ADDENDUM No. 1

REQUEST FOR STANDING OFFER AGREEMENT No.:	1220-060-2024-006
TITLE:	Hazardous Waste Collection and Disposal Services
ADDENDUM ISSUE DATE:	July 17, 2024
DATE:	PREFER TO RECEIVE SUBMISSION ON OR BEFORE JULY 31, 2024

INFORMATION FOR CONTRACTORS

Contractors are advised that Addendum No.1 to 1220-060-2024-006 is hereby issued by the City. This addendum shall form part of the contract documents and is to be read, interpreted and coordinated with all other parts. The following information is provided to answer questions raised by Contractors for the above-named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractors or any sub-contractor not being familiar with this addendum. This Addendum No. 1 contains 2 (two) page/s.

QUESTIONS AND ANSWERS:

- Q1.** In Section 12 – Communication (e), the emergency services response time is stated to be within two hours for time-sensitive and emergency services, but in Table 7 – Response Times the maximum response time is stated to be one hour, please confirm the required emergency services response time.
- A1.** The Contractor is expected to be on site within 2 hours, and this inconsistency is hereby amended as follows:

Delete Schedule B – Application for a Standing Offer Agreement in its entirety and substitute with the new Schedule B – Application for a Standing Offer Agreement Add No. 1 as attached with this Addendum No. 1.

Q2. What kind of debris is “non-asbestos containing material” in the table below? Is it usually general garbage and/or construction debris?

Estimated Annual Workload	
Collection Hours	1000
Drywall Collected	68,000 kg
Asbestos Containing Material Collected	400 kg
Non-Asbestos Containing Material Collected	19,000 kg

A2. Non-asbestos containing material collected is typically general garbage or construction debris.

Q3. How is the material currently being classified/tested in the table below? Is it being done by the current vendor or 3rd party?

Estimated Annual Workload	
Collection Hours	1000
Drywall Collected	68,000 kg
Asbestos Containing Material Collected	400 kg
Non-Asbestos Containing Material Collected	19,000 kg

A3. All drywall including the presence of other material is categorized as asbestos containing. City staff conduct a preliminary site check to confirm asbestos containing material at the pickup location.

Q4. What type of work/conditions will trigger emergency services?

A4. Sites located on roadways, large volumes of material, or material in environmentally sensitive areas will require emergency service.

All Addenda will become part of the Contract Documents.
