, the Prime Rate at Canadian Financial Institutions climbed to 7.20%, the highest level over the past 22 years. As a result of the BOC's efforts, inflation had decelerated by the end of the third quarter of last year, but then stalled over October and November and then ticked back up again in December. Even with a relative improvement in the pace of price growth, on an overall basis, the costs of goods and services procured by the City are still subject to inflationary pressures. The City's investment portfolio has benefitted from interest rate increases through enhanced yields. Investment income increased in 2023 by \$45.2 million as compared to the prior year. However, it must be noted that Investment income revenue is subject to significant volatility and may in fact be considerably lower in future years.

Surrey experienced strong development activity in 2023. Building permits with a construction value of \$1.9 billion were issued during the year. The development community continues to see Surrey as an attractive place to invest. The real estate market remains active with Surrey continuing its appeal as an affordable destination for young families to settle and thrive.

The City provides a welcoming environment for businesses to grow and succeed. Business license revenue increased by 10% in 2023, as compared to the prior year. Throughout 2023, businesses showed their confidence in

Surrey as a destination for commerce by investing in state-of-the-art facility upgrades, establishing Canadian subsidiaries of their foreign operations, relocating their out-of-province offices to Surrey, and expanding their operations to establish national headquarters within the City.

In 2023, Council moved forward with reviving City's subsidiaries. Surrey City Development Corporation ("SCDC") was re-operationalized through the approval of Directors on the Board of SCDC and the appointment of a President and Chief Operating Officer. SCDC acts as a catalyst for positive development that will support and accelerate the City's social, cultural, community, economic and environmental objectives. The Surrey Homelessness and Housing Society ("SHHS") was revitalized through the reinstatement of community board members. SHHS is returning to a more robust organizational structure and undertaking a strategic review of its vision, mission and objectives so that it can once again make a difference in the lives of people who are homeless or at risk of homelessness in Surrey.

On December 12, 2022, Council resolved to retain the RCMP as Surrey's Police of Jurisdiction and forwarded a plan to the British Columbia ("BC") Minister of Public Safety and Solicitor General ("Minister") for endorsement. In July 2023, the Minister directed that the transition to the Surrey Police Service continue and appointed a strategic implementation advisor to aid all parties on the transition to the SPS. In October 2023, the City filed a petition with the Supreme Court of BC for a judicial review of the Minister's order to continue the transition to the SPS.

Financial Position

CONSOLIDATED STATEMENT OF FINANCIAL POSITION

For the year ended December 31 (amounts in \$ millions)

	2023 Actual	(Restated) 2022 Actual	Change
Financial Assets	\$ 2,271.8	\$ 1,916.5	\$ 355.4
Liabilities	(1,509.5)	(1,463.7)	(45.8)
Net Financial Assets	762.3	452.8	309.5
Tangible Capital Assets	10,249.7	9,935.9	313.8
Inventories of Supplies	1.8	1.9	(0.1)
Prepaid Expenses	8.5	7.5	1.0
Non-Financial Assets	10,260.0	9,945.3	314.7
Accumulated Surplus	\$ 11,022.3	\$ 10,398.1	\$ 624.2

Financial position is calculated as financial assets less liabilities and results in either a net financial asset or a net financial debt. A net financial asset position is an indicator of the funds available for future expenditures, and a net financial debt position is an indicator of funds required to pay for past expenditures.

In 2023, the City's financial position increased by \$309.5 million resulting in a net financial asset position of \$762.3 million.

The City's non-financial assets increased in 2023 by \$314.7 million, bringing the total to \$10.3 billion. The increase is the net result of capital additions of physical assets in the year, offset by disposals and amortization expense.

The result of these increases in financial position and non-financial assets was accumulated surplus increasing by \$624.2 million in 2023 to \$11.0 billion (2022 – \$10.4 billion). Overall, the City continues to maintain a strong financial position.

CONSOLIDATED STATEMENT OF OPERATIONS

For the year ended December 31 (amounts in \$ millions)

	2023 Actual	(Restated) 2022 Actual	Change
Revenues	\$ 1,650.6	\$ 1,430.8	\$ 219.8
Expenses	(1,026.4)	(945.6)	(80.8)
Annual Surplus	\$ 624.2	\$ 485.2	\$ 139.0

The City's revenues in 2023 totaled \$1.7 billion, which is an increase compared to revenues of \$1.4 billion in 2022. The year-over-year growth was attributable to increased Transfers from other governments and Other revenues (\$125.3 million), Taxation revenue (\$67.1 million), Investment income (\$45.2 million), Utility rates and fees (\$27.1 million), Developer contributions, including community amenity contributions & bonus density payments (\$22.0 million), and Sales of goods and services (\$12.1 million). These increases were partially offset by a Loss on disposal of assets (\$18.8 million) and decreased deferred Development cost charge ("DCC") revenue (\$60.1 million).

The increase in Transfers from other governments and Other Revenue is primarily attributable to the receipt of provincial and federal grant funding in 2023, including the Growing Communities Fund ("GCF") (\$89.9 million) and Housing Accelerator Fund ("HAF") (\$23.9 million).

Taxation revenue has also increased due to physical growth of taxable properties, commensurate with Surrey's ongoing population growth. A property tax rate increase implemented in 2023 raised additional revenues to support increased Policing Services requirements, new resources for public safety and city-wide operations, labour and inflationary cost increases, and other various corporate requirements.

Utility rates and fees were increased in 2023 to account for greater regional district water and sewer utility charges along with required funding for the City's infrastructure operating & maintenance costs. Additionally, the Growth in Developer contributions is a reflection of strong development activity throughout the City with additional revenues and contributed assets received from developers during 2023.

The City's expenses totaled \$1.0 billion in 2023, which was an increase in comparison to expenses of \$945.6 million in 2022. This year-over-year change was primarily attributable to increases in Police and Fire services, PRC, Roads & Traffic safety and in the cost of Sewer and Solid Waste services. Police Services expenditure increases are related to the policing transition while Fire Services incurred additional expenses due to unbudgeted retroactive salary costs resulting from collective agreement adjustments. PRC expenses increased due to additional salaries and benefits costs resulting from post-pandemic reinstatement of programs and services. Roads and Traffic Safety had higher costs in 2023 due to contract payments for major projects. Sewer services experienced greater regional district utility charges, while Solid Waste services faced higher costs for waste disposal through increased rates and tonnages.

