EVALUATION

The City's consultant reviewed the tenders for accuracy and completeness. Minor mathematical errors were found that did not affect the outcome of the tender process. All submissions included the required 10% bid bond, and were signed and sealed on the Tender Form and Summary Sheet of the Schedule of Quantities and Prices.

The low bidder, Mainland Civil Works Inc., has provided a Consent of Surety for a Performance Bond and a Labour & Materials Bond and agreed to complete the work within 60 working days as stipulated in the contract. Mainland Civil Works Inc.'s past performance on similar work has been satisfactory. They have no outstanding legal claims against the City. It is recommended that Mainland Civil Works Inc. be awarded Contract M.S. 4809-003-11.

FUNDING

Funding for this contract is available in the approved 2009 Budget.
