# **REPORT** FROM THE GENERAL MANAGER, FINANCE

### MAY 7, 2018

#### To Mayor Linda Hepner and Members of City Council

It is my pleasure to submit the Annual Financial Report for the year ended December 31, 2017. The purpose of this report is to publish the Consolidated Financial Statements and the Auditor's Report for the City of Surrey, pursuant to Section 167 of the Community Charter.

The preparation of the consolidated financial statements is the responsibility of City Council and the management of the City of Surrey. The financial statements and related information have been prepared in accordance with Canadian Public Sector Accounting Standards as prescribed by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada (CPA). In addition to the City of Surrey, the reporting entity comprises all organizations, boards and enterprises financially accountable to the City of Surrey, including the Surrey Public Library, the Surrey Homelessness and Housing Society and the Surrey City Development Corporation.

The public accounting firm BDO Canada LLP, which was appointed by City Council as the external auditor, has given the City an unqualified audit opinion on the City's Consolidated Financial Statements, stating that in their professional opinion, the Consolidated Financial Statements present fairly, in all material respects, the consolidated financial position of the City of Surrey as at December 31, 2017, including its consolidated results of operations, its changes in net consolidated financial assets, and its consolidated cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

#### **FINANCIAL OVERVIEW**

#### 2017 in Review

The City continued its investment in civic facilities in 2017, with design and construction advancement for multiple projects including the new Cloverdale Sport and Ice Complex, North Surrey Sport and Ice Complex and the Clayton Hub, which will incorporate integrated arts, library, recreation and outdoor space in a single facility to serve the communities of East and West Clayton. In the residential development sector, the trend towards the construction of multi-family dwellings has continued into 2017, as single family property values continue to increase. The City Centre continues to attract large scale residential projects including low-rise and high-rise developments; all reflective of the continued growth in our population, which in, turn leads to strong housing demand. The City also commenced early design work in preparation for the Light Rail Transit (LRT) project which will underpin our City's transit network for years to come and will shape our current and future neighbourhoods.

The City's revenues in 2017 totaled \$1,024.3 million, which is an increase in comparison to revenues of \$914.7 million collected in 2016. This increase was attributable primarily to additional property taxes, utility fees, licenses, permits, development cost charges and developer contributions. The additional revenue generated from the increased property related fees and taxes were required to support a \$13.4 million budgeted increase in public safety along with a \$15.6 million budgeted increase in support for necessary labour and inflationary cost increases and other various corporate funding requirements.

The City's expenses totaled \$737.2 million in 2017, which was an increase in comparison to expenses of \$698.8 million in 2016. This increase was primarily attributable to an increase in the RCMP contract, increases in parks, recreation and culture programming, and increases in the cost of roads and traffic safety, sewer, and solid waste.

#### **Investments**

City staff continues to administer our investment portfolio, generating a very significant revenue stream to support City services. The administration of the portfolio adheres to the City's investment policy, which complies with Community Charter requirements, outlines how City funds are to be invested to achieve reasonable returns and with investment security while meeting the City's cash flow requirements. The average portfolio balance related to the City's investments during 2017 was \$821.6 million (\$747.2 million in 2016), which earned \$17.5 million in interest in 2017 (\$16.5 million in 2016); of which \$0.8 million was earned specifically for deferred development cost charges (\$1.2 million in 2016). The average rate of return during 2017 on the City's investment portfolio was 1.95% (2.05% in 2016).

#### **Reserve Funds**

The City's statutory reserve funds amount to \$124.9 million at the end of 2017 compared to a balance of \$116.9 million at the end of 2016. This increase is mainly due to increases to the Park Land Acquisition and Neighbourhood Concept Plans reserves. The deferred development cost charge balance at the end of 2017 was \$254.3 million, which is a decrease over the balance of \$267.0 million at the end of 2016. This is a reflection of the City's steady development activity. These funds will be used to fund capital projects that are listed in the City's Five-Year (2018-2022) Financial Plan.

#### **Financial Position**

The financial position is calculated as financial assets less liabilities, and results in either a net financial asset or a net financial debt. A net financial asset position is an indicator of the funds available for future expenditures, and a net financial debt position is an indicator of funds required to pay for past expenditures.

