The Proposal should be executed by all of the authorized signatories or by one or more of them provided that a copy of the corporate resolution authorizing those persons to execute the Proposal on behalf of the corporation is submitted;
- (b) If the Proponent is a partnership or joint venture then the name of the partnership or joint venture and the name of each partner or joint venturer should be included, and each partner or joint venturer should sign personally (or, if one or more person(s) have signing authority for the partnership or joint venture, the partnership or joint venture should provide evidence to the satisfaction of the City that the person(s) signing have signing authority for the partnership or joint venture). If a partner or joint venturer is a corporation then such corporation should sign as indicated in subsection (a) above; or
- (c) If the Proponent is an individual, including a sole proprietorship, the name of the individual should be included.

4. EVALUATION AND SELECTION

4.1 Evaluation Team

The evaluation of Proposals will be undertaken on behalf of the City by an evaluation team appointed by the City (the “**Evaluation Team**”), which may consist of one or more persons. The Evaluation Team may consult with others including City staff members, third party consultants and references, as the Evaluation Team may in its discretion decide is required. The Evaluation Team will give a written recommendation for the selection of a Preferred Proponent or Preferred Proponents to the City.

4.2 Evaluation Criteria

The Evaluation Team will compare and evaluate all Proposals to determine each Proponent's strength and ability to provide the Services in order to determine the Proposal, or Proposals, which are most advantageous to the City, using the following criteria:

- (a) Experience, Reputation and Resources – The Proponent's experience, reputation and resources as applicable to the performance of the Services.

For this evaluation criterion The Evaluation Team will consider the Proponent's responses to items in Schedule C-2.

- (b) Technical – The Proponent's technical proposal for the performance of the Services as outlined in the Proponent's responses to items in Schedule C-3 and Schedule C-4.

- (c) Financial – The Proponent’s financial proposal for the performance of the Services as described in the Proponent’s response to Schedule C-5.
- (d) Statement of Departures - The Evaluation Team will consider the Proponent's response to Schedule C-1.

The Evaluation Team will not be limited to the criteria referred to above, and the Evaluation Team may consider other criteria that the Evaluation Team identifies as relevant during the evaluation process. The Evaluation Team may apply the evaluation criteria on a comparative basis, evaluating the Proposals by comparing one Proponent’s Proposal to another Proponent’s Proposal. All criteria considered will be applied evenly and fairly to all Proposals.

4.3 Discrepancies in Proponent's Financial Proposal

If there are any obvious discrepancies, errors or omissions in Schedule C-5 of a Proposal (Proponent's Financial Proposal), then the City shall be entitled to make obvious corrections, but only if, and to the extent, the corrections are apparent from the Proposal as submitted, and in particular:

- (a) if there is a discrepancy between a unit price and the extended total, then the unit prices shall be deemed to be correct, and corresponding corrections will be made to the extended totals;
- (b) if a unit price has been given but the corresponding extended total has been omitted, then the extended total will be calculated from the unit price and the estimated quantity; and
- (c) if an extended total has been given but the corresponding unit price has been omitted, then the unit price will be calculated from the extended total and the estimated quantity.

4.4 Litigation

In addition to any other provision of this RFP, the City may, in its absolute discretion, reject a Proposal if the Proponent, or any officer or director of the Proponent submitting the Proposal, is or has been engaged directly or indirectly in a legal action against the City, its elected or appointed officers, representatives or employees in relation to any matter, or if the City has initiated legal action against any officers or directors of the Proponent.

In determining whether or not to reject a Proposal under this Section, the City will consider whether the litigation is likely to affect the Proponent’s ability to work with the City, its consultants and representatives and whether the City’s experience with the Proponent indicates that there is a risk the City will incur increased staff and legal costs in the administration of the Agreement if it is awarded to the Proponent.

4.5 Additional Information

The Evaluation Team may, at its discretion, request clarifications or additional information from a Proponent with respect to any Proposal, and the Evaluation Team may make such

requests to only selected Proponents. The Evaluation Team may consider such clarifications or additional information in evaluating a Proposal.

4.6 Interviews

The Evaluation Team may, at its discretion, invite some or all of the Proponents to appear before the Evaluation Team to provide clarifications of their Proposals. In such event, the Evaluation Team will be entitled to consider the answers received in evaluating Proposals.

4.7 Multiple Preferred Proponents

The City reserves the right and discretion to divide up the Services, either by scope, geographic area, or other basis as the City may decide, and to select one or more Preferred Proponents to enter into discussions with the City for one or more Contracts to perform a portion or portions of the Services. If the City exercises its discretion to divide up the Services, the City will do so reasonably having regard for the RFP and the basis of Proposals.

