SUBJECT: Statement of Financial Information – 2007 0022-412

RECOMMENDATION

The Finance & Technology Department recommends that Council approve the 2007 Statement of Financial Information, which is attached as *Appendix "A"*.

BACKGROUND

The *Financial Information Act* was enacted in the fall of 1993, and requires all municipalities to provide the Province with a Statement of Financial Information on annual basis. The *Act* also requires that this Statement be made available to the public before June 30th of each year. The *Financial Information Act* also requires that Council approve the Statement of Financial Information prior to its submission to the Province. The Statement is to include for the year being reported the City's audited financial statements and information regarding the remuneration paid to the Mayor and Council, the remuneration paid to every employee that was paid more than \$75,000, the amount paid to any supplier of goods and/or services that was paid more than \$25,000 and the grants paid by the City.

DISCUSSION

The 2007 Statement of Financial Information has been prepared in accordance with the *Act* and is attached as *Appendix "A"*. The Statement of Financial Information includes the 2007 audited financial statements, which were adopted by Council April 30th 2007.

It should be noted that the remuneration and expenses for City staff included in the Statement is in three categories as follows:

- Base Salary: This includes only the actual salary that the employee earned in 2007;

FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2007

REPORT *from the* General Manager, Finance & Technology

March 28, 2008

To Mayor D. L. Watts and Members of Council

In accordance with Sections 98 and 167 of the Community Charter, I am pleased to submit the City of Surrey Annual Financial Report for the year ended December 31, 2007. The report includes the consolidated financial statements and the Auditors' Report.

City management is responsible for the preparation and presentation of the financial statements and related information in the 2007 Annual Financial Report. These statements have been prepared in accordance with Canadian Generally Accepted Accounting Principles (GAAP) as prescribed by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants (CICA). The City maintains a comprehensive system of internal controls to safeguard City assets and to provide reliable financial information.

City Council has appointed the accounting firm of KPMG to conduct an audit and express an opinion as to whether the consolidated financial statements present fairly the financial position of the City of Surrey as at December 31, 2007 and the result of its operations for the year then ended.

FINANCIAL OVERVIEW

2007 in Review

2007 revenue increased to \$509.3 million (\$471.4 million in 2006) primarily due to growth, the 2.9% property tax rate increase, utility rate increases, and new recreation facilities along with continued increases in infrastructure works related to GVTA projects and growth funded from Development Cost Charges. However, Surrey's taxes remain among the lowest in the region. These increases in revenue, combined with sound financial management to maintain expenditures within the budget, has again resulted in not having to incur the budgeted \$3.0 million transfer from surplus.

Investments

The City's investment policy, which complies with Community Charter requirements, is to invest funds in a manner that will provide the optimal blend of investment return and security while meeting the City's daily cash flow requirements. The average portfolio balance invested during the year of \$696.8 million earned interest of \$25.1 million, of which \$5.8 million was allocated to deferred development cost charges resulting in an average rate of return of 4.36%.

Reserve Funds

The City's statutory reserve funds have increased to \$160.0 million (\$135.0 million in 2006) as a result of strong land sales and fund repayments for previous years works. Deferred development cost charges have increased to \$208.0 million (\$188.0 million in 2006). These monies will be used to fund capital projects identified in the five year financial plan.

Financial Position

The City continues to maintain a strong financial position. Cash and investments have increased to \$738.4 million (\$644.8 million in 2006) and the City has no debt.

THE FUTURE

Council's priorities continue to focus on a safe community through crime reduction. Other priorities include roads and traffic congestion, homelessness, plan for social well-being, 2010 opportunities, city beautification and the protection of the environment. The City's current Financial Plan allows for the addition of police officers, firefighters and bylaw enforcement officers as well as funding for the remaining priorities. The accelerated construction of growth-related road infrastructure will continue in order to better match the collection of development cost charges with the actual development.

These priorities are part of the City's continuing commitment to provide quality services and the required infrastructure to meet the demands of a growing population while maintaining City taxes as among the lowest in the region. The City must continue to pursue new revenue sources and leverage the use of innovative technology for the provision of efficient services.

The Council-adopted Five-Year Financial Plan includes new revenues contributed from the Surrey City Development Corporation beginning in 2009. As the level of these contributions increase, the reliance on land sale revenues needed to supplement the City's Capital Program will diminish. City Staff will continue to seek to identify new revenue sources in future Financial Plans.

