The following information is provided to answer questions raised by Contractors for the above-named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractors or any sub-contractor not being familiar with this addendum. This Addendum No. 1 contains two (2) pages.

REVISED DATE:

Under Section 3 – Date:
Delete April 25, 2023 and substitute May 4, 2023.

QUESTIONS AND ANSWERS:

- Q1. Does “deposition site” mean final disposal facility for these soils in that the facility can accept the levels of contaminants found within the street sweeping soil stockpiles?
- A1. Yes.
- Q2. Do these soils need to be sampled for contaminants before being shipped for disposal?
- A2. This is for the successful Contractor to propose.
- Q3. Is the City going to store this material on their sites each time they perform a street sweeping service and accumulate enough soils before they are to be shipped for disposal?
- A3. The City hopes to stockpile and ship the material out monthly..

Q4. Is the Contractor required to use their own equipment to load out stockpiles of these soils to be shipped for final disposal or is the City going to supply this service?

A4. This is for the successful Contractor to propose.

Q5. Please provide approximate volumes on the waste for disposal (volumes from pervious years), as things like mobilization, onsite loading equipment, and trucking will vary significantly based on volume.?

A5. About 6,000 tons annually.

All Addenda will become part of the Contract Documents.