In addition to any other provision of this RFP, Proposals may be evaluated on the basis of advantages and disadvantages to the City that might result or be achieved from the City dividing up the Services and entering into one or more Contracts with one or more Proponents.

4.8 Negotiation of Contract and Award

If the City selects a Preferred Proponent or Preferred Proponents, then it may:

- (a) enter into a Contract with the Preferred Proponent(s); or
- (b) enter into discussions with the Preferred Proponent(s) to attempt to finalize the terms of the Contract(s), including financial terms, and such discussions may include:
 - (1) clarification of any outstanding issues arising from the Preferred Proponent's Proposal;
 - (2) negotiation of amendments to the departures to the draft Contract, if any, proposed by the Preferred Proponent as set in Schedule C-1 to the Preferred Proponent's Proposal; and
 - (3) negotiation of amendments to the Preferred Proponent's price(s) as set out in Schedule C-5 to the Preferred Proponent's Proposal and/or scope of Services if:
 - (A) the Preferred Proponent's financial Proposal exceeds the City's approved budget, or
 - (B) the City reasonably concludes the Preferred Proponent's financial proposal includes a price(s) that is unbalanced, or
 - (C) a knowledgeable third party would judge that the Preferred Proponent's price(s) materially exceed a fair market price(s) for services similar to the Services offered by the Preferred Proponent as described in the Preferred Proponent's Proposal; or
- (c) if at any time the City reasonably forms the opinion that a mutually acceptable agreement is not likely to be reached within a reasonable time, give the Preferred Proponent(s) written notice to terminate discussions, in which event the City may then either open discussions with another Proponent or terminate this RFP and retain or obtain the Services in some other manner.

5. GENERAL CONDITIONS

5.1 No City Obligation

Notwithstanding any other provision in this RFP, this RFP is not a tender and does not commit the City in any way to select a Preferred Proponent, or to proceed to negotiations for a Contract, or to award any Contract, and the City reserves the right to at any time, and for any reason, reject all Proposals, and to terminate this RFP process without further explanation. The City is under no obligation to consider any Proposal, including the Proposal with the lowest price, or to select as the Preferred Proponent the Proponent that submits the Proposals with the lowest price.

5.2 Proponent's Expenses

Proponents are solely responsible for their own expenses in preparing, and submitting Proposals, and for any meetings, negotiations or discussions with the City or its representatives and consultants, relating to or arising from this RFP. The City and its representatives, agents, consultants and advisors will not be liable to any Proponent for any claims, whether for costs, expenses, losses or damages, or loss of anticipated profits, or for any other matter whatsoever, incurred by the Proponent in preparing and submitting a Proposal, or participating in negotiations for a Contract, or other activity related to or arising out of this RFP.

5.3 No Contract

By submitting a Proposal and participating in the process as outlined in this RFP, Proponents expressly agree that no contract of any kind is formed under, or arises from this RFP, prior to the signing of a formal written Contract.

5.4 Conflict of Interest

A Proponent shall disclose in its Proposal any actual or potential conflicts of interest and existing business relationships it may have with the City, its elected or appointed officials or employees. The City may rely on such disclosure.

5.5 Solicitation of Council Members, City Staff and City Consultants

Proponents and their agents will not contact any member of the City Council, City staff or City consultants with respect to this RFP, other than the City Representative named in section 2.5, at any time prior to the award of a contract or the cancellation of this RFP and which could be viewed as one Proponent attempting to seek an unfair advantage over other Proponents.

5.6 Confidentiality

All submissions become the property of the City and will not be returned to the Proponent. All submissions will be held in confidence by the City unless otherwise required by law. Proponents should be aware the City is a "public body" defined by and subject to the *Freedom of Information and Protection of Privacy Act* of British Columbia.

5.7 No Claims

Each Proponent, by submitting a Proposal, irrevocably:

- (a) agrees that it will not bring any claim, demand, action, cause of action, suit or proceeding, whether arising in contract, tort (including negligence) or otherwise (a “**Claim**”) against the City or any of its employees, directors, officers, advisors or representatives, or any one of them, for any costs, damages or other compensation for any matter relating directly or indirectly to this RFP (including in the event that the City rejects or disqualifies or for any other reason fails to accept a Proposal, accepts a non-compliant Proposal or otherwise breaches, or fundamentally breaches, the terms of this RFP or any duties arising from this RFP; and
- (b) waives any Claim against the City and its employees, directors, officers, advisors or representatives, or any one of them, for any compensation of whatsoever nature or kind, including for loss of anticipated profits, loss of opportunity, indirect, incidental or consequential damages or losses if no contract is entered into for the Services between the Proponent and the City for any reason whatsoever, including in the event that the City rejects or disqualifies or for any other reason fails to accept a Proposal, accepts a non-compliant Proposal or otherwise breaches, or fundamentally breaches, the terms of this RFP or any duties arising from this RFP.

