INFORMATION FOR CONTRACTORS

Contractors are advised that Addendum No. 1 to 1220-030-2023-028 is hereby issued by the City. This addendum shall form part of the contract documents and is to be read, interpreted and coordinated with all other parts. The following information is provided to answer questions raised by Contractors for the above-named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractors or any sub-contractor not being familiar with this addendum. This Addendum No. 1 contains two (2) pages.

REVISIONS TO SCHEDULE B – APPENDIX 2 DRAWINGS AND SUPPLEMENTARY SPECIFICATIONS-PROJECT:

Refer to the attached Electrical Addendum 1.pdf issued by O'M Engineering on April 11, 2023 (1 Page) that has been uploaded with this Addendum.

QUESTIONS AND ANSWERS:

Q1. Is there any storage available on site?

A1. Yes, the City can make arrangements to store equipment and materials on site. However, the Contractor bears all responsibility for any equipment or materials in storage including any damage, theft or other potential losses.

Q2. Are there any specific requirements for the lifting equipment?

- A2.** Lifts must be electric and run on pneumatic tires or soft rubber tires to prevent damage to the concrete floor.
- Q3.** Are there any requirements for flooring protection?
- A3.** The vicinity of the work area must be protected from falling objects and debris by 3/4" sheets of plywood.
- Q4.** Is there a specific height for light fixture installation or can Contractors install directly on the wood beam?
- A4.** The average mounting height is around 40ft and will be in the same location as the existing fixtures. The fixtures are to be suspended below the existing sound battles, to avoid any obstruction of the light distribution.

All Addenda will become part of the Contract Documents.
