INFORMATION FOR PROPONENTS

Proponents are advised that Addendum No. 1 to 1220-030-2024-021 is hereby issued by the City. This addendum shall form part of the contract documents and is to be read, interpreted and coordinated with all other parts. The following information is provided to answer questions raised by the Proponents for the above-named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Proponents or any sub-contractor not being familiar with this addendum. This Addendum No. 1 contains two (2) pages.

QUESTIONS AND ANSWERS:

Q1. Is an architect required or is a B.C. P.Eng. satisfactory for the project given indication of “as required” in section 1.1.2.a and that the project is targeting like-for-like scope of work?

A1. The City is unclear on the progress of proposed changes affecting Building Enclosure Engineer/Architect regulations for rehabilitation projects. The recent communication on Bulletin 34 was incomplete and doesn't adequately reflect the current situation. This issue is undergoing review and discussion, and further information will be provided when it becomes available. Proponents are to make appropriate allowances and clearly indicate assumptions in their Proposal. Subject to regulation changes, the City will accept either to

capture Schedule B architectural requirements for Building Permit compliance or serve as Coordinating Registered Professional.

All Addenda will become part of the Contract Documents.