Investments

City staff diligently continue to administer our investment portfolio, generating a very important revenue stream to support City services. The administration of the portfolio adheres to the City's investment policy, which complies with Community Charter requirements. The policy outlines how City funds are to be invested in a manner which will allow for reasonable returns and security while meeting the City's cash flow requirements. The average portfolio balance related to the City's investments during 2023 was \$1.8 billion (\$1.5 billion in 2022). During 2023 the City earned \$85.2 million from Investment income (\$40.0 million in 2022) of which \$2.2 million was earned specifically for DCCs (\$0.8 million in 2022). The average portfolio yield during 2023 on the City's investment portfolio was 4.29% (2.27% in 2022). The higher overall return is a direct result of rapid interest rate increases between March 2022 and July 2023, leading to enhanced yields on investment products, positively impacting our interest income.

Reserve Funds

The City's statutory and discretionary reserves, on a net basis, amounted to \$398.0 million at the end of 2023 compared to a balance of \$263.4 million at the end of 2022. In March 2023, the City received a \$89.9 million GCF grant from the Province of BC for use in the delivery of infrastructure and amenity projects necessary to enable community growth. GCF funding was allocated across multiple capital projects including parks and recreation related amenities, public safety facilities, and childcare facilities. The GCF reserve balance at the end of 2023 was \$64.9 million, which the City will continue to use in funding eligible infrastructure projects. Full utilization of the reserve balance is expected within the provincially mandated five-year expenditure timeframe.

THE FUTURE

With strong and steady population growth, Surrey is on track to overtake Vancouver as the largest city in the region in the very near future. More importantly, this momentum is expected to propel Surrey towards a population of one million residents in less than 20 years. Surrey is laying

the foundation now to capitalize on the opportunities that lay ahead as the City elevates itself towards becoming one of the premier big cities in the nation.

The City of Surrey Economic Strategy 2024 focuses on how the City will become a modern, highly-livable, world-class city, recognized as both an investment destination and innovation centre. To set the stage for Surrey's future million-strong population, the Economic Strategy will endeavour to create one job for every resident worker in the City. This ambitious initiative will prepare Surrey for the opportunities of tomorrow by bolstering economic resilience, enhancing livability, improving investment readiness, and creating quality jobs.

Surrey City Centre is undergoing a bold transformation from a suburban town centre to a new, walkable, high density, transit-oriented downtown for the South of the Fraser area of Metro Vancouver. A market analysis and feasibility study are underway for a new City Centre entertainment facility that could potentially accommodate sporting events, live music and concerts, trade shows and conferences and outdoor special events. This facility will generate meaningful economic activity and increase the vitality of Surrey's downtown, firmly establishing the City as an entertainment destination in the region. This major initiative is an important step towards realizing Council's vision of creating entertainment districts in both City Centre and Cloverdale.

SCDC will play an important role in the evolution of City Centre by developing Centre Block, a 2+ million sq. ft. commercial and institutional project that will significantly advance the development of Surrey's central business district and grow the City's commercial tax base. SCDC's other priority project in City Centre, Gateway, will deliver 1,800 new housing units in six buildings, spurring positive transition in this neighborhood into a vibrant, amenity-rich community.

Focus Newton is an initiative to enhance, beautify and engage with the Newton community. In 2024, the Focus Newton Action Plan will identify short and medium-term beautification and enhancement objectives that will rejuvenate, beautify, and enhance the Newton community and improve daily life for residents and businesses. Building on the early success of this initiative, the program will be expanded to include Focus Cloverdale.

The Canada Mortgage and Housing Corporation awarded the City of Surrey \$95.6 million under the HAF program as a response to the three-year action plan created to address the delivery of housing and support affordable housing projects in Surrey. The plan aims to increase the number of new housing units delivered by 27.8%, to an average 4,283 issued dwellings per year. It will allow for faster development of higher density, multi-unit housing projects through the improvement of development approval processes. HAF funding supported the launch of the artificial intelligence powered Development Inquiry Assistant which will more easily and quickly connect applicants to accurate information about the permitting process.

The City's efforts to streamline, simplify and expedite processes will better serve the community and ultimately, accelerate the delivery of new homes in Surrey.

The City is undertaking significant capital investments to enhance the thriving landscape of Surrey by providing citizens with access to safe, inviting, high quality facilities, programs and services. The 2024-2028 General Capital Program represents the most significant financial commitment in the City's history, with over \$715.9 million allocated over the next five years. The new Newton Community Centre will enhance recreation, culture, and library services to the growing Newton community. With a budget of \$310.6 million, this state-of-the-art facility will be the largest community centre in the City at approximately 190,000 sq. ft. It will include a 45,000 sq. ft. library, 50-meter swimming pool, gymnasiums, fitness centre, child-care, dedicated arts spaces and other amenities to meet the needs of the City's diverse community.

The City is committed to ensuring sufficient funding for adequate and effective policing in Surrey, with the 2024 Police Operations budget representing the most significant funding investment in ongoing Policing Operations in the City's history.

During the course of 2023, the City strengthened its financial position and is well poised to continue delivering a high quality of service to our residents and businesses in 2024 and years beyond.

CITY OF SURREY

Independent Auditor's Report

To the Mayor and Council of the City of Surrey

Opinion

We have audited the consolidated financial statements of the City of Surrey and its controlled entities (the "City") which comprise the Consolidated Statement of Financial Position as at December 31, 2023 and the Consolidated Statements of Operations, Changes in Net Financial Assets, and Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the City financial statements present fairly, in all material respects, the financial position of the City as at December 31, 2023 and its results of operations, its changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the City in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the City, or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the City's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally-accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with Canadian generally-accepted auditing standards we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the City's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the City to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Consolidated Entity to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

To be read in conjunction with the Notes to the Consolidated Financial Statements

The City of Surrey (the “City”) is incorporated under the Local Government Act of British Columbia. The City’s principal activities include the provision of local government services to residents of the incorporated area. These include administrative, protective, infrastructure, environmental, recreational, and utility services.

