INFORMATION FOR CONTRACTORS

Contractors are advised that Addendum No. 1 to 1220-040-2022-042 is hereby issued by the City. This addendum shall form part of the contract documents and is to be read, interpreted and coordinated with all other parts. The following information is provided to answer questions raised by Contractors for the above-named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractors or any sub-contractor not being familiar with this addendum. This Addendum No. 1 contains two (2) page/s.

QUESTIONS AND ANSWERS:

- Q1.** Can the FortiGate FG401E and/or FG601E be considered as acceptable substitutions?
- A1.** **The City is not willing to accept the proposed Goods as a substitution as it does not meet the specifications noted in Schedule A, 2.**
- Q2.** Page 21 (Schedule A) It states that the scope is to replace "a High Availability pair at one of the 40+ sites that has reached EOL (end of life)". Does Surrey want us to consider that the successful proponent of this RFP will automatically get the contract to renew those assets as well (and as a result is looking for preferential pricing)?
- A2.** **The scope is only to replace the Goods specified within the solicitation. No additional business associated to this solicitation.**

Q3. Page 17 (18.6): Is there an expectation by Surrey for the contractor to install these assets or just deliver them? Section 18.6 (Page 17) implies that the contractor installs these assets but that is not specified anywhere in the RFP.

A3. Installation is not part of the scope.

Q4. Delivery Timeline: Is there a "must have" date for the initial assets for the 1st location and if so, what is that date?

A4. The City would prefer to receive the Goods as soon as possible.

All Addenda will become part of the Contract Documents.