In 2017, the City's financial position decreased by \$35.6 million resulting in a net financial asset position of \$23.0 million mainly due to net capital acquisitions offset by the City's annual consolidated surplus (revenues exceeding expenses) of \$287.1 million.

The City's non-financial assets increased in 2017 by \$322.8 million, bringing the total to \$8.6 billion. The increase is the net result of capital additions of physical assets in the year offset by disposals and amortization expense.

The result of the decrease in financial position and increase in non-financial assets was accumulated surplus increasing in 2017 to \$8.7 billion (2016 - \$8.4 billion). Overall, the City continues to maintain a strong financial position.

#### THE FUTURE

Our City continues its journey of growth and change, driven by our steady population increase, in particular young families that choose to make this great City their home. Our current and future residents will require significant investments on the part of the City in relation to infrastructure, civic facilities and services. The City, with support and direction from Mayor and Council, has already commenced several key capital investments that will support our residents' demands. These projects include the Cloverdale Sport and Ice Complex, North Surrey Sport and Ice Complex, and the Clayton Hub, where residents will be offered social, recreational and library services from one location. Significant investments are also needed to our civic infrastructure, perhaps none more important to the future of the City than our Light Rail Transit (LRT) project that has already commenced with preliminary works in 2017. LRT will shape and impact our City like no other capital project before it, laying the foundation to our City's transportation needs for years to come.

With significant growth and the related demand for capital investments, coupled with increased demand for general City services including public safety and recreational programming, the City must continue to effectively manage its resources and exercise fiscal responsibility to ensure residents receive maximum value for their tax dollars.

Working under the direction and guidance of City Council, the City has been, and continues to be, in a strong financial position to deliver a high quality of service and capital infrastructure to its residents and businesses for years to come.

Respectfully submitted,

Kam Grewal, CPA, CMA General Manager, Finance **CITY OF SURREY**

#### INDEPENDENT AUDITOR'S REPORT

#### To the Mayor and Councilors of the City of Surrey

We have audited the accompanying financial statements of the City of Surrey, which comprise the Consolidated Statement of Financial Position as at December 31, 2017, the Consolidated Statement of Operations, Consolidated Statement of Changes in Net Financial Assets and Consolidated Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the City of Surrey as at December 31, 2017 and its consolidated results of operations, changes in net consolidated financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### Other Matters

The comparative figures presented in these financial statements for the year ended December 31, 2016 were audited by another firm of Chartered Professional Accountants who expressed an unmodified opinion in their report dated May 8, 2017.

#### **Unaudited Information**

We have not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the schedules 1 - 6 of the City of Surrey's consolidated financial statements.

#### b) Trust Funds

These funds account for assets which must be administered as directed by agreement or statute for certain beneficiaries. In accordance with PSAB recommendations on financial statement presentation for local governments, trust funds are not included in the City's consolidated financial statements. #### c) Revenue recognition

Revenues are recognized in the period in which the transaction or event occurs that give rise to the revenues. All revenues are recorded on an accrual basis, except when the amounts cannot be determined with a reasonable degree of certainty or when their estimation is impractical.

The City is required to act as the agent for the collection of certain taxes and fees imposed by other authorities. Collections for other authorities are excluded from the City's taxation revenues.

Revenue recognition on sales of properties occurs when the City has transferred the significant risks and rewards of ownership. Property lease revenue includes all amounts earned from tenants, including property tax and operating cost recoveries. Lease revenues are recognized on a straight-line basis over the term of the lease. Consulting revenue is recorded at the time services are provided.

Restricted transfers from governments are deferred and recognized as revenue in the period the stipulations in the related agreement are met.

Unrestricted transfers are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

#### d) Deferred revenue

The City defers the portion of the revenue collected from permits, licenses and other fees relating to services not yet rendered. This revenue is recognized in the year in which related inspections are performed or other related services are provided.

#### e) Investment income

#### g) Properties held-for-sale

#### h) Investments

City investments consist of demand deposits, short-term investments, bonds and debentures, which are recorded at amortized cost. Discounts and premiums arising on the purchase of these investments are amortized over the term of the investments on a straight line basis.

#### 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### i) Employee future benefits

The City and its employees participate in the Municipal Pension Plan. The Municipal Pension Plan is a multi-employer contributory defined benefit pension plan. Payments in the year are expensed.