1. Significant accounting policies

(a) Basis of accounting

These consolidated financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards as prescribed by the Public Sector Accounting Board (“PSAB”).

(b) Basis of consolidation

The consolidated financial statements reflect the assets, liabilities, revenues, and expenditures of the reporting entity. The reporting entity is comprised of all the City funds, including the Surrey Public Library (“Library”) and Surrey Police Service (“SPS”), and other entities controlled by the City. Inter-fund and inter-corporate transactions and balances have been eliminated. The other entities included are as follows:

- Surrey City Development Corporation (“SCDC”) and its controlled entities; and
- Surrey Homelessness and Housing Society (“SHHS”).

The following funds account for the resources and operations of the City:

- i) **Operating Funds** - These funds are used to record the general operating costs of the services provided by the City, including drainage, sewer, water, solid waste, parking, transportation, and Surrey City Energy.
- ii) **Capital Funds** - These funds are used to record the acquisition costs of tangible capital assets and any related debt outstanding, including all lands and infrastructure owned by the City.
- iii) **Reserve Funds** - Under the Community Charter of British Columbia, City Council may, by by-law, establish reserve funds for specified purposes. Money in a reserve fund and interest earned thereon must be expended only for the purpose for which the fund was established. If the amount in a reserve fund is greater than required for the purposes for which it was established, City Council may transfer all or part of the amount to another reserve fund.

1. Significant accounting policies (continued)

(b) Basis of consolidation (continued)

iv) Surrey City Development Corporation

The consolidated financial statements reflect the assets, liabilities, revenues and expenses of SCDC. SCDC has the following wholly owned subsidiaries and government partnerships, which are accounted for as follows:

- (i) Grove Limited Partnership and Grove (G.P.) Inc. - (50% owned and proportionately consolidated)
- (ii) Surrey City Investment (Industrial) Corporation ("SCIIC") - (100% owned and fully consolidated)

SCIIC has a 50% ownership in the Beedie SCDC (34A Ave) Limited Partnership ("Beedie LP") and has 50% ownership in Beedie SCDC (34A Ave) G.P. Ltd., the General Partner of Beedie LP. Beedie LP and Beedie GP are accounted for using the modified equity method.

- (iii) Surrey City Investment Corporation ("SCIC") and Kwantlen Park Development Corporation ("KPDC") - (100% owned and fully consolidated)

SCIC and KPDC were inactive as at December 31, 2023 and December 31, 2022.

v) Surrey Homelessness and Housing Society

In 2007, the City of Surrey incorporated the SHHS. The purpose of the Society is to raise funds and distribute funds to finance programs and projects that address homelessness in Surrey. The City is considered to have control over the Society's functions by virtue of the ability to appoint the Society's board members; therefore, the Society's financial information is fully consolidated within the City's financial statements.

The consolidated financial statements include the assets, liabilities, revenues, and expenses of the SHHS. The City provided initial funding that is controlled by SHHS and oversees the Society's operations through the Board that is appointed by Council and senior City employees.

(c) Cash and cash equivalents

Cash and cash equivalents include cash and short-term investments with maturities of three months or less at the date of acquisition, are readily convertible to known amounts of cash and are subject to an insignificant risk of change in value.

1. Significant accounting policies (continued)

(d) Trust Funds

These funds account for assets which must be administered as directed by agreement or statute for certain beneficiaries. In accordance with Public Sector Accounting Standards ("PSAS") recommendations on financial statement presentation for local governments, trust funds are not included in the City's consolidated financial statements. Trust funds administered by the City are disclosed in Note 23.

(e) Revenue recognition

Revenues are recognized in the period in which the transaction or event occurs that gives rise to the revenues or when the goods or services are delivered. All revenues are recorded on an accrual basis, except when the amounts cannot be determined with a reasonable degree of certainty.

Revenue recognition on sales of properties occurs when the City has transferred the significant risks and rewards of ownership. Property lease revenue includes all amounts earned from tenants, including property tax and operating cost recoveries. Property lease revenues are recognized on a straight-line basis over the term of the lease.

(f) Taxation revenue

Taxes are recorded at estimated amounts when they meet the definition of an asset, have been authorized and the taxable event occurs. Annual property tax levies, including parcel taxes and grants-in-lieu of taxes, are recorded as taxes for municipal services in the year they are levied. Taxes receivable are recognized net of an allowance for anticipated future appeal adjustments.

Through the BC Assessments' appeal process, current year property assessments may be adjusted by way of supplementary roll adjustments. The effects of these adjustments on taxes are recognized either at the time they are awarded during the year or accrued as can be reasonably estimated at the end of the year.

(g) Transfers from other governments

Government transfers are recognized as revenue in the financial statements when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to any obligation that meets the definition of a liability. In that case, the transfer of revenue is initially deferred and then recognized in the statement of operations as the stipulation liabilities are settled.

When the City is deemed the transferor, the transfer expense is recognized when the recipient is authorized and has met the eligibility criteria.

1. Significant accounting policies (continued)

(h) Collection on behalf of other authorities

The City is required to act as the agent for the collection of certain taxes and fees imposed by other authorities. Collections for other authorities are excluded from the City's taxation revenues.

(i) Development cost charges

Development cost charges are recorded as deferred revenue at the time they are received as there is a future obligation to be fulfilled. When qualifying development expenditures are incurred, they are recognized into revenue.

(j) Developer contributions

Tangible capital assets are contributed by developers as a condition of the development approval process. The timing of delivery of tangible capital assets is dependent upon the developer. Tangible capital assets received as contributions are recorded at their estimated fair value at the date of receipt and recognized as developer contributions revenue.