SCHEDULE A – SCOPE OF SERVICES

PROJECT TITLE: DELIVERING CLIMATE ACTION THROUGH UPDATES TO OFFICIAL COMMUNITY PLAN AND ZONING BYLAW

1. SERVICES

The City of Surrey (the “City”) is seeking to engage the research and planning services of a qualified consulting firm (the “Consultant”) to conduct a study that supports embedding climate action, including the City’s draft Climate Change Action Strategy (“CCAS”), into the City’s Zoning Bylaw and Official Community Plan (“OCP”). The project is being conducted in conjunction with BC Hydro and the outcomes of the project will include Surrey specific recommendations, actions, and policy direction, along with broader insights and learnings that can be shared with other BC municipalities. For the purposes of this Terms of Reference (“TOR”), climate action refers to both mitigation and adaptation strategies and actions that the City could take to tackle the climate crisis.

2. BACKGROUND & INTENT

2.1 Background

Both the Provincial Climate Change Accountability Act and the Federal Net-Zero Emissions Accountability Act require their respective governments to set emissions reduction targets and timelines and deliver credible, science-based plans to achieve them. In addition, the Provincial Local Government Act requires that an official community plan must include targets for the reduction of greenhouse gas emissions in the area covered by the plan, along with policies and actions to achieve those targets.

On November 4, 2019, Surrey City Council (“Council”) unanimously declared a climate emergency. On March 9, 2020, Council adopted targets to align with the Intergovernmental Panel on Climate Change (“IPCC”) Special Report on limiting global warming to 1.5C. Surrey’s OCP was updated to include these targets which are to:

- Reduce Surrey’s community greenhouse gas (“GHG”) emissions from non-agricultural and non-industrial activities to net zero before 2050.
- Show corporate leadership by demonstrating best practices in climate change mitigation by reducing City of Surrey corporate GHG emissions to absolute zero before 2050.

Land use planning is a critical tool for municipalities to use to achieve the City’s climate targets in line with the IPCC. Buildings in Surrey release nearly as much carbon pollution as all the vehicles on our roads, and the way we design our communities has a significant impact on travel choices, climate resilience and healthy ecosystems.

The OCP and Zoning Bylaw provide the foundation to support growth and guide land use planning in Surrey. The OCP is a visionary document that includes an articulated vision, objectives and policies to guide Surrey as it grows. It sets the stage for more detailed

implementation tools, such as the Zoning Bylaw, which is a critical tool for putting the broader policies identified in the OCP into action.

The City is currently finalizing CCAS for Council’s adoption in the near future. CCAS will provide a roadmap for Surrey to meet its 2050 GHG reduction targets, introduce interim GHG targets, and outline a framework of vision, goals, shifts and actions across six key components. Four of the six components include actions with potential implications or opportunities for the OCP and Zoning Bylaw updates, including: resilient 15-minute neighbourhoods, safe zero-carbon transportation, healthy zero-carbon buildings, and climate-positive resilient ecosystems.

Delivering Climate Action Through Updates To Official Community Plan And Zoning Bylaw (the “Study”) provides a timely opportunity to integrate more substantive climate action into the OCP and Zoning Bylaw documents, supporting implementation of CCAS. The Study will achieve this through:

1. A review of the existing Zoning Bylaw and OCP;
2. Recommendations for updates to policy and other document content; and
3. Recommendations for structural changes to documents.

2.2. Funding and Related Work

Funding from the Local Government Climate Action Program (“LGCAP”) is being used to support this project. As such, the work must align with priorities of the CleanBC Roadmap to 2030 and/or the BC Climate Preparedness and Adaptation Strategy.

A separate RFP (RFP 030-2023-014) will review Surrey’s building design guidelines to align them with carbon pollution limits and higher energy efficiency standards. This Study represents a broader review focused on the site, neighbourhood and city scales. It is intended that both RFPs will inform each other where appropriate and feasible given project timelines.

Both RFPs are supported with funding from BC Hydro. In accordance with the funding agreement, this Study will include an externally facing report to allow for dissemination of learnings to assist other municipalities in undertaking similar work (see Municipal Guidance Report in Section 4).

2.3 Intent/Objectives

The OCP and Zoning Bylaw updates offer two integration opportunities for climate action:

- 2.3.1 The OCP’s broad role is to guide land use and growth management within Surrey. The OCP is intended to be a statement of objectives and policies that guide municipal decision making, which are further expanded upon in bylaws and policies. This Study will identify linkages between broader climate action initiatives, CCAS, and the OCP in support of providing recommendations to update the OCP.
- 2.3.2 Many jurisdictions are implementing climate action into the development process through zoning bylaw reform to ensure land use regulations support low or zero

carbon buildings and climate-resilient sites. This Study will identify opportunities to embed climate action into the Zoning Bylaw.

