Evaluation

Our consultant reviewed all tenders. All the tenders submitted the required 10% bid bond, and signed and sealed the Tender Form and Summary Sheet of the Schedule of Quantities and Prices.

The low bidder, Aggressive Roadbuilders Ltd., has provided a Consent of Surety for a Performance Bond and a Labour & Materials Bond, and agreed to complete the work within 250 working days as stipulated in the contract. Aggressive Roadbuilders Ltd. have completed similar projects for the City and are qualified to do this project. Their sub-contractors have satisfactorily completed similar projects for the City in recent years and we have also found them to be qualified and acceptable.

Funding

Funding for this project is primarily from TransLink Major Capital Funds, with some funding from the City for City related works (i.e., water main replacement on Fraser Highway and 188 Street upgrading). TransLink funding is \$6.2 million.