(k) Investment income

Investment income is recorded as earned, including interest earned at the effective interest rate, realized gains on investments recorded at fair market value, and any impairments of financial instruments reported at amortized cost.

(l) Deferred revenue

The City defers the portion of the funds collected from permits, licenses, leases, and other fees relating to services not yet rendered. Revenue is recognized in the year in which related inspections are performed or other related services are provided.

(m) Expenses

Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay. Interest expense is accrued using the effective interest method.

(n) Portfolio investments

City investments with an original maturity date of more than three months are reported as portfolio investments and consist of guaranteed investment certificates, and term deposits, which are recorded at amortized cost. Discounts and premiums arising on the purchase of these investments are amortized over the term of the investments on an effective interest method. SHHS investment has pooled investments that includes equity investments. These equity investments are valued based on quote from active market.

1. Significant accounting policies (continued)

(o) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives over one or more future periods and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement, or betterment of the assets. Cost includes overhead charges related to construction and development that are directly attributable to the acquisition or construction of the asset. The City does not capitalize interest associated with the acquisition or construction of a tangible capital asset.

The tangible capital assets, excluding land, are amortized on a straight-line basis over the estimated useful lives as follows:

Asset	Useful life – Years
Land improvements	12 to 100
Buildings and building improvements	10 to 60
Leasehold improvements	2 to 25
Infrastructure:	
Roads structures	5 to 50
Road	40 to 100
Water, Sewer and Drainage systems	10 to 100
Machinery and equipment:	
Vehicles	5 to 30
Technology	4 to 25
Furniture & equipment	3 to 50

Annual amortization commences on the date the asset is acquired or available for use. Assets under construction are not amortized until the asset is put into service and available for productive use.

Tangible capital assets received as contributions are recorded at their estimated fair value at the date of receipt and are recorded as revenue.

Works of art and historic assets are not recorded as assets in the consolidated financial statements.

Where an estimate of fair value is not determinable, the tangible capital asset is recognized at a nominal value.

*For the year ended December 31, 2023
[tabular amounts in thousands of dollars]*

1. Significant accounting policies (continued)

(o) Non-financial assets (continued)

(ii) Inventories of supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

(iii) Prepaid expenses

Prepaid expenses of supplies or services held for consumption are recorded at the lower of cost and replacement cost.

(p) Employee future benefits

(i) The City and its employees participate in the Municipal Pension Plan, a multi-employer contributory defined benefit pension plan. Payments in the year are expensed.

(ii) Sick leave, retirement pay, dental benefits, and post-employment benefits also accrue to the City's employees. The liability relating to these benefits is actuarially determined based on length of service, best estimates of retirement ages and expected future salary and wage increases. The liabilities under these benefit plans are accrued based on projected benefits pro-rated as employees render services necessary to earn the future benefits.

Actuarial gains or losses are amortized over the expected average remaining service life of the related employee group.

The liability for event driven benefits, such as disability benefits, is calculated when the event occurs. The expense is recognized in the year the event occurs.

(q) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating contributed tangible capital assets, developer contributions, useful lives for amortization, provisions for accrued liabilities, asset retirement obligations, contingencies, and actuarial valuations of employee future benefits. Actual results could differ from these estimates.

1. Significant accounting policies (continued)

(r) Budget data

The budget data presented in these consolidated financial statements was included in the City of Surrey 2023-2027 Consolidated Financial Plan and was adopted through By-law #20886 on April 17, 2023.

(s) Segment disclosure

A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information to achieve the objectives of the standard. The City of Surrey has provided definitions of segments used by the City as well as presented financial information in a segmented format (Note 20).

(t) Liabilities for contaminated sites

Contaminated sites relate to the introduction into the air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an existing environmental standard. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all of the following criteria are met:

- An environmental standard exists;
- Contamination exceeds an environmental standard;
- The City is directly responsible or accepts responsibility;
- The City expects that future economic benefits will be given up; and,
- A reasonable estimate of the amount can be made.

The liability is measured as management's estimate of the cost of remediation and post remediation, including operations, maintenance, and monitoring, which are an integral part of the remediation strategy for a contaminated site. The liability is recorded net of any expected recoveries. No liability for contaminated sites exists as at December 31, 2023 or 2022.

(u) New accounting standards

Effective January 1, 2023, the City adopted the new Public Sector Accounting Standards, PS3450 Financial Instruments ("FI") and PS 3280 Asset Retirement Obligations ("ARO").

Under the Financial Instruments standard, cash and cash equivalents, accounts receivable, trades and other accounts payable, due to other governments, and debt are measured at cost or amortized cost. The carrying amount of these financial instruments are presented on the statement of financial position. Portfolio investments in equity instruments related to SHHS are measured at fair value as quoted in an active market. A change in fair value must be remeasured at the end of each fiscal year.

(u) New accounting standard (continued)

Under the ARO standard, the City is required to record legal obligations associated with the retirement of tangible capital assets by public sector entities.

Upon initial recognition of the asset retirement obligation, the City recorded the liability at an amount that is the best estimate of the expenditure required to retire the tangible capital asset at the financial statement date, adjusted for accumulated accretion. An asset retirement cost was also recognized by increasing the carrying amount of the related tangible capital asset. The asset cost is allocated to expense over the useful life of the asset. Asset retirement costs associated with fully amortized tangible capital assets and unrecognized tangible capital assets were recorded to accumulated surplus.

This standard was applied on a modified retroactive basis which required the City to apply the standard to events and transactions from the date of origin using current assumptions and discount rate. The impact has been summarized below:

SCDC's joint-venture partnership in Beedie LP meets the criteria of a business partnership and results are accounted for under the modified equity method. Beedie LP owns and operates a build-to-suit industrial building in the City that has been occupied by a tenant under a long-term lease. SCDC's liability is limited to the cash held in the partnership and land which it contributed to Beedie LP. The City's proportionate share in respect of this entity is as follows:

	<u>2023</u>	<u>2022</u>
Financial assets	\$ 696	\$ 805
Liabilities	(8,147)	(8,446)

6. Employee future benefits

The City provides certain post-employment and sick leave benefits to its employees. These benefits include accumulated non-vested sick leave, post-employment service pay and post-retirement top-ups for dental, life insurance accidental death and dismemberment insurance, vacation deferral, supplementary vacation, and benefit continuation for disabled employees. The liability associated with these benefits is calculated based on the present value of expected future payments pro-rated for services.

