

## REGULAR COUNCIL

TO: **Mayor & Council**

DATE: **June 11, 2018**

FROM: **General Manager, Finance**

FILE: **0560-01; 1880-20**

SUBJECT: **Report of Council Remuneration and Expense Payments for 2017**

---

## RECOMMENDATION

The Finance Department recommends that Council:

1. Receive this report and its attachments, Appendices “I” to “X”, that list the remuneration and expenses for each member of Council, respectively, for the year 2017 for information.

## BACKGROUND

Section 168 of the *Community Charter* requires that a report be presented to Council at least once a year that separately lists, for each member of Council, the following information:

- The total amount of remuneration paid to each Council member for the discharge of the duties of office including any amount specified as an expense;
- The total amount of expense payments for each Council member when representing the City, engaging in City business, or attending a meeting, course or convention;
- The total amount of any benefits including insurance policies and policies for medical or dental services provided to each Council member or Council member’s dependants; and
- The details of any municipal contract with Council members as reported under Section 107 of the *Community Charter*.

## DISCUSSION

The 2017 remuneration and expenses for each Council member have been prepared in accordance with Section 168 of the *Community Charter*. The information documented in Appendices “I” to “X” attached to this report for the members of Council, respectively, satisfies that requirement. The information included within this report is also included in the Statement of Financial Information that is included in the Financial Documents section of the City’s website.

As part of our ongoing efforts to be an open, transparent and accessible government, staff continue to work toward improvements on reporting. The Mayor and Councillor expenses are published on the City's website on a quarterly basis which exceeds the requirements that are outlined in Section 168 of the *Community Charter*. This practice, which has been in place for four years, supports the City's vision of being an open, transparent and accessible government.

## **SUSTAINABILITY**

The Report of Council Remuneration and Expense Payments for 2017 is required as part of the Financial Information Act. This reporting supports the objectives of the City's Sustainability Charter 2.0, specifically the following corporate sustainability objective:

- Corporate SO8: Work towards corporate financial sustainability, including in the City's financial reporting.

## **CONCLUSION**

The *Community Charter* requires that municipalities present a report to Council at least once a year that separately lists for each member of Council, their remuneration, expenses and benefits, as well as details of any municipal contracts. Based on the above discussion, it is recommended that Council receive this report as information.

Kam Grewal, CPA, CMA  
General Manager,  
Finance