In consideration of the upcoming PSAB changes to the accounting for capital assets by local governments, the City is in the process of accumulating information and developing accounting policies related to its tangible capital assets. The City has also commenced working on the development of a replacement program for all capital assets. An annual provision for the replacement of vehicles, equipment and buildings has already been incorporated into the Council-adopted Five-Year Financial Plan.

I again, encourage local governments and their representative organizations to continue to pursue a more equitable distribution of Federal and Provincial tax revenues.

Finally, I acknowledge and thank City Council, the City Manager, all our employees and the numerous individual volunteers and benefactor organizations for their contributions to this great City.

Respectfully submitted,

Vivienne Wilke, CGA
General Manager, Finance & Technology

AUDITORS' REPORT TO THE MAYOR AND COUNCILORS

We have audited the consolidated statement of financial position of the City of Surrey (the "City") as at December 31, 2007 and the consolidated statements of financial activities and changes in financial position for the year then ended. These consolidated financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the City as at December 31, 2007 and the results of its financial activities and changes in financial position for the year then ended in accordance with Canadian generally accepted accounting principles.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended December 31, 2007 (tabular amounts in thousands of dollars)

GENERAL

The Notes to the Consolidated Financial Statements are an integral part of the financial statements. They explain the significant accounting and reporting policies and principles underlying these statements. They also provide relevant supplementary information and explanations, which cannot be conveniently expressed in the Consolidated Financial Statements.

1. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

The Consolidated Financial Statements of the City of Surrey are the representation of management prepared in accordance with Canadian Generally Accepted Accounting Principles as prescribed by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants. The Consolidated Financial Statements reflect a combination of the City's Operating, Capital and Reserve Funds consolidated with the Surrey Public Library, Surrey City Development Corporation and Surrey Homelessness & Housing Society. Inter-fund transactions, fund balances, and activities have been eliminated on consolidation.

Revenues and expenditures of the City must be in accordance with the Financial Plan adopted by City Council. Management is required to make estimates and assumptions that affect the reported amounts in the financial statements and the disclosure of contingent liabilities. Significant areas requiring the use of management estimates relate to the determination of accrued sick benefits, allowance for doubtful accounts receivable and provision for contingencies. Actual results could differ from those estimates. The Consolidated Financial Statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the significant accounting policies outlined in Note 1 for the following funds:

Operating Funds

These funds include the General, Water, and Sewer and Drainage Operating Funds as well as the Surrey Public Library. They are used to record the operating costs of the services provided by the City.

Capital Funds

These funds include the General, Water, and Sewer and Drainage Capital Funds. They are used to record the acquisition costs of capital assets and any related long-term debt outstanding.

Reserve Funds and Other Entities

These funds include Reserve Funds as well as the Surrey City Development Corporation and Surrey Homelessness & Housing Society.

Under the Community Charter of British Columbia, City Council may by bylaw establish reserve funds for specified purposes. Money in a reserve fund, and interest earned thereon, must be expended by bylaw only for the purpose for which the fund was established. If the amount in a reserve fund is greater than required, City Council may, by bylaw, transfer all or part of the amount to another reserve fund.

Trust Funds

These funds account for assets, which must be administered as directed by agreement or statute for certain beneficiaries. In accordance with PSAB recommendations on financial statement presentation for local governments, trust funds are not included in the City's Consolidated Financial Statements. Information relating to the trust funds administered by the City is presented in Note 14.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended December 31, 2007 (tabular amounts in thousands of dollars)

b) Cash and cash equivalents

Cash and cash equivalents are comprised of cash on hand, demand deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

c) Revenue

Revenue is recorded using the accrual basis of accounting. The City is required to act as the agent for the collection of certain taxes and fees imposed by other authorities. Collections for other authorities are excluded from the City's taxation revenues.

d) Budget Information

Unaudited budget information, presented on a basis consistent with that used for actual results, was included in the City of Surrey 2007 – 2011 Consolidated Financial Plan and was adopted through By-law #16275 on March 12, 2007. It has since been amended and adopted through By-law #16501 on January 14, 2008.

e) Deferred Revenue

The City defers the portion of the revenue collected from permits, licenses and other fees relating to services not yet rendered and recognizes this revenue in the year in which related inspections are performed or other related services are provided.

f) Expenditures

Expenditures are recorded using the accrual basis of accounting. Expenditures are generally recognized as they are incurred as a result of the receipt of goods and services or the incurrence of a liability. Interest expense on debenture and other debt is accrued to December 31, 2007.

g) Replacement of Capital Assets

The replacement of vehicles and equipment is provided for on a straight-line basis in accordance with the estimated useful lives of the assets through equipment usage charges with corresponding transfers to the Equipment and Building Replacement Reserve. Computer system replacements are funded through an annual transfer from each department to the Equipment and Building Replacement Reserve. Except for the City works yard building, a capital consumption or replacement provision for buildings or infrastructure is not charged to City operating departments.

