## REGULAR COUNCIL

TO: **Mayor & Council**

DATE: **March 22, 2010**

FROM: **General Manager, Engineering**

FILE: **3150-01**

SUBJECT: **Development Cost Charge By-law Housekeeping Amendments**

---

## RECOMMENDATIONS

The Engineering Department recommends that Council:

1. Approve amendments to Surrey Development Cost Charge By-law, 2010, No. 17111, as documented in Appendix I to this report; and
2. Authorize the City Clerk to bring forward for the required readings the necessary Amendment By-law and, subsequently, to forward the Amendment By-law to the Provincial Minister of Community and Rural Development for approval prior to final adoption.

## INTENT

The purpose of this report is to obtain Council approval of amendments to the Development Cost Charge By-law and to submit the Amendment By-law to the Ministry of Community and Rural Development for approval prior to its final adoption.

## DISCUSSION

The City recently adopted a new Development Cost Charge By-law. It has been determined that the By-law contains incorrect numerical references to some clauses that need to be corrected. These housekeeping amendments do not change the intention of the By-law nor do they change the Development Cost Charge rates contained within the By-law.