Sick leave and post-employment benefits also accrue to the City's employees. The liability relating to these benefits is actuarially determined based on length of service, best estimates of retirement ages and expected future salary and wage increases. The liabilities under these benefit plans are accrued based on projected benefits pro-rated as employees render services necessary to earn the future benefits.

Actuarial gains or losses are amortized over the expected average remaining service life of the related employee group.

The liability for event driven benefits, such as disability benefits, is calculated after the event occurs. The expense is recognized in the year the event occurs.

#### j) Budget data

The budget data presented in these consolidated financial statements was included in the City of Surrey 2017 – 2021 Consolidated Financial Plan and was adopted through Bylaw #18955 on December 19, 2016.

#### k) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

#### i) Tangible capital assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

| ASSET                      | USEFUL LIFE - YEARS |     |
|----------------------------|---------------------|-----|
| Land improvements          | 12 -                | 60  |
| Buildings and improvements | 10 -                | 50  |
| Infrastructure             | 10 - 1              | 100 |
| Machinery and equipment    | 5 -                 | 40  |

Annual amortization is charged commencing on the date the asset is acquired or available for use. Work-in-progress amounts are not amortized until the asset is put into service.

#### ii) Interest capitalization

The City does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

#### iii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and are recorded as revenue. These assets include some land, road infrastructure, water and wastewater infrastructure, machinery and equipment assets.

#### iv) Intangible assets

For the year ended December 31, 2017 [tabular amounts in thousands of dollars]

#### 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### k) Non-financial assets (continued)

#### v) Tangible capital assets disclosed at nominal values

Where an estimate of fair value is not determinable, the tangible capital asset is recognized at a nominal value.

#### vi) Write-down of tangible capital assets

Tangible capital assets are written down when conditions indicate that they no longer contribute to the City's ability to provide goods and services. Any impairment is accounted for as an expense in the consolidated statement of operations.

#### vii) Leases

Leases are classified as capital or operating leases. Leases that transfer substantially all the benefits and risks incidental to ownership of the property are accounted for as capital leases and the related asset and obligation are recorded on the statement of financial position. All other leases are accounted for as operating leases and the related lease payments are expensed as incurred.

#### viii) Inventories of supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

#### Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating contributed tangible capital assets, developer contributions, useful lives for amortization, provisions for accrued liabilities, contingencies and in performing actuarial valuations of employee future benefits.

Actual results could differ from these estimates.

#### m) Segment disclosure

A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information to achieve the objectives of the standard. The City of Surrey has provided definitions of segments used by the City as well as presented financial information in segmented format (note 18).

#### n) Liabilities for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all of the following criteria are met:

- · An environmental standard exists;
- · Contamination exceeds an environmental standard;
- The City is directly responsible or accepts responsibility;
- The City expects that future economic benefits will be given up; and,
- A reasonable estimate of the amount can be made.

The liability is measured as management's estimate of the cost of remediation and post remediation, including operations, maintenance and monitoring, which are an integral part of the remediation strategy for a contaminated site. The liability is recorded net of any expected recoveries.

## NOTES TO THE CONSOLIDATED CITY OF SURREY FINANCIAL STATEMENTS

For the year ended December 31, 2017 [tabular amounts in thousands of dollars]

#### 9. EMPLOYEE FUTURE BENEFITS

The City provides certain post-employment and sick leave benefits to its employees. These benefits include accumulated non-vested sick leave, post-employment service pay and post-retirement top-ups for dental, life insurance and accidental death, dismemberment insurance, vacation deferral, supplementary vacation and benefit continuation for disabled employees. The liability associated with these benefits is calculated based on the present value of expected future payments pro-rated for services, and is included in accounts payable and accrued liabilities.

An actuarial valuation for these benefits was performed to determine the City's accrued benefit obligation as at December 31, 2017. The difference between the actuarially determined accrued benefit obligation of \$25.0 million and the accrued benefit liability of \$27.1 million as at December 31, 2017 is an unamortized actuarial gain of \$2.1 million. The actuarial gain is amortized over a period equal to the employees' average remaining service life of 11 years (2016 – 11 years).

#### a) Work-in-progress

Work-in-progress is comprised of costs related to projects currently under planning, development or construction that will result in a tangible capital asset at a future date. Such costs are capitalized until such time as the property is ready for use or sale.

