SUBJECT: **Local Improvement Water Main Extension  
on 176 Street from 40 Avenue to Nicomekl River**

---

## RECOMMENDATION

That Council:

1. Receive the submission of certified statement setting out the final cost of the Works; and
2. Direct the City Clerk to amend Local Improvement Water Main Construction By law No. 14623, to reflect the final costs and apportionment thereof.

## DISCUSSION

Local Improvement water main servicing of certain parcels of lands in the subject area, was authorized by Council Resolution No. R02-387 followed by Construction By law No. 14623. The final costs following completion of construction have now been determined. These costs are less than the most recent estimate given to the property owners, resulting in reduction of charges to the benefiting property owners.

In this regard, we provide as Appendix 1, a Completion Certificate certifying that:

- (a) the works authorized under the Construction By-law are now complete; and
- (b) the final total cost of the works amounted to \$158,226.01.

Also provided, as Appendix 2, is a Cost Apportionment Report which will be incorporated as a revised Schedule B within the Construction By-law.