3. SCOPE OF SERVICES

The scope of services includes outcomes to support updates to both the OCP and Zoning Bylaw.

3.1 Climate Action Integration into the OCP

3.1.1 General Scope

In the current OCP, climate action is included under the section “Ecosystems” within the “Energy, Emissions, and Climate Resiliency” sub-section. This sub-section covers six policy areas, including: general policy, buildings, land use, transportation, energy supply, and climate adaption. The City is seeking to identify opportunities to integrate climate action more comprehensively throughout the OCP, including options for updating the document structure and format.

One example initiative may include elevating climate action within the OCP by incorporating climate considerations throughout multiple sections of the document. This in turn will more clearly detail the linkages between land use planning and climate.

A second example initiative could be the use of climate action specific development permit (“DP”) areas. Under the BC Community Charter and Local Government Act, local governments may designate DP areas in an OCP to support climate action. To date, Surrey has not implemented this tool but would like to consider it as part of this review. Climate action objectives that can be supported through a DP area may include energy conservation, water conservation, and GHG emissions reduction.

The Consultant should review best practices, including OCPs (or similar plans) of other communities that are known leaders in sustainability and climate action to assess the current state of practice and explore opportunities for creative approaches and solutions.

3.1.2 Specific Climate Integration Opportunities in the OCP

In addition to the above noted general scope, staff have identified the following specific areas where amendments to the document may be warranted. Proponents will consider additional areas where applicable amendments and policy refinements may be considered.

Section	Opportunities
A. Context	Planning Challenges - Refine, rethink to better illustrate the urgency and need to address the climate crisis.
B. Vision	Vision and Elements - Refine, rethink to better reflect current priorities.

C. Designations	Direct opportunities exist in secondary plans to encourage energy efficient building designs (bonus density provisions, etc.). Consider opportunities here within the broader land use designations and neighbourhood design.
D. Land Use and Densities	
E. Policies	The existing themes in the OCP will likely be reworked as part of the update. Recognizing this, drawing on best practices and a gap analysis, identify where and how climate action content should be integrated in the update. For example, should it be captured under one theme or integrated into many themes?
F. Implementation	Development Permit Areas - Potential to establish formal DP requirements in Surrey to promote energy conservation, water conservation or the reduction of GHG emissions. Potential to refine DP for Form and Character. Sustainable Development Indicators - Potential to refine/add in relation to GHG reductions.

3.2 Climate Action Integration into the Zoning Bylaw

3.2.1 General Scope

Zoning plays a major role in developing a compact and complete community. The regulation of building form and development parameters directly impact a range of climate variables, such as GHG emissions, landscape and tree canopy coverage, urban heat impacts, watershed health, flood risk, biodiversity, and energy use. The Consultant will identify opportunities to refine or expand current zoning bylaw regulations, incentives and zones to encourage more energy efficient buildings and lower transportation related GHG emissions.

As with the OCP component of the Study, the Consultant will undertake a best practices review of zoning bylaws of leading municipalities.

3.2.2 Specific Climate Integration Opportunities in the Zoning Bylaw

In addition to the above noted general scope, staff have identified the following more specific opportunities to review, rethink, refine, and provide recommendation for zoning regulations.

Regulatory Area	Opportunities
A. Zoning Definitions	<ul style="list-style-type: none"> ○ Update zoning definitions to better illustrate and address climate action based on best practices and CCAS.
B. Floor Area Ratios	<ul style="list-style-type: none"> ○ Review floor area ratio definitions and exclusions and individual zone allowances to determine mechanisms that promote climate adaptation and incentivise better building design for energy efficiency.

C. Siting and Orientation of Buildings	<ul style="list-style-type: none"> ○ Review and provide recommendations for commercial building siting and orientation regulations.
D. Permitted Uses	<ul style="list-style-type: none"> ○ Consider primary and accessory uses or individual zones.
E. Density Bonusing and Amenity Contributions	<ul style="list-style-type: none"> ○ Update density bonus considerations to include incentives for zero carbon buildings and features based on best practices.
F. Landscaping	<ul style="list-style-type: none"> ○ Identify climate friendly landscaping considerations city wide and by individual zone where appropriate.
G. Site Coverage / Lot Coverage	<ul style="list-style-type: none"> ○ Update site and lot coverage requirements where appropriate.
H. On-Site Rainwater Features	<ul style="list-style-type: none"> ○ Explore including green roofs, living walls and on-site rainwater management features city-wide and by individual zone where appropriate.
I. Machinery, Equipment and Building Systems and or Structures.	<ul style="list-style-type: none"> ○ Identify opportunities to require, encourage, and/or reduce barriers to low-carbon on-site energy systems such as heat pumps, solar panels, and geo-exchange systems.
J. Parking Ratios	<ul style="list-style-type: none"> ○ Identify opportunities to address impacts that existing parking policies have on the provision of urban space, increased car usage, promotion of transit, and growing GHG emissions and provide best practice recommendations.