Accrued benefit liability:

	<u>2023</u>	<u>2022</u>
Balance, beginning of year	\$ 31,446	\$ 30,765

6. Employee future benefits (continued)

An actuarial valuation for these benefits was performed to determine the City's accrued benefit obligation as at December 31, 2023. The difference between the actuarially determined accrued benefit obligation of \$33.5 million and the accrued benefit liability of \$32.5 million as at December 31, 2023 is an unamortized actuarial loss as noted below. The actuarial loss is amortized over a period equal to the employees' average remaining service life of 12 years (2022 – 12 years).

Reconciliation of accrued benefit liability to accrued benefit obligation:

	<u>2023</u>	<u>2022</u>

Development Cost Charges (“DCCs”) are collected to pay for costs that will be incurred by the City to support growth, such as development projects related to infrastructure, parks, or amenities. DCCs cover 99% (2022 – 99%) of those costs based on rates as recommended by the Engineering Department. In accordance with the Local Government Act, these funds must be held in separate reserve funds and accumulate interest until spent. DCCs are deferred and recognized as revenue when the related costs are incurred.

14. Due to TransLink

In January 2020, TransLink and City of Surrey signed a Memorandum of Understanding (“MOU”) to advance the development of several Project Partnership Agreements (“PPAs”) related to the Surrey portion of the South of Fraser Rapid Transit - Surrey Langley SkyTrain (“SLS”) project. The PPAs to be entered would include (a) Supportive Policies Agreement; (b) Municipal Access Agreement; and (c) Reimbursement Agreement.

In September 2020, TransLink and the City signed a compensation agreement, defined as the Reimbursement Agreement in the MOU. The agreement requires the City contribute \$39.0M to the SLS project, comprised of property contributions valuing \$16.9 million, parking contributions valuing \$12.8 million, and a financial contribution of \$9.3 million. The City and TransLink will determine the timing and manner of payment of the financial contribution, with the payment from the City to TransLink due no later than 90 days after TransLink executes the Project Agreement for the construction of the Project.

As at December 31, 2023 the City has recorded a liability due to TransLink in the amount of \$39.0 million relating to this compensation agreement (Note 5).

15. Commitments and contingencies

- a) The City has significant future contractual commitments for incomplete capital acquisitions and capital construction projects in progress. The City records the capital costs incurred to the end of the year on these projects as asset under construction under tangible capital assets. To provide for the completion of the projects, unexpended budget money for incomplete projects is appropriated as Committed funds (see Note 13). The Five-Year Financial Plan, updated annually, provides for the financing of these and future obligations within the estimated financial resources of the City.
- b) The City as a member of Metro Vancouver is directly, jointly and severally liable with the other member municipalities for the net capital liabilities of those authorities. Any liability which may arise as a result will be accounted for in the period in which the required payment is known and can be estimated, no liability was recorded during 2023 or 2022.

*For the year ended December 31, 2023
[tabular amounts in thousands of dollars]*

15. Commitments and contingencies (continued)

- c) The City is a shareholder and member of E-Comm Emergency Communications for British Columbia Incorporated ("E-Comm"), whose services include a regional 9-1-1 call centre for the Metro Vancouver, Area Wide Radio emergency communications network, dispatch operations, and records management. The City holds 2 Class "A" shares and 1 Class "B" share (of a total of 37 Class "A" and 18 Class "B" shares issued and outstanding as at December 31, 2023). As a Class "A" shareholder, the City is committed to paying levies for services received under a cost sharing formula to fund the operating and capital costs of E-Comm operations. In addition, the City is contingently liable to cover its proportionate share of such costs should any member be unable to fulfill its funding obligations. Annual levy amounts fluctuate based on various factors under the cost sharing formula and amounted to \$1.3 million during the year (2022 - \$1.4 million). No liability was recorded during 2023 or 2022.
- d) The City is, from time to time, engaged in or party to certain legal actions, assessment appeals and other existing conditions involving uncertainty which may result in material losses. The outcome and amounts that may be payable, if any, under some of these claims, cannot be determined, and accordingly, only those claims in which a payment is considered likely and the amounts can be reasonably estimated have been recorded in the financial statements as a liability.
- e) The City insures itself through a combination of insurance policies and self-insurance. The City has a funded self-insurance appropriation included in accumulated surplus (Note 13). Based on estimates, this appropriation reasonably provides for all outstanding claims where the outcome is not currently determinable and already recognized as a liability.
- f) Debt Reserve Fund Demand Note

The City has a contingent liability with respect to the MFA Debt Reserve Fund Demand Notes. This contingent liability is a condition of the borrowings undertaken by the City.

As a condition for each debenture issue, the City is required to execute demand notes in connection with each debenture whereby the City may be required to loan certain amounts to the MFA. The debt agreement with the MFA provides that if at any time the scheduled payments provided for in the agreement are not sufficient to meet the MFA's obligations in respect to such borrowing, the resulting deficiency becomes the joint and several liability of the City and all other participants to the agreement through the MFA. The City is similarly liable on a contingent basis for the debt of other municipalities secured through the MFA.

15. Commitments and contingencies (continued)

f) Debt Reserve Fund Demand Note (continued)

Demand note amounts are as follows:

156	20272	R21-542	1323	Other	25	1,622
Total						\$ 6,391

Management does not consider payment under this contingency to be likely and therefore no amounts have been accrued as a liability in the financial statements.

g) Policing services

In November 2018, the City initiated a transition of its policing model from the RCMP Contract to a municipal police service. Subsequently, in July 2020, the Province established the Surrey Police Board (the "Board"), and in August 2020 the Board created the Surrey Police Service ("SPS").

