**A1. The stop bar loops are circular in shape with 1.8m diameter, whereas the setback loops are rectangular in shape with 2m x 4m dimensions.**

**Q2. Are the original drawings available for these intersections, so that existing conduit and wire runs can be seen?**

**A2. As-built drawings for the intersections are available on the City's COSMOS: <https://cosmos.surrey.ca/external/>. Use the "Document Search" feature to pull the as-built drawings by drawing a box around a particular intersection.**
