EVALUATION

The City's consultant reviewed the tender submissions for accuracy and completeness. There were five arithmetic errors that had no bearing on the outcome of the tender process. All submissions included the required 10% bid bond, and were signed and sealed on the Tender Form and Summary Sheet of the Schedule of Quantities and Prices.

The low bidder, 651432 BC Ltd., operating as Universal Contracting, has provided a Consent of Surety for a Performance Bond and a Labour & Materials Bond, and agreed to complete the work within 50 working days, as stipulated in the contract. 651432 BC Ltd.'s past performance on similar work has been satisfactory. They have no outstanding legal claims against the City. It is recommended that 651432 BC Ltd. be awarded Contract M.S. 1706-013-11.

SUSTAINABILITY CONSIDERATIONS

The proposed road improvements will provide greater opportunity for cycling and pedestrian movement along 132 Street, supporting the Sustainability Charter's vision of efficiently moving people and goods, not just vehicles. The project will enhance the public realm by implementing street standards that minimize the negative impacts of transportation facilities on communities, while providing appropriate infrastructure in support of the City's transportation needs. In particular, the project supports the Charter Scope actions related to:

- SC 13: Creating a Fully Accessible City
- EN 13: Enhancing the Public Realm

FUNDING