In November 2022, Council directed City staff to prepare a plan to retain the RCMP as Police of Jurisdiction ("POJ") in Surrey and request the Province to stop the transition and to wind down the SPS. In December 2022, a report outlining the plan was submitted to the provincial Minister of Public Safety and Solicitor General ("Minister").

In June 2023, Council voted to reaffirm their decision to retain the RCMP as the POJ.

On July 19, 2023, the Minister directed that the transition to the SPS continue. The Minister also appointed a strategic implementation advisor to aid all parties on the transition to the SPS. At that time, the Province has committed to providing the City with \$150.0 million to help offset the additional costs associated with the transition to the SPS; however, to date, no funding from the Province has been received.

15. Commitments and contingencies (continued)

g) Policing services (continued)

In October 2023, the City launched a petition in the Supreme Court of BC for a judicial review of the provincial government's July 2023 decision to continue the police transition to the SPS. The matter is before the Supreme Court and a decision is pending.

On April 23, 2024, the Province announced a transition date of November 29, 2024 for SPS to become the POJ. The Supreme Court hearing and decision is still pending. Due to the uncertainty of these matters, the financial impacts cannot be determined and have not been reflected in the financial statements.

h) Biofuel processing facility

The City entered a 25-year agreement in 2015 to design, build, finance, operate and maintain the Surrey Biofuel Facility. Under the agreement, the City guaranteed to provide a minimum tonnage of City organic waste (as defined in the agreement) for processing. In return the City will receive 100% of the biomethane produced at the facility and will share in certain other revenues generated at the facility.

In 2018, the City recorded the facility as a tangible capital asset in the amount of its construction cost of \$50.0 million. The City also recorded a loan payable liability for an equal amount representing the capital financing for the facility. The liability will be reduced over the term of the agreement as payments are made to the operator for the City organic waste processed by the facility (note 10(ii)).

16. Contractual rights

Contractual rights are rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future. The following table summarizes the contractual rights that existed at December 31, 2023:

	2024	2025	2026	2027	Thereafter
Lease revenue (a)	\$ 10,688	\$ 6,159	\$ 4,234	\$ 3,965	\$ 18,741
Government agreements (b)	26,622	24,050	24,051	152	306
Total	\$ 37,310	\$ 30,209	\$ 28,285	\$ 4,117	\$ 19,047

16. Contractual rights (continued)

a) Lease revenue

The City has entered into a number of fixed term lease agreements for the use of City owned land and/or buildings that are anticipated to provide the City with future revenues. These agreements are for terms that vary from 1 to 17 years.

b) Government agreements

The City has entered into various government agreements with senior governments and other agencies related to contractual rights expected to be realized as stipulations are met including when eligible expenditures are incurred or funding is received based on terms of agreements.

c) Developer contributions

The City has entered into a number of public works development agreements which require the developers to contribute various infrastructure assets to the City, including roads and underground utilities. The timing and extent of these future contributions vary depending on development activity and fair value of the assets received at the time of contribution, which cannot be determined with certainty at this time.

d) Other contractual rights

The City is entitled to receive revenue from certain other agreements. The revenue from these agreements cannot be quantified and has not been included in the amounts noted above.

17. Pension plan

The City and its employees contribute to the Municipal Pension Plan (the "Plan"), a jointly trustee pension plan. The Board of Trustees, representing Plan members and employers, is responsible for administering the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2022, the Plan has about 240,000 active members and approximately 124,000 retired members. Active members include approximately 43,000 contributors from local government.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan.

 [tabular amounts in thousands of dollars]

17. Pension plan (continued)

This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent valuation for the Plan as at December 31, 2021, indicated a \$3.8 billion funding surplus for basic pension benefits on a going concern basis.

The City paid \$22.5 million (2022 - \$21.8 million) for employer contributions while employees contributed \$19.6 million (2022 - \$18.9 million) to the Plan in fiscal 2023.

The next valuation will be as at December 31, 2024, with results available in 2025.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

20. Segmented information

The City of Surrey is a diversified municipal government institution that provides a wide range of services to the citizens of Surrey, including Police Services; Parks, Recreation and Culture Services; General Government Services; Water Services; Fire Services; Sewer Services; Engineering Services; Drainage Services; Solid Waste Management Services; Roads & Traffic Safety Services; Planning and Development Services; Parking Services; Surrey City Energy Services; and Surrey Public Library Services. For management reporting purposes, the City's operations and activities are organized and reported by Service Area. Service Areas were created for the purpose of recording specific activities and related objectives in accordance with legislated requirements.

City Departments and the activities for which they are responsible are reported in these Service Areas. The Departments listed in the segmented information, along with the services that each Department provides are listed below:

Police Services

The mandate of the Police Service includes enforcing laws, preventing crime, and maintaining peace, order, and security.

Parks, Recreation and Culture Services

The Parks, Recreation and Culture Department is responsible for planning, facilitating the development of, operating and maintaining high quality parks, recreation and cultural facilities and services.

General Government Services – Mayor & Councillors' Department, City Manager's Department, Finance Department, Investment and Intergovernmental Relations, Corporate Services Department, Community Services Department, Surrey City Development Corporation, and Surrey Homelessness and Housing Society

*For the year ended December 31, 2023
[tabular amounts in thousands of dollars]*

20. Segmented information (continued)

General Government Services includes those elements of the organization with responsibility for adopting by-laws, adopting administrative policy, levying taxes, acquiring, disposing and managing City assets, ensuring effective financial management, monitoring performance and ensuring that high quality City service standards are met. The Surrey City Development Corporation, which engages in land development activities, and the Surrey Homelessness and Housing Society, which focuses on addressing homelessness in Surrey through raising funds and the provision of grants to worthy projects, also form part of General Government Services.

Roads and Traffic Safety Services

The Roads & Traffic Safety Utility provides effective managed transportation systems that serve the mobility needs of individuals and businesses and are safe, secure and support the economic vitality of the City, and protect and enhance the environment.

Water Services

The Water Utility operates the water system and its primary responsibility, in partnership with the Operations Division and Metro Vancouver, is to supply clean, safe drinking water to residences, businesses, and institutions in Surrey.