Work-in-progress having a value of \$355.4 million (2016 - \$275.1 million) has not been amortized. Amortization of these assets will commence when each specific asset is put into service.

#### b) Contributed Tangible Capital Assets

Contributed tangible capital assets have been recognized at fair value at the date of contribution. The value of contributed assets received during the year is \$151.6 million (2016 - \$114.2 million) comprised of roads infrastructure in the amount of \$125.3 million (2016 - \$92.4 million), water and wastewater infrastructure in the amount of \$17.3 million (2016 - \$12.6 million) and land in the amount of \$9.0 million (2016 - \$9.2 million), including improvements.

#### c) Biofuel Processing facility

The City has entered into a 25-year agreement with Orgaworld Surrey Limited Partnership (the "Operator") to design, build, finance, operate and maintain the Surrey Organics Biofuel Processing facility. The City has provided the land upon which the facility is being constructed and the Government of Canada will fund 25% of the construction costs up to a maximum of \$16 million, to be received through a P3 Canada Infrastructure Grant. The constructions costs, as at December 31, 2017, were \$49.7 million. Under the agreement, the City has guaranteed to deliver to the Operator a minimum tonnage of City Organic Waste (as defined in the Agreement) for processing. The City will make payments to the Operator for acceptance of City Organic Waste in accordance with a specified formula. The Operator will also have the right to earn revenue from the delivery/acceptance of organic waste from third parties. In return the City will receive 100% of the biomethane produced at the facility and will share in certain other revenues generated at the facility. Upon expiry of the lease term the facility will become the asset of the City.

The facility is expected to be completed and commence operation in 2018. The City recorded the facility on its financial statements as a tangible capital asset in the amount of its cost of construction being \$49.7 million (2016 – nil). The City also recorded a liability representing future obligations to the Operator in an amount equal to the construction cost of the facility (no payments were made on the liability in 2017). The liability will be reduced over the term of the agreement as payments are made to the Operator.

#### d) Works of Art and Historical Cultural Assets

The City manages and controls various works of art and non-operational historical cultural assets including buildings, artifacts, paintings and sculptures located at City sites and public display areas. These assets are not recorded as tangible capital assets and are not amortized.

#### e) Write-down of Tangible Capital Assets

No impairments were identified or recorded during the year ended December 31, 2017 and 2016.

### NOTES TO THE CONSOLIDATED CITY OF SURREY FINANCIAL STATEMENTS

For the year ended December 31, 2017 [tabular amounts in thousands of dollars]

#### 12. COMMITMENTS AND CONTINGENCIES

- a) The City has significant future contractual commitments for incomplete capital acquisitions and capital construction projects in progress. The City records the capital costs incurred to the end of the year on these projects as work in progress under tangible capital assets. To provide for the completion of the projects, unexpended budget money for incomplete projects is appropriated as Committed Funds (see note 11). The Financial Plan, updated annually, provides for the financing of these and future obligations within the estimated financial resources of the City.
- b) The City has a contingent liability with respect to debentures of the Greater Vancouver Water District, Greater Vancouver Sewerage and Drainage District and Greater Vancouver Regional District, to the extent provided in their respective Enabling Acts, Acts of Incorporation and Amending Acts. Management does not consider payment under this contingency to be likely and therefore no amounts have been accrued.
- c) The City is a shareholder of the Emergency Communications for Southwest British Columbia Incorporated (E-Comm) whose services provided include: regional 9-1-1 call centre for the Metro Vancouver Regional District; Wide Area Radio network; dispatch operations; and records management. The City holds 2 Class "A" shares and 1 Class "B" share (of a total of 29 Class "A" and 23 Class "B" shares issued and outstanding as at December 31, 2017). As a Class "A" shareholder, the City shares in both funding the future operations and capital obligations of E-Comm (in accordance with a cost sharing formula), including any lease obligations committed to by E-Comm up to the shareholder's withdrawal date. As a Class "B" shareholder, the City is obligated to share in funding of the ongoing operating costs. In accordance with the members' agreement, upon withdrawal from E-Comm, class A shareholders shall be obligated to pay to the withdrawal date as requested by E-Comm their share of the Class A shareholders' obligation to any long-term capital obligations, including any lease obligations. This includes any lease obligations or repayments thereof committed to by E-Comm up to the withdrawal date.
- d) The City is, from time to time, engaged in or party to certain legal actions, assessment appeals and other existing conditions involving uncertainty which may result in material losses. The outcome and amounts that may be payable, if any, under some of these claims, cannot be determined and accordingly only those claims in which a payment is considered likely and the amounts can be reasonably estimated have been recorded in the financial statements as a liability.
- e) The City insures itself through a combination of insurance policies and self-insurance. The City has a funded self-insurance appropriation included in accumulated surplus (note 11). Based on estimates, this appropriation reasonably provides for all outstanding claims where the outcome is not currently determinable.