The City's annual operating budget includes a provision for the replacement of existing capital assets and the acquisition of new capital assets. Should the City incur debt related to capital, a provision for debt repayment will also be included. The City has appropriated a portion of operating surpluses for the replacement of capital assets.

A capital ranking model is used to assist City Council in setting priorities for the replacement and acquisition of capital assets.

h) Investments

Investments are recorded at cost, which approximates market value, and are comprised of money market instruments, term deposits and bonds.

i) Capital Inventory

Capital Inventory is recorded at cost, which is not in excess of replacement cost.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended December 31, 2007 (tabular amounts in thousands of dollars)

j) Employee Future Benefits

The City and its employees make contributions to the Municipal Pension Plan. The City's contributions are expensed as paid.

Sick leave and post-employment benefits also accrue to the City's employees. The liability relating to these benefits is actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The liabilities under these benefits plans are accrued based on projected benefits pro-rated as employees render services necessary to earn the future benefits.

k) Financial Equity, Committed Funds

These balances represent amounts set aside from operations for specific operating and capital projects previously approved by Council (Note 8).

l) Financial Equity, Unappropriated Surplus

These balances represent operating surpluses from current and prior years, which have not yet been allocated for specific purposes (Note 9). Interest revenue earned on these monies is used to fund operations. The Community Charter does not allow the City to budget for a deficit unless the deficit can be eliminated through the use of prior years' surplus.

m) Financial Equity, Appropriated Surplus

These balances represent amounts set aside by City Council for specific purposes, including contingency provisions for emergencies, revenue stabilization, self insurance claims and for the internal financing of capital projects (Note 10).

n) Capital Assets and Capital Equity

Capital assets consist of capital expenditures recorded at cost (Note 7). Depreciation is not recorded on capital assets. Cost of capital asset dispositions are not removed from the balance of capital assets. Capital equity reflects the accumulated historical cost of assets acquired, constructed or developed by the City less total outstanding debt. The value of infrastructure constructed by developers and transferred to the City at no cost is not included in Capital equity. The costs for repairs and upgrading which do not materially add to the value or the life of an asset are recorded in the financial statements as operating expenditures.

o) Segment Disclosure

A new requirement for Municipal Governments, Public Sector Accounting Board Standard 2700 on Segment Disclosures, is effective for fiscal years beginning on or after April 1, 2007. A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information to achieve the objectives of the standard. The City of Surrey has adopted this Public Sector Accounting Board Standard section early for the fiscal year ending December 31, 2007 and has provided definitions of segments used by the City as well as presented financial information in segmented format in Note 18.

p) Future Accounting Changes

The City is in the process of accumulating information and developing its accounting policies related to its tangible capital assets in order to comply with the new Public Sector Accounting Board Standard 3150. This new standard will be applicable to the City's 2009 annual financial statements. As at December 31, 2007, the cost and accumulated depreciation have not yet been finalized for the individual classes of tangible capital assets and hence details concerning the major categories of tangible capital assets have not been provided.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended December 31, 2007 (tabular amounts in thousands of dollars)

