5.	Jack Cewe Ltd.	\$6,894,951.00	No Change

The Engineer's pre-tender estimate was \$5,100,000.00 including GST.

EVALUATION

The City's consultant reviewed the tender submissions for accuracy and completeness. One tender was found to be incomplete and was rejected. All valid submissions included the required 10% bid bond, and were signed and sealed on the Tender Form and Summary Sheet of the Schedule of Quantities and Prices.

The low bidder, Imperial Paving Ltd., has provided a Consent of Surety for a Performance Bond and a Labour & Materials Bond, and agreed to complete the work within 90 working days as stipulated in the contract. Imperial Paving Ltd.'s past performance on similar work has been satisfactory. They have no outstanding legal claims against the City. It is recommended that Imperial Paving Ltd. be awarded Contract M.S. 1713-001-11.

SUSTAINABILITY CONSIDERATIONS

The proposed road construction works will prolong the life of the City's existing road infrastructure as well as improve the travel characteristics of the subject roads (better ride and less noise) for both motorists and cyclists. This contract will assist in achieving the objectives of the City's Sustainability Charter, which include efficiently moving people and goods, not just vehicles. In alignment with the goals of the Sustainability Charter, the project will also enhance the public realm by implementing street standards that minimize the negative impacts of transportation facilities on communities, while providing appropriate infrastructure in support of the City's transportation needs and economic development. In particular, the project supports the following Charter Scope actions:

- SC 13: Creating a Fully Accessible City; and
- EN 13: Enhancing the Public Realm.

FUNDING

Funding for this contract is available in the approved 2013 Budget with the funding being fully provided from TransLink through the MRN Operation, Maintenance and Rehabilitation (OMR) funding program.
