INFORMATION FOR CONTRACTORS

Contractors are advised that Addendum No. 2 to 1220-040-2021-001 is hereby issued by the City. This addendum shall form part of the contract documents and is to be read, interpreted and coordinated with all other parts. The following information is provided to answer question raised by Contractors for the above-named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractors or any sub-contractor not being familiar with this addendum. This Addendum No. 2 contains one (1) page.

QUESTION AND ANSWER:

Q1. In the RFQ documents it states:

3. CCTV EQUIPMENT REQUIREMENTS

The Contractor will supply and deliver Avigilon CCTV cameras for the purpose of upgrades to the City's current systems. The City is requesting Quotations for the exact types of equipment listed below.

The Goods will be installed at various locations throughout the City. These locations may include but are not limited to civic facilities or other properties owned by the City. All required accessories to supply power, shall be included with the camera.

Please confirm that this is not referring to PoE injectors as we assume that power for the camera(s) is provided by PoE switches outside of the scope of supply.

A1. The City does not need PoE power injectors because they are not listed in the Bill of Materials. What is listed in the Bill of Materials is all that the City is looking for.

All Addenda will become part of the Contract Documents.
