#### SCOPE OF WORK

Package D02/02 consists of constructing dykes to their final elevation along the Serpentine River from 64 Avenue to 56 Avenue.

These works are the components of the Serpentine-Nicomekl Flood Control Project. Contractors from the Council-approved pre-qualified tenderers for Lowland Dyke Construction were invited to submit tenders for this package. The work will reduce the frequency and duration of flooding experienced by the adjoining areas.

This work is expected to start by mid-June and be completed by May 31, 2008.

#### **EVALUATION**

Our consultant reviewed the tenders for legal and mathematical errors, and all tenders were found to be correct.

Delta Aggregates Ltd. is the low bidder and has no outstanding claims or legal issues with the City. They have satisfactorily completed dyke upgrading work for the City in the past. We recommend Delta Aggregates Ltd. be awarded this contract.

### **FUNDING**

Funding is available within the approved Engineering budget.