3.3 **Items Out of Scope**

The Consultant will meet with staff to finalize both the scope of work and work plan. The following are specifically not in scope:

- Consultant led direct stakeholder or public engagement (with the exception of engaging with mutually agreed upon City staff or staff from other municipalities that have recently gone through a similar exercise to incorporate climate action into their OCP and ZB);
- Accessibility assessments; and
- Removing balconies from Multiple Residential Buildings.

4. **STUDY REQUIREMENTS & DELIVERABLES**

The outcomes of the project will be shaped by an iterative process working with staff. Staff will be responsible for any public engagement if needed. The Consultant may be requested to attend presentations hosted by staff or City specialists (e.g. the Environment and Climate Change Committee). A set number of hours should be budgeted for this.

Key Activity	Suggested Resource Allocation
1. Review and summarize: <ul style="list-style-type: none"> a. Existing climate related commitments including the Provincial Climate Change Accountability Act, Federal Net-Zero Emissions Accountability Act, Paris Agreement, Local Government Act, Clean BC, Metro 2050, Transport 2050, etc. b. Key climate action gaps in Surrey’s OCP c. Key climate action gaps in Surrey’s Zoning Bylaw 	10%

Description	Estimated Dates
Draft Reports	December 1, 2023
Final Reports	February 2, 2024

The City’s Community Planning Division, in partnership with the Sustainability & Energy Services Division, invites you to respond with a proposal regarding the above. It should include the following:

- A description of the work to be undertaken to complete the assignment, including a detailed methodology;
- A work schedule with proposed start and completion dates, key milestones, and meetings with staff;
- Description of personnel and subcontractors; and
- A budget, including disbursements and applicable taxes.

This is a competitive public RFP process, built off an original RFEOI, in which the City has set an estimated maximum budget of \$110,000 to complete this work, inclusive of all taxes and disbursements. The City may request project scope refinements based on the discussion at the initial start-up meeting and in consideration of available budget.

Though the OCP and Zoning Bylaw will vary from one community to the next depending on community context(s), the lessons, examples, and recommendations captured and produced through this work will be useful to other BC municipalities. Newly identified climate action resources and examples will also be shared.

4. LIMITED AUTHORITY

4.1 Agent of City

The Consultant is not and this agreement does not render the Consultant an agent or employee of the City, and without limiting the above, the Consultant does not have authority to enter into any contract or reach any agreement on behalf of the City, except for the limited purposes as may be expressly set out in this agreement, or as necessary in order to perform the Services. The

Consultant will make such lack of authority clear to all persons with whom the Consultant deals in the course of providing the Services. Every vehicle used by the Consultant in the course of performing the services shall identify the Consultant by name and telephone number.

4.2 Independent Contractor

The Consultant is an independent contractor. This agreement does not create the relationship of employer and employee, a partnership, or a joint venture. The City will not control or direct the details, means or process by which the Consultant performs the Services. The Consultant will determine the number of days and hours of work required to properly and completely perform the Services. The Consultant is primarily responsible for performance of the Services and may not delegate or assign any Services to any other person except as provided for in Section 3.4. The Consultant will be solely liable for the wages, fringe benefits, work schedules and work conditions of any partners, employees or sub-contractors.

5. FEES

Subject to any contrary provisions set out in this Agreement:

 - (6) the total budget for the Services and the amount of the budget expended to the date of the Invoice;
 - (7) taxes (if any);
 - (8) grand total of the Invoice;
- (c) if the City reasonably determines that any portion of an Invoice is not payable then the City will so advise the Consultant;
- (d) the City will pay the portion of an Invoice which the City determines is payable less any deductions for setoffs or holdbacks permitted by this Agreement including, without limitation, any amounts permitted to be held back on account of deficiencies, within 30 days of the receipt of the Invoice;

- (e) if the Consultant offers the City a cash discount for early payment, then the City may, at the City's sole discretion, pay the discounted portion of an Invoice; and
- (f) all Invoices shall be stated in, and all payments made in, Canadian dollars.