Fire Services

The mandate of the Fire Department is to enforce codes and maintain security by protecting life, property and the environment through the provision of emergency response services.

Sewer Services

The Sewer Utility operates the network of sewer mains, to collect and convey sewage to treatment plants. The utility also plans, designs, and constructs sanitary sewer infrastructure, manages inflow and infiltration controls, and undertakes initiatives in support of the region's Integrated Liquid Waste Resource Management Plan.

Solid Waste Management Services

The Solid Waste Utility provides weekly residential curbside organic waste collection with alternating bi-weekly garbage and recycling collection services through a fully automated cart-based collection system.

Drainage Services

The Drainage Utility operates the network of storm sewers and pump stations for storm water management. Its primary responsibility is to manage the City's storm water runoff in partnership with Metro Vancouver.

20. Segmented information (continued)

Planning and Development Services

The Planning and Development Department is responsible for preparing land use plans, by-laws and policies for sustainable development of the City and for reviewing and approving new land and building development.

Surrey Public Library Services

The Surrey Public Library provides access to local and global information through its 11 Library branches located throughout the City.

Engineering Services

The Engineering Department is responsible for providing timely and effective services relating to water, sewer, drainage, solid waste collection, transportation systems, and corporate real estate.

Surrey City Energy

The Surrey City Energy Utility operates a network of thermal energy systems. This utility provides these systems to new and existing developments throughout the Surrey City Centre community.

Parking

The Parking Authority Utility plans, manages and enforces the City's on and off-street parking assets, employing leading edge technologies, such as license plate recognition and pay stations that provide a user-friendly interface, improved security and efficient enforcement.

22. Financial instrument risks

The fair value of a financial instrument is the estimated amount that the City would receive or pay to settle a financial asset or liability at the reporting date. The financial instruments and nature of risks that they may be subject to are as follows:

Financial Instruments	Credit Risks	Liquidity Risks	Market Risks	
			Foreign Exchange	Interest Rate
Cash and cash equivalents			X	
Accounts receivable	X			
Portfolio investments				X
Accounts payable and due to other government		X	X	
Debt				X

(a) Credit risk

The City is exposed to credit risk resulting from the possibility that parties may default on their financial obligations. The City holds deposits based on estimated work for services performed.

Accounts receivable

The City's accounts receivable balance is made up of folio and non-folio balances. Folio balances are associated with invoices related to real property within the City and non-folio balances consist of all other categories of invoices.

For folio accounts receivable balances, outstanding amounts are transferred to the property tax account associated with the invoiced real property at the end of each fiscal year and form all or part of the tax arrears for the property. The City is required by the Local Government Act to conduct an annual tax sale by offering for sale by public auction each parcel of real property on which taxes are delinquent. Registered charge holders have the full right to redeem the property. To redeem the property, the charge holder must remit the full upset price, plus interest on the purchase price at a rate set by the Province, within one year of the tax sale.

For non-folio accounts receivable balances, the City maintains allowances for potential credit losses, with results to date within the City's expectations. In making estimates in respect of the allowance for doubtful accounts, current economic conditions, historical information, reasons for the accounts being past due, and operational nature of invoices are all considered in the determination of when to record allowances for past due accounts. The same factors are considered when determining whether to write off amounts charged to the allowance account against amounts receivables.

22. Financial instrument risks (continued)

(b) Liquidity risk

Liquidity risk is the risk that the City will not be able to meet a demand for cash or fund its obligations as they come due.

Accounts payable and due to other government

The City meets its liquidity requirements by holding assets that can be readily converted into cash and preparing annual operating and capital expenditure budgets, which are monitored and updated as required. Ongoing cash flow forecasting is utilized to ensure that liquidity levels are sufficient to meet demand.

(c) Market risk

Market risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual financial instrument or factors affecting financial instruments traded in the market. The market risks to which the City is exposed are foreign exchange risks, and interest rate risks.

(i) Foreign exchange risk

Foreign exchange risk refers to the risk that the fair value of financial instruments, or future cash flows associated with the instruments, will fluctuate in Canadian dollar value due to changes in foreign exchange rates.

Cash and Accounts payable

The functional currency of the City is the Canadian dollar. The City receives some US dollar payments and incurs some US dollar operating and capital costs. These US dollar transactions represent an insignificant volume and value of total overall transactions, resulting in minimal risk.

(ii) Interest rate risk

Interest rate risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instrument will fluctuate due to changes in market interest rates.

Portfolio investment

The interest rate risk exposure of portfolio investments arises from investments held by the Surrey Homelessness and Housing Society entity. The Society's equity and fixed income investments are comprised of a diversified group of pooled funds managed by a third-party professional portfolio management firm, who actively oversees the existing holdings and evaluates future investment opportunities, with the objectives of delivering strong long-term compounding returns for the charitable organization.

22. Financial instrument risks (continued)

(ii) Interest rate risk (continued)

The remaining portfolio investments balance relates to the City's investment holdings. All investments comply with the requirements of the Community Charter. Investment objectives include preservation of capital, minimization of default and interest rate risk, sufficient liquidity to meet operating and capital requirements, and generation of a stable return on investments. The City's investments held as at December 31, 2023 are comprised of guaranteed investment certificates ("GICs"), and term deposits, and are not subject to fluctuations in market prices.

Debt

The City obtains debt instruments through the MFA to finance certain capital expenditures. Every year, the MFA is reviewed by the three major credit rating agencies, with the goal of maintaining the highest credit rating possible ("AAA"). This allows the City to access capital financing at the lowest rates possible. Three rating agencies, Moody's Investor Services, Standard & Poor's, and Fitch Ratings have each reaffirmed MFA's AAA credit rating status.

Loans with terms of five years will maintain the initial interest rate for the entire term of the loan. Loans with terms of ten years or longer will generally maintain the initial interest rate for the first ten years. The interest rate is then reset at the current market rate for a period to be determined at that point in time, generally five years.

The remaining balance of debt as at December 31, 2023 relates to the capital component of costs incurred under a public-private partnership for the construction of a City facility. The interest rate is fixed for the entire term of the loan and is not subject to fluctuation.