#### f) Debt Reserve Fund Demand Note

The City has a contingent liability with respect to the Municipal Finance Authority of BC's ("MFA") Debt Reserve Fund Demand Notes. This contingent liability is a condition of the borrowings undertaken by the City.

As a condition for each debenture issue, the City is required to execute demand notes in connection with each debenture whereby the City may be required to loan certain amounts to the MFA. The debt agreement with the MFA provides that if at any time the scheduled payments provided for in the agreement are not sufficient to meet the MFA's obligations in respect to such borrowing, the resulting deficiency becomes the joint and severed liability of the City and all other participants to the agreement through the MFA. The City is similarly liable on a contingent basis for the debt of other municipalities secured through the MFA.

#### g) Policing services

The City entered into a contract with the Provincial Government that provides for the Royal Canadian Mounted Police ("RCMP") to deliver policing services for the City through to March 31, 2032.

#### 13. PENSION PLAN

The City and its employees contribute to the Municipal Pension Plan (the "Plan"), a jointly trusteed pension plan. The Board of Trustees, representing plan members and employers, is responsible for administering the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits provided are based on a formula. As at December 31, 2017, the Plan has about 193,000 active members and approximately 90,000 retired members. Active members include approximately 38,000 contributors from local government.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The most recent valuation for the Plan as at December 31, 2015, indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. The next valuation will be as at December 31, 2018, with results available in 2019.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

The City paid \$18.4 million (2016 - \$17.6 million) for employer contributions while employees contributed \$15.3 million (2016 - \$14.7 million) to the Plan in 2017.

# CITY OF SURREY STATEMENT OF FINANCIAL INFORMATION (SOFI)

FOR THE YEAR ENDED DECEMBER 31, 2017

## SCHEDULE OF REMUNERATION AND EXPENSES CITY EMPLOYEES

|   | EMPLOYEE<br>NAME   | BASE SALARY<br>EMUNERATION | <br>XABLE BENEFIT & OTHER * | TOTAL<br>EXPENSES  |
|---|--------------------|----------------------------|-----------------------------|--------------------|
| , | Consolidated Total | \$<br>185,211,709.20       | \$<br>16,302,332.72         | \$<br>1,649,447.86 |

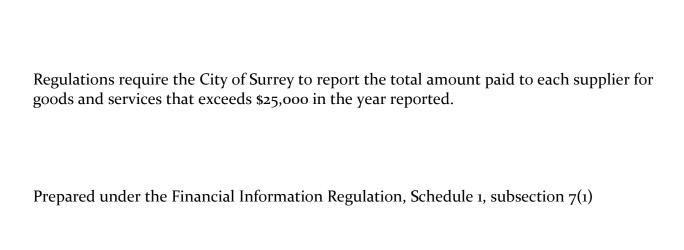

<sup>\*</sup> Taxable Benefit & Other" includes payout of earned time for vacation, gratuity payments, pay for performance, banked time, and/or vehicle allowances.

The variance between the Schedule of Remuneration and Expenses and the Salaries and benefits expenses reported on the consolidated financial statements of the City are due to various factors including:

- The Remuneration and Expenses schedule is based on actual cash payments made during the fiscal year (including payouts of vacation, gratuity, and overtime banks) whereas the consolidated financial statement figure is determined on an accrual basis;
- The Remuneration and Expenses schedule excludes the Surrey Public Library and Surrey City Development Corporation; and,
- The Salaries and benefits includes benefits that are recorded at full cost (including overhead allocations) on the consolidated financial statements and includes items such as employer portions of federal deductions, retirement benefits and medical benefits.

Prepared under the Financial Information Regulation, Schedule 1, subsection 6(7)