12. COMMITMENTS AND CONTINGENCIES

- a) The City has significant future contractual commitments for incomplete capital acquisitions and capital construction projects in progress. The City records the capital costs incurred to the end of the year on these projects as capital expenditures. In order to provide for the completion of the projects, unexpended budget money for incomplete projects is appropriated as Committed Funds. The Financial Plan, updated annually, provides for the financing of these and future obligations within the estimated financial resources of the City.
- b) The City, as a member of the Greater Vancouver Water District, the Greater Vancouver Sewerage & Drainage District, and the Greater Vancouver Regional District, is jointly and severally liable for the net capital liabilities of these Districts.
- c) The City is a shareholder of the Emergency Communications for Southwest British Columbia Incorporated (E-Comm) whose services provided include: regional 9-1-1 call centre for the Greater Vancouver Regional District; Wide Area Radio network; dispatch operations; and records management. The City holds 2 Class "A" shares and 1 Class "B" share (of a total of 24 Class "A" and 24 Class "B" shares issued and outstanding as at December 31, 2007). As a Class "A" shareholder, the City shares in both funding the future operations and capital obligations of E-Comm (in accordance with a cost sharing formula), including any lease obligations committed to by E-Comm up to the shareholder's withdrawal date. As a Class "B" shareholder, the City is only obligated to share in funding of the ongoing operating costs.
- d) The City entered into an agreement with YMCA of Greater Vancouver in regard to the joint development of land and facility in Surrey. The City contributed 5.5 million towards the completion of the project, which was matched by the YMCA. The City has also entered into an 8.0 million non-recourse first collateral mortgage for 10 years from the substantial date of completion of the project, September 3, 2002, in favour of the Royal Bank of Canada registered against the land and facility. After 10 years, the mortgage may be increased to 50% of FMV of the facility for the purpose of renovating/expanding, subject to approval of City.
- e) The City and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusteesd pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer contributory pension plan. Basic pension benefits provided are defined. The Plan has about 144,000 active members and approximately 51,000 retired members. Active members include approximately 35,000 contributors from local governments.

Every three years an actuarial valuation is performed to assess the financial position of the Plan and the adequacy of plan funding. The most recent valuation as at December 31, 2006 indicated a surplus of 438.0 million for basic pension benefits. The next valuation will be as at December 31, 2009 with results available in 2010. The actuary does not attribute portions of the surplus to individual employers. The City paid 8.8 million for employer's contributions to the Plan in fiscal 2007 (2006 - 8.3 million).

- f) The City insures itself through a combination of insurance policies and self-insurance. The City has a funded self-insurance appropriation (Note 10). Based on estimates, this appropriation reasonably provides for all outstanding claims.

There are several lawsuits pending in which the City is involved. The outcome and amounts that may be payable, if any, under some of these claims, cannot be determined and accordingly only those claims in which likelihood of payment is determined to be moderate to high or high have been recorded.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended December 31, 2007 (tabular amounts in thousands of dollars)

13. SIGNIFICANT TAXPAYERS

The City is not reliant upon the revenue from any specific large property taxpayers or businesses. Tax revenues received from the five largest taxpayers amount to less than three percent of the City's annual gross revenues.

14. TRUST FUNDS

These funds account for assets, which must be administered as directed by agreement or statute for certain beneficiaries. In accordance with Public Sector Accounting Board Standard recommendations on financial statement presentation for local governments, trust funds are not included in the City's Consolidated Financial Statements. Amounts administered by the City as trust funds are as follows:

			2007	2006
Assets				
Cash and short term investments			\$ 2,161	\$ 2,052
Equity				
	Employee Benefits Fund	Cemetery Perpetual Care Fund		
Balance, beginning of year	\$ 571	\$ 1,482	\$ 2,053	\$ 1,964

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended December 31, 2007 (tabular amounts in thousands of dollars)

15. EMPLOYEE FUTURE BENEFITS

The City provides certain post-employment and sick leave benefits to its employees. These benefits include accumulated non-vested sick leave, post-employment service pay and post-retirement top-ups for dental, life insurance and accidental death and dismemberment insurance. The liability associated with these benefits is calculated based on the present value of expected future payments pro-rated for services, and is included in accounts payable and accrued liabilities.

	2007	2006
Accrued benefit liability:		
Balance, beginning of year	\$ 14,422	\$ 13,579
Current service cost	982	970
Interest cost	695	633
Amortization of actuarial loss	231	70
Past service cost	(183)	88
Benefits paid	(759)	(918)
Balance, end of year	\$ 15,388	\$ 14,422

An actuarial valuation for these benefits was performed to determine the City's accrued benefit obligation as at December 31, 2007. The difference between the actuarially determined accrued benefit obligation of 16.8 million and the accrued benefit liability of 15.4 million as at December 31, 2007 is an unamortized actuarial loss of 1.4 million. The actuarial loss is amortized over a period equal to the employees' average remaining service lifetime of 11 years.