5.4 Non-Residents

If the Consultant is a non-resident of Canada and does not provide to the City a waiver of regulation letter, the City will withhold and remit to the appropriate governmental authority the greater of:

- (a) 15% of each payment due to the Consultant; or
- (b) the amount required under applicable tax legislation.

6. CITY RESPONSIBILITIES

6.1 City Information

The City will, in co-operation with the Consultant make efforts to make available to the Consultant information, surveys, and reports which the City has in its files and records that relate to the Services. The Consultant will review any such material upon which the Consultant intends to rely and take reasonable steps to determine if that information is complete or accurate. The Consultant will assume all risks that the information is complete and accurate and the Consultant will advise the City in writing if in the Consultant's judgment the information is deficient or unreliable and undertake such new surveys and investigations as are necessary.

6.2 City Decisions

The City will in a timely manner make all decisions required under this agreement, examine documents submitted by the Consultant and respond to all requests for approval made by the Consultant pursuant to this agreement.

6.3 Notice of Defect

If the City observes or otherwise becomes aware of any fault or defect in the Services, it may notify the Consultant, but nothing in this agreement will be interpreted as giving the City the obligation to inspect or review the Consultant's performance of the Services.

7. INSURANCE AND DAMAGES

7.1 Indemnity

The Consultant will indemnify and save harmless the City and all of its elected and appointed officials, officers, employees, servants, representatives and agents (collectively the “**Indemnitees**”), from and against all claims, demands, causes of action, suits, losses, damages and costs, liabilities, expenses and judgments (including all actual legal costs) for damage to or destruction or loss of property, including loss of use, and injury to or death of any person or persons which any of the Indemnitees incur, suffer or are put to arising out of or in connection with any failure, breach or non-performance by the Consultant of any obligation of this agreement, or any wrongful or negligent act or omission of the Consultant or any employee or agent of the Consultant.

7.2 Survival of Indemnity

The indemnity described in Section 7.1 will survive the termination or completion of this agreement and, notwithstanding such termination or completion, will continue in full force and effect for the benefit of the Indemnitees.

7.3 Consultant’s Insurance Policies

The Consultant will, without limiting its obligations or liabilities and at its own expense, provide and maintain throughout this agreement the following insurances in forms and amounts acceptable to the City from insurers licensed to conduct business in Canada:

- (a) commercial general liability insurance on an occurrence basis, in an amount not less than three million (\$3,000,000) dollars inclusive per occurrence against death, bodily injury and property damage arising directly or indirectly out of the work or operations of the Consultant, its employees and agents. The insurance will include cross liability and severability of interests such that the coverage shall apply in the same manner and to the same extent as though a separate policy had been issued to each insured. The insurance will include, but not be limited to: premises and operators liability, broad form products and completed operations, owners and Consultants protective liability, blanket contractual, employees as additional insureds, broad form property damage, non-owned automobile, contingent employers liability, broad form loss of use, personal injury, and incidental medical malpractice. The City will be added as additional insured;
- (b) professional errors and omissions insurance in an amount not less two million (\$2,000,000) dollars insuring all professionals providing the Services from liability resulting from errors or omissions in the performance of the Services, with a 12 month maintenance period; and
- (c) automobile liability insurance on all vehicles owned, operated or licensed in the name of the Consultant in an amount not less than three million (\$3,000,000) dollars per occurrence for bodily injury, death and damage to property.

7.4 Insurance Requirements

The Consultant will provide the City with evidence of the required insurance prior to the commencement of this agreement. Such evidence will be in the form of a completed certificate of insurance acceptable to the City. The Consultant will, on request from the City, provide certified copies of all of the Consultant's insurance policies providing coverage relating to the Services, including without limitation any professional liability insurance policies. All required insurance will be endorsed to provide the City with thirty (30) days advance written notice of cancellation or material change restricting coverage. To the extent the City has an insurable interest, the builder's risk policy will have the City as first loss payee. The Consultant will be responsible for deductible amounts under the insurance policies. All of the Consultant's insurance policies will be primary and not require the sharing of any loss by the City or any insurer of the City.

7.5 Consultant Responsibilities

The Consultant acknowledges that any requirements by the City as to the amount of coverage under any policy of insurance will not constitute a representation by the City that the amount required is adequate and the Consultant acknowledges and agrees that the Consultant is solely responsible for obtaining and maintaining policies of insurance in adequate amounts. The insurance policy coverage limits shall not be construed as relieving the Consultant from responsibility for any amounts which may exceed these limits, for which the Consultant may be legally liable.

7.6 Additional Insurance

The Consultant shall place and maintain, or cause any of its sub-contractors to place and maintain, such other insurance or amendments to the foregoing policies as the City may reasonably direct.

7.7 Waiver of Subrogation

The Consultant hereby waives all rights of recourse against the City for loss or damage to the Consultant's property.