Through legislation, the Province of BC limits municipalities on the amount of borrowing they can incur. The liability limit states that a municipality's annual aggregate debt servicing costs cannot exceed 25% of annual calculation revenue, as defined by the legislation. The City's total debt servicing cost is monitored against the liability servicing limit to ensure reasonable levels of utilization.

25. Comparative figures

Certain comparative information has been reclassified to conform to the financial statement presentation adopted in the current year.

26. Changes in Accounting Standards

The revenue standard PS 3400 will be effective for fiscal years beginning on or after April 1, 2023. The new standard is related to revenue recognition principles for revenues of governments and government organizations other than government transfers and tax revenue. Specifically, it differentiates between revenue arising from transactions that do not have performance obligations, referred to as “non-exchange transactions,” and transactions that include performance obligations, referred to as “exchange transactions.”

The Public Private Partnerships standard PS 3160 will be effective for fiscal years beginning on or after April 1, 2023. This section is related to public private partnerships used as alternate finance and procurement model by public sector entities, where such entities procure infrastructure using a private sector partner.

At present, the City is assessing the impact of the changes to the accounting standards. Over the remainder of 2024, the City will continue to evaluate the current accounting treatments against the new changes in standards to ensure the financial statements are prepared in accordance with the Canadian Public Sector Accounting Standards as prescribed by PSAB.

As of December 31, 2023 [in thousands of dollars]

On February 10, 2023, the Province of BC announced that the Growing Communities Fund ("GCF") will provide an one-time total of \$1.0 billion in grants distributed amongst all BC municipalities and regional districts, which they can use to address their community's unique infrastructure and amenity demands. GCF grants support the delivery of infrastructure projects necessary to enable community growth.

On March 23, 2023, the City of Surrey received a \$89.9 million GCF grant from the Local Government Instructure and Finance Branch of the Provincial Ministry of Municipal Affairs (note 21). Interest income is generated on the cumulative GCF reserve balance.

Allocations of GCF grant funding towards eligible infrastructure projects have been made in accordance with the Ministry's criteria and include: Recreation related amenities; Park additions/maintenance/upgrades including washrooms/meeting space and other amenities; Public safety/emergency management equipment and facilities not funded by senior level government; and Childcare facilities.

Information on the City of Surrey's outstanding debt is included in Note 10 of the 2023 Notes to the Consolidated Financial Statements.

Prepared under the Financial Information Regulation, Schedule 1, section 4.

Information on all guarantees and indemnities for the City of Surrey is included in Note 15 of the 2023 Notes to the Consolidated Financial Statements.

Prepared under the Financial Information Regulation, Schedule 1, section 5.

Regulations require the City of Surrey to report the total amount of remuneration for each employee that exceeds \$75,000 in the year reported. However, certain exceptions have been noted below:

1. Certain employees were hired part way through the year and their remuneration does not reflect a full year's cost.
2. Some employees terminated their employment part way through the year and their remuneration does not reflect a full year's cost.

Prepared under the Financial Information Regulation, Schedule 1, subsection 6(2).

------------------	-----------------------------	------------------------------	----------

The variance between the Schedule of Remuneration and Expenses and the Salaries and benefits expenses reported on the consolidated financial statements of the City are due to various factors including:

- *The Remuneration and Expenses schedule is based on actual cash payments made during the fiscal year (including payouts of vacation, gratuity, and overtime banks) whereas the consolidated financial statement figure is determined on an accrual basis;*
- *The Remuneration and Expenses schedule excludes the Surrey Police Service, Surrey Public Library, and Surrey City Development Corporation; and*
- *Salaries and benefits includes benefits that are recorded at full cost (including overhead allocations) on the consolidated financial statements and include items such as employer portions of federal deductions, retirement benefits and medical benefits.*

During the fiscal year ending December 31, 2023, the City of Surrey entered into 9 severance agreements.

These agreements represent from 2 to 12 months' compensation.

Prepared under the Financial Information Regulation, Schedule 1, subsection 6(7).

Regulations require the City of Surrey to report the total amount paid to each supplier for goods and/or services that exceeds \$25,000 in the year reported.

Prepared under the Financial Information Regulation, Schedule 1, subsection 7(1).

STATEMENT OF FINANCIAL INFORMATION (SOFI)
FOR THE YEAR ENDED DECEMBER 31, 2023**

SCHEDULE OF PAYMENTS FOR PROVISION OF GOODS AND/OR SERVICES

SUPPLIER NAME	AMOUNT (\$)
Consolidated Total Paid to Suppliers Who Received Aggregate Payment of \$25,000 or less	\$ 13,276,234.26
Total Amount Paid to Suppliers	\$ 756,959,473.19

The City prepares the Schedule of Suppliers of Goods and/or Services based on actual disbursements processed through its Financial System. This provides assurance on completeness as the reported amounts are reconciled to the financial system payment register and electronic funds transfer records. The Schedule of Suppliers of Goods and/or Services is prepared on a "cash basis". This total figure will vary significantly from the expenditures shown on the consolidated financial statements that are prepared on a consolidated basis using the accrual method of accounting due to various factors including:

- Timing differences between the cash basis and accrual method;*
- There are payments that are not considered expenditures including payments for assets, other taxing authorities, and debt principal repayments;*
- There are expenditures which do not involve an actual cash disbursement (in addition to accruals), for example some grants and lease-in-kind as these are offset by related revenues;*
- The Schedule of Suppliers of Goods and/or Services excludes costs by the Surrey Public Library, Surrey Police Services, Surrey Homelessness & Housing Society, Surrey City Development Corporation, and employee expenses included in the Schedule of Remuneration and Expenses; and*
- There are expenditures which are externally recovered, these recoveries are recorded against expenditures on the consolidated financial statements.*

Regulations require the City of Surrey to report the total amount paid for grants and contributions that exceeds \$25,000 in the year reported.

Prepared under the Financial Information Regulation, Schedule 1, subsection 7(2)(b).