	2007	2006
Actuarial benefit obligation:		
Liability, end of year	\$ 15,388	\$ 14,422
Unamortized actuarial loss	1,414	454
Balance, end of year	\$ 16,802	\$ 14,876

Actuarial assumptions used to determine the City's accrued benefit obligation are as follows:

	2007	2006
Discount rate	4.75%	4.50%
Expected future inflation rate	2.00%	2.00%
Expected wage and salary inflation	3.00%	3.00%
Expected wage and salary range increases	1.00%	1.00%

16. SURREY CITY DEVELOPMENT CORPORATION

On April 24th, 2007, the City of Surrey incorporated a Development Corporation with broad powers to advance the commercial, industrial, institutional and residential development of the City. The City is the sole shareholder of the Development Corporation. As at December 31, 2007, the City advanced \$300,000 as an interest-bearing loan to the Corporation. In accordance with Public Sector Accounting Board Standard 1300, the Corporation has been deemed to be part of the City's Government Reporting Entity and as a result is fully consolidated, as its sole source of revenue comes from the City through the interest-bearing loan.

17. SURREY HOMELESSNESS AND HOUSING SOCIETY

On June 22nd, 2007, the City of Surrey incorporated a Surrey Homelessness and Housing Society. The purposes of the Society are to raise funds for financing programs and projects that address homelessness in Surrey; conduct and provide financial assistance to homelessness housing initiatives; and manage the disbursements of grants for projects and programs that address homelessness in Surrey. As the majority of members in the Society consist of City officials, the City is considered to have control over the Society's functions and the Society's financial information is fully consolidated with the City.

18. SEGMENTED INFORMATION

The City of Surrey is a diversified municipal government institution that provides a wide range of services to its citizens, including Protection Services; Parks, Recreation and Culture Services; General Government Services; Public Works Services; Solid Waste Management Services; Planning and Development Services; Water, Sewer and Drainage Services, and Surrey Public Library Services. For management reporting purposes the Government's operations and activities are organized and reported by Service Areas. Service Areas were created for the purpose of recording specific activities to attain certain objectives in accordance with regulations, restrictions or limitations.

City Services are provided by departments and their activities are reported in these Service Areas. Departments disclosed in the Segmented Information, along with the services they provide, are as follows:

Protection Services – Police Department and Fire Department

The mandates of the Police and Fire Departments are to enforce laws, prevent crime, and maintain peace, order, and security by protecting life, property and the environment through the provision of emergency response, thus ensuring "Safe Homes and Safe Communities."

Parks, Recreation and Cultural Services - Parks, Recreation and Culture Department

The Parks, Recreation and Culture Department is responsible for providing, facilitating the development of, and maintaining high quality parks, recreation facilities, and cultural services.

General Government Services – Mayor & Councillor's Department, City Manager's Department, Finance & Technology Department, and Human Resources Department

The Departments within General Government Services are responsible for adopting bylaws; adopting administrative policy; levying taxes; acquiring, disposing and managing City assets; ensuring effective financial management; monitoring performance. and ensuring that high quality City service standards are met.

Public Works Services and Solid Waste Management Services – Engineering Department

The Engineering Department is responsible for the delivery of municipal services (garbage collection, recycling, and transportation systems).

Planning and Development Services – Planning and Development Department

The Planning and Development Department is responsible for preparing land use plans, bylaws and policies for sustainable development of the City and for reviewing and approving new development.

Water, Sewer and Drainage Services – Water Department and Sewer and Drainage Department

The Water, Sewer and Drainage Utilities operate and distribute water and network sewer mains, storm sewers and pump stations.

Surrey Public Library Services

The Surrey Public Library provides access to local and global information through its nine Library branches located throughout the City.

AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION TO THE MAYOR AND COUNCILORS

We have audited and reported separately herein on the consolidated financial statements of the City of Surrey as at and for the year ended December 31, 2007.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The current year's supplementary information included in Schedules 1 through 10 is presented for purposes of additional analysis and is not a required part of the financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

A Schedule of Debts has not been prepared because the City of Surrey does not have any outstanding debt as of December 31, 2007.

A Schedule of Guarantees and Indemnity payments has not been prepared because the City of Surrey has not given any guarantees or indemnities under the Guarantees and Indemnities Regulation.

Regulations require the City of Surrey to report the total amount of remuneration for each employee that exceeds \$75,000 in the year reported. However, certain exceptions have been noted below:

1. Certain employees were hired part way through the year and their remuneration does not reflect a full years cost.
2. Some employees terminated their employment part way through the year and their remuneration does not reflect a full years cost.