8. TERMINATION

8.1 By the City

The City may at any time and for any reason by written notice to the Consultant terminate this agreement before the completion of all the Services, such notice to be determined by the City at its sole discretion. Upon receipt of such notice, the Consultant will perform no further Services other than the work which is reasonably required to terminate the Services and return the City's property to the City. Despite any other provision of this agreement, if the City terminates this agreement before the completion of all the Services, the City will pay to the Consultant all amounts owing under this agreement for Services provided by the Consultant up to and including the date of termination, plus reasonable termination costs in the amount as determined by the City in its sole discretion. Upon payment of such amounts no other or additional payment will be owed by the City to the Consultant, and, for certainty, no amount will be owing on account of lost profits relating to the portion of the Services not performed or other profit opportunities.

8.2 Termination for Cause

The City may terminate this agreement for cause as follows:

- (a) If the Consultant is adjudged bankrupt, or makes a general assignment for the benefit of creditors because of its insolvency, or if a receiver is appointed because of its insolvency, the City may, without prejudice to any other right or remedy the City may have, terminate this agreement by giving the Consultant or receiver or trustee in bankruptcy written notice; or
- (b) If the Consultant is in breach of any term or condition of this agreement, and such breach is not remedied to the reasonable satisfaction of the City within 5 days after delivery of written notice from the City to the Consultant, then the City may, without prejudice to any other right or remedy the City may have, terminate this agreement by giving the Consultant further written notice.

If the City terminates this agreement as provided by this Section, then the City may:

- (a) enter into contracts, as it in its sole discretion sees fit, with other persons to complete the Services;
- (b) withhold payment of any amount owing to the Consultant under this agreement for the performance of the Services;
- (c) set-off the total cost of completing the Services incurred by the City against any amounts owing to the Consultant under this agreement, and at the completion of the Services pay to the Consultant any balance remaining; and
- (d) if the total cost to complete the Services exceeds the amount owing to the Consultant, charge the Consultant the balance, which amount the Consultant will forthwith pay.

8.3 Curing Defaults

If the Consultant is in default of any of its obligations under this agreement, then the City may without terminating this agreement, upon 5 days written notice to the Consultant, remedy the default and set-off all costs and expenses of such remedy against any amounts owing to the Consultant. Nothing in this agreement will be interpreted or construed to mean that the City has any duty or obligation to remedy any default of the Consultant.

9. APPLICABLE LAWS, POLICIES, BUILDING CODES AND BY-LAWS

9.1 Applicable Laws and Policies

This agreement will be governed by and construed in accordance with the laws of the Province of British Columbia. The City and the Consultant accept the jurisdiction of the courts of British Columbia and agree that any action under this agreement be brought in such courts. The Consultant shall comply with all applicable policies, procedures and instructions provided by the City.

9.2 Codes and By-Laws

The Consultant will provide the Services in full compliance with all applicable laws, building codes and regulations.

9.3 Interpretation of Codes

The Consultant will, as a qualified and experienced professional, interpret applicable codes, laws and regulations applicable to the performance of the Services. If an authority having jurisdiction imposes an interpretation which the Consultant could not reasonably have verified or foreseen prior to entering into this agreement, then the City will pay the additional costs, if any, of making alterations so as to conform to the required interpretation.

10. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

10.1 No Disclosure

Except as provided for by law or otherwise by this agreement, the Consultant will keep strictly confidential any information supplied to, obtained by, or which comes to the knowledge of the Consultant as a result of the performance of the Services and this agreement, and will not, without the prior express written consent of the City, publish, release, disclose or permit to be disclosed any such information to any person or corporation, either before, during or after termination of this agreement, except as reasonably required to complete the Services.

10.2 Freedom of Information and Protection of Privacy Act

The Consultant acknowledges that the City is subject to the *Freedom of Information and Protection of Privacy Act* of British Columbia and agrees to any disclosure of information by the City required by law.

10.3 Return of Property

11. USE OF WORK PRODUCT

The Consultant hereby sells, assigns and transfers to the City the right, title and interest required for the City to use and receive the benefit of all the reports, drawings, plans, designs, models, specifications, computer software, concepts, products, designs or processes or other such work product produced by or resulting from the Services rendered by the Consultant.

12. WORKERS' COMPENSATION BOARD AND OCCUPATIONAL HEALTH AND SAFETY

12.1 The Consultant agrees that it shall, at its own expense, procure and carry, or cause to be procured, carried and paid for, full Workers' Compensation Board coverage for itself and all workers, employees, servants and others engaged in or upon any work or service which is the subject of this agreement. The Consultant agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for the Workers' Compensation Board coverage against any monies owing by the City to the Consultant. The City will have the right to withhold payment under this agreement until the Workers'

Compensation Board premiums, assessments or penalties in respect of the Services have been paid in full.

