SUBJECT: **Community Enhancement Partnership (CEP) Program – Facade Enhancement Grant Applications – Old Surrey Restaurant Ltd.**

---

## RECOMMENDATION

The Parks, Recreation & Culture Department and the Finance & Technology Department, recommend that the Finance Committee recommend that Council approve a grant under the CEP Program of up to \$3,000 to the Old Surrey Restaurant Ltd.

## BACKGROUND

In January 2010 Council adopted the Community Enhancement Partnership (CEP) Program, which is intended to provide financial support for projects focussed on community engagement and neighbourhood beautification. Under the CEP Program, residents and community groups may apply to the City for a grant under either of two separate categories: Small Project Grants and Celebration and Activity Grants. In 2013, a third category called Facade Enhancement Grants was adopted by Council. The Facade Enhancement grants enable small businesses or commercial property owners to apply for funding to renovate or improve their building facades. These grants provide an incentive to conduct building improvements that make streets a more interesting and appealing environment, and attract people and businesses to the area.

The Facade Enhancement Grant Guidelines are attached as **Appendix I**. Currently, the Facade Grant is being funded from CEP grant money.

The community has been notified of this Facade program through Business Improvement Association member mail-outs, the City's website and at community association meetings. A Grant Selections Committee has been established with representatives from various Departments and is responsible for assessing grant applications that are received under the Program.

The following sections of this report provide a description and evaluation of an application for a Facade Enhancement grant under the CEP Program that was recently received by the City.

## DISCUSSION

### Old Surrey Restaurant Ltd.

The Old Surrey Restaurant Ltd. has applied for a Facade Enhancement Grant for \$3,000 to support a facade, signage and landscape renovation project at 13483 - 72<sup>nd</sup> Avenue in Newton. Background information on this request is attached as **Appendix II** to this report. This project includes the repair of 2 signs, landscape improvements, exterior lighting improvements, repair of planter brickwork and the repainting of the exterior facade.

The restaurant has been in operation in Newton for 41 years and intends to remain at this location for the foreseeable future. This building is a landmark in the community and has recently undergone a refurbishment of the interior on the first and second floors.

The overall restoration costs are estimated at \$13,350, which include sign repair (\$2,000), landscaping (\$600), exterior lighting improvements (\$750), brick planter repair (\$2,000) and repainting the white exterior (\$8,000). Based on a review of the project against the Facade Enhancement Grant criteria, a grant of up to \$3000 to the Old Surrey Restaurant is considered reasonable, subject to the following conditions:

- The submission of receipts for repair; and
- The submission to the City of photographs that act to document the progress and outcomes of the project.

### **Funding**

**Appendix III** provides information on the status of funding related to the Facade Enhancement Program based on an assumption that Council will approve the recommendations of this report.

## SUSTAINABILITY CONSIDERATIONS

The CEP Program supports the goals of the City's Sustainability Charter by encouraging social connections, volunteerism, community ownership and citizen engagement, in accordance with the Sustainability Charter Goals SC 6, 7, 8 and 13.

## CONCLUSION

The Parks, Recreation & Culture Department and the Finance & Technology Department, recommend that the Finance Committee recommend that Council approve a grant under the CEP Program of up to \$3,000 to the Old Surrey Restaurant Ltd.

## CEP Program Overview and Guidelines

# Community Enhancement Partnership Program (CEPP) Program Overview and Guidelines Facade Enhancement Grant

The City of Surrey's Facade Enhancement Program encourages commercial property owners to invest in their buildings through façade renovations. Property owners are urged to renovate, building façades through grants, matching up to 30% of the eligible costs to a maximum of \$3,000. Through the Facade Enhancement Program, property owners will help to improve the streetscape of the local community, attracting residents, businesses and customers to the area.

### PROGRAM GOALS

The program addresses the following objectives:

1. Make city streets a more inviting and interesting place to walk and shop;
2. Build civic pride within the local business community;
3. Contribute to the quality of life of residents, workers and visitors in Surrey; and
4. Promote the marketability of local business areas

### GRANT ALLOCATION

The program can provide grants of up to 30% of the cost of eligible improvements, to a maximum of \$3,000 per building. Any fees required for City permits can be included in addition to the grant. Program participants are eligible for reimbursement upon the completion of their approved project. Applications will be reviewed on an ongoing basis. Applicants are encouraged to apply at any time.

Council approval for the Facade Enhancement Grant must be given prior to any work being performed. Grants will not be awarded to Facade Enhancement projects that are under construction or completed.

Facade and storefront Enhancement proposals will be:

- Reviewed on a case by case basis
- Subject to approval by the Project Review Committee
- Subject to a legal agreement between the property owner and the City of Surrey
- Subject to the availability of funding

### Eligible Applicants

- The applicant must be a property owner. If the applicant is the business owner/tenant, the applicant must have the approval of the property owner in writing
- Applicant must be current on all property tax obligations
- Business owners must have a valid Surrey Business License

## **DESIGN GUIDELINES**

Facade renovations must involve the general upgrading of a building's external appearance focusing on the following guidelines:

- Contribute to the pedestrian environment by improving the aesthetic impact of the facade by adding visual interest to the streetscape;
- Provide year-round impact and permanent impact;
- Be completed in ways that are compatible with the original design of the structure;
- Contribute to the building's character; and
- Encourage other restoration or redevelopment within the downtown area.

## **Eligible Enhancements**

Facade is defined as the portion of a building that faces the public right-of-way and is fronted by a sidewalk or similar pedestrian-oriented pathway. Facade enhancements restore or redesign existing storefronts. Renovations should improve the interface between the public right-of-way and commercial spaces, and enhance the overall streetscape.

All facade Enhancements should be compatible with applicable zoning codes, satisfy permit requirements, and conform to any other regulatory restrictions.

Eligible facade Enhancements include:

- Restoration of exterior finishes and/or repainting of exterior facades;
- Repair and/or replacement of frontage windows and doors;
- Exterior lighting;
- Repair and/or replacement of signs and other fixtures;
- Installation and/or repair of awnings;
- Addition of patio areas and/or permanent landscaping elements; and
- Removal of barriers to access for people with disabilities and mobility challenges.
- Repair or restoration of facade masonry, brickwork, or wood
- Enhancement & removal of safety grilles

## **REIMBURSEMENT**

- Funded projects must be completed within one year of Council approval, unless otherwise authorized by City staff. If the project is not completed by the deadline, the City's obligation to reimburse the owner or tenant for the project is terminated and funds will be reallocated for other grant applicants.
- Applicants must provide proof of payment (receipts, paid invoices, etc.) for all eligible enhancements within 30 days of project completion. Reimbursement for approved facade renovations is subject to final inspection. Project costs are subject to audit by the City of Surrey.

### Old Surrey Restaurant Proposed Facade Improvements

Refurbishment of planting beds facing 72<sup>nd</sup> Ave.

Repair of brick retaining wall by main entrance

Repair of the building sign

Replacement of exterior light fixtures

Repainting of building exterior
