EVALUATION

The City's consultant reviewed the tender submissions for accuracy and completeness. One of the submitted tenders was found to be incomplete and consequently was deemed non-compliant and invalid. All submissions included the required 10% bid bond and were signed and sealed on the Tender Form and Summary Sheet of the Schedule of Quantities and Prices.

The low bidder, King Hoe Excavating Ltd., has provided a Consent of Surety for a Performance Bond and a Labour & Materials Bond, and agreed to complete the work within 105 working days, as stipulated in the contract. King Hoe Excavating Ltd.'s past performance on similar work has been satisfactory. They have no outstanding legal claims against the City. It is recommended that King Hoe Excavating Ltd. be awarded Contract M.S. 4813-004-11.

SUSTAINABILITY CONSIDERATIONS

The works associated with this contract will take place within classified fisheries watercourses, and will result in adequate drainage capacity and enhancement of fish and wildlife habitat. Restoration works have been implemented as part of the contract to assist in protecting natural areas.

The contract will assist in achieving the objectives of the City's Sustainability Charter; more particularly, the following Charter scope actions:

- EN 8: Sustainable Engineering Standards and Practices: The works associated with the contract will minimize environmental impacts of development by re-creating the natural environment to the extent possible through drainage improvements and landscaping;
- EN9: Sustainable Land Use Planning and Development Practices: The works associated with this contract will avoid critical habitat and preserve, protect and enhance natural habitat and landscape features; and
- EN12: Enhancement and Protection of Natural Areas, Fish Habitat and Wildlife Habitat: The works associated with the contract will maintain and increase the area of fish habitat and wildlife habitat in the City.

FUNDING

Funding for this contract is available in the approved 2013 Budget.
