

The Engineer's pre-tender estimate was \$850,000, including GST.

SUSTAINABILITY CONSIDERATIONS

The proposed road improvements will provide greater opportunity for cycling and pedestrian movement along 160 Street, supporting the Sustainability Charter's vision of efficiently moving people and goods, not just vehicles. The project will enhance the public realm by implementing street standards that minimize the negative impacts of transportation facilities on communities, while providing appropriate infrastructure in support of the City's transportation needs. In particular, the project supports the Charter Scope actions related to:

- SC 13: Creating a Fully Accessible City
- EN 13: Enhancing the Public Realm

EVALUATION

The City's consultant reviewed the tenders for accuracy and completeness. There was one arithmetic error that had no bearing on the outcome of the tender process. All submissions included the required 10% bid bond, and were signed and sealed on the Tender Form and Summary Sheet of the Schedule of Quantities and Prices.

The low bidder, B & B Contracting Ltd., has provided a Consent of Surety for a Performance Bond and a Labour & Materials Bond and agreed to complete the work within 60 working days, as stipulated in the contract. B & B Contracting Ltd.'s past performance on similar work has been satisfactory. They have no outstanding legal claims against the City. It is recommended that B & B Contracting Ltd. be awarded Contract M.S. 1709-013-11.

FUNDING

Funding for this contract is available in the approved 2009 Budget.

Vincent Lalonde, P.Eng.
General Manager, Engineering