- 12.2 The Consultant will provide the City with the Consultant's Workers' Compensation Board registration number and a letter from the Workers' Compensation Board confirming that the Consultant is registered in good standing with the Workers' Compensation Board and that all assessments have been paid to the date thereof prior to the City having any obligations to pay monies under this agreement.
- 12.3 The Consultant agrees that it is the prime contractor for the Services as defined in the *Workers Compensation Act, R.S.B.C. 2019, c.1* as amended and will ensure compliance with the *Workers Compensation Act* and Regulations in respect of the workplace. Without limiting its responsibilities under the legislation, the Consultant will coordinate the activities of employers, workers and other persons at the workplace relating to occupational health and safety. The Consultant will have a safety program in place that meets the requirements of the Workers' Compensation Board Occupational Health and Safety Regulation and the *Workers Compensation Act*. As prime contractor, the Consultant will be responsible for appointing a qualified coordinator for insuring the health and safety activities for the location of the Services. That person will be the person so identified in this agreement, and the Consultant will advise the City immediately in writing if the name or contact number of the qualified coordinator changes.
- 12.4 Without limiting the generality of any other indemnities granted by the Consultant in this agreement, the Consultant shall indemnify and save harmless the Indemnitees from and against all claims, demands, causes of action, suits, losses, damages, costs, liabilities, expenses, judgements, penalties and proceedings (including all actual legal costs) which any of the Indemnitees incur, suffer or are put to arising out of or in any way related to unpaid Workers' Compensation Board assessments owing from any person or corporation engaged in the performance of this agreement or arising out of or in any way related to the failure to observe safety rules, regulations and practices of the Workers' Compensation Board, including penalties levied by the Workers' Compensation Board.
- 12.5 The Consultant will ensure compliance with and conform to all health and safety laws, by-laws or regulations of the Province of British Columbia, including without limitation the *Workers Compensations Act* and Regulations pursuant thereto.
- 12.6 The City may, on twenty-four (24) hours written notice to the Consultant, install devices or rectify any conditions creating an immediate hazard existing that would be likely to result in injury to any person. However, in no case will the City be responsible to ascertaining or discovering, through inspections or review of the operations of the Consultant or otherwise, any deficiency or immediate hazard.

13. BUSINESS LICENSE

- 13.1 The Consultant will obtain and maintain throughout the term of this agreement a valid City of Surrey business license.

14. DISPUTE RESOLUTION

14.1 Dispute Resolution Procedures

The parties will make reasonable efforts to resolve any dispute, claim, or controversy arising out of this agreement or related to this agreement (“**Dispute**”) using the dispute resolution procedures set out in this Section 14.

(a) Negotiation

The parties will make reasonable efforts to resolve any Dispute by amicable negotiations and will provide frank, candid and timely disclosure of all relevant facts, information and documents to facilitate negotiations.

(b) Mediation

If all or any portion of a Dispute cannot be resolved by good faith negotiations within 30 days, either party may by notice to the other party refer the matter to mediation. Within 7 days of delivery of the notice, the parties will mutually appoint a mediator. If the parties fail to agree on the appointment of the mediator, then either party may apply to the British Columbia International Commercial Arbitration Centre for appointment of a mediator. The parties will continue to negotiate in good faith to resolve the Dispute with the assistance of the mediator. The place of mediation will be Surrey, British Columbia. Each party will equally bear the costs of the mediator and other out-of-pocket costs, and each party will bear its own costs of participating in the mediation.

(c) Litigation

If within 90 days of the request for mediation the Dispute is not settled, or if the mediator advises that there is no reasonable possibility of the parties reaching a negotiated resolution, then either party may without further notice commence litigation.

15. JURISDICTION AND COUNCIL NON-APPROPRIATION

15.1 Nothing in this agreement limits or abrogates, or will be deemed to limit or abrogate, the jurisdiction of the Council of the City in the exercise of its powers, rights or obligations under any public or private statute, regulation or by-law or other enactment.

15.2 The Consultant recognizes and agrees that the City cannot make financial commitments beyond the City's current fiscal year. The City will annually make bonafide requests for appropriation of sufficient funds to cover all payments covered by this agreement. If City Council does not appropriate funds, or appropriates insufficient funds, the City will notify the Consultant of its intention to terminate or reduce the services so affected within 30 days after the non-appropriation becomes final. Such termination shall take effect 30 days from the date of notification, shall not constitute an event of default and shall relieve the City, its officers and employees, from any responsibility or liability for the payment of any further amounts under this agreement.
