SCHEDULE A – SCOPE OF SERVICES

1. Design Vision

Stakeholders' project vision is to transform the existing Bridgeview Community Centre into a dedicated childcare facility for ages 0-5. The gymnasium and associated rooms are to remain as existing (restrooms, storages, kitchen, etc.). This will provide a flexible facility to serve both the specific childcare needs of childcare operator and the general booking needs of the City at large.

The City wishes to design and build a fully functional facility that adequately accommodates user programs and meets budget targets. The design must integrate with existing operations to accommodate City programs, community rentals of the facility's gymnasium and adjacent rooms, address the need for a childcare facility, and address user and operator needs for new indigenous childcare programs

Background:

Bridgeview Community Centre at 11475 126A St. is a 973 m² civic facility within Bridgeview Park, constructed in 1979 and renovated in 2013.

A Feasibility and Concept Design study was commissioned and completed in 2022 with Office for Architecture (O4A) as the consultant. The intent of this RFP is to confirm the functional program and verify concept design provisions as the Schematic Design in order to quickly advance onto Design Development.

Program Summary:

Métis Family Services has been selected by the City of Surrey as the operator for the new childcare facility which will be located inside the renovation of the Bridgeview Community Centre.

Métis Family Services and the City of Surrey are committed to develop a culturally safe and trauma informed childcare facility for Métis, First Nations, and Inuit children and families residing Surrey and the surrounding area.

The centre will offer childcare services to children ages 0-5 years and their families in which:

1. Michif and other Indigenous languages are taught,
2. Métis and other Indigenous stories, songs, dance, arts, imagery, games, protocols, teachings, practices, ceremonies and foods are shared,
3. where transportation is provided from the local Skytrain station,
4. where Elders play an active role in leading activities and transferring knowledge, and
5. where staff are culturally competent and committed to reconciliation. Consultants will be available to receive referrals to offer any necessary on-site observations, child development assessments, complete any necessary referrals and implement strategies to meet the developmental needs of children attending the Centre.

The facility will provide spaces for holistic childcare programming to support the needs of families and provide children with consistent, quality childcare:

- 24 space Group Childcare under 36 months

- 24 space Group Childcare 30 months to school age

The Infant Program will be based on the needs of each individual child. We understand that for infants, every experience is a learning experience and they should be cared for in a warm, affectionate manner that allows them to feel safe and secure in their environment and fosters a relationship of trust. Children's own eating and sleeping schedule will be respected and attachments between staff and children will be formed during daily routines like eating, diapering, and sleep routines. These opportunities are time for one-on-one interaction. Our children will go outside daily on walks and/or for time to play on our playground. Our goal is to provide a safe and nurturing environment where every child can grow and develop to their full potential. Play would be the main building block of our programming. The toys and equipment allow for learning both through spontaneous and planned play. Play allows for open-ended exploration, developing skills, learning concepts, and learning from other children. The staff's role would be to encourage, guide, and provide opportunities for learning as well as modeling appropriate behaviors.

In the Toddler Program, the children will be encouraged to explore their natural curiosity about the world. We want them to take pleasure in learning and discovering in a safe environment. Emphasis will be placed on language development, self-help skills that build self-esteem, as well as social-emotional development. The staff will facilitate the children's free play in various areas throughout the playroom and will guide the children as they learn through play experiences.

Our Over 3's program will be a positive, spacious, age-appropriate environment that offers engaging and diverse activities that will provide children with a variety of learning experiences in a creative and culturally appropriate atmosphere.

We envision a childcare centre with plenty of windows to create a naturally bright space that is welcoming, comfortable, and safe, and which incorporates every feature and amenity to optimize each child's experience. The outdoor play space will provide natural places for the children to connect with the land, explore, discover and learn. With the support of sensitive staff, these discoveries can become rich learning opportunities. All children will spend time outdoors every day regardless of the weather. The outdoor play space will have favourable wind protection and direct sunlight and a rich range of materials and settings including contact with natural materials.

Accessibility:

Métis children that are identified as requiring extra support to be successful in the childcare centre will have access to Early Childhood Development and Early Intervention programs which includes Metis/Aboriginal Infant Development (AIDP) program and Aboriginal Supported Child Development (ASCD) Program.

With the parent's permission, the ASCD Consultant from Supportive Child Development would attend the childcare centre to observe the child and determine if individual support is needed for the child. The ASCD Consultant can support children with their physical, cognitive, communicative, or social/emotional/behavioral needs. The AIDP Consultant can also work with the parents to support the child and their development in their home environment.

We are committed to providing services in a manner which respects the dignity and independence of all persons, including children with special needs. We are committed to meeting the needs of all children by identifying and removing barriers to accessibility and meeting accessibility requirements. For children with special needs enrolled in our programs, we will promote and offer an inclusive and accessible early learning and care environment. Children with a variety of special needs will be fully integrated into our childcare programs, our staff team will work in cooperation with community partners to reach this goal.

The childcare facility will create an Inclusive environment that considers the unique needs of all children in the setup of the physical environment. We will ensure our environment will provide full and meaningful participation to all children.

Physical Considerations

- All classroom and learning areas are accessible to all children
- Efforts to meet sensory needs are met with softened noise and lights, quiet spaces and active spaces
- All play areas inside and out will be accessible to all children
- Wheelchair access is available and properly maintained
- Wide pathways between furniture to allow for a wheelchair and walker
- Adaptations are made to equipment and furniture to reduce or remove barriers for children, such as adjusting table heights

Learning Experiences

- Learning experiences that are developed to the children's unique needs (e.g. culture, interests, strengths, and passions)
- Accessible communication is visible (e.g. American Sign Language visuals, picture schedules, emotion/feeling images)
- Learning materials will cover people of diverse abilities and diverse cultures
- Books within the classroom reflect all children's interests, strengths, and passions
- Learning materials are visible and at the children's level so that every child can access items independently
- Adjustments are made to routines and transitions to make learning experiences positive for all children

Social Learning Materials

- Accessories and equipment span the interests and skills sets of all children in the program
- Play accessories represent diverse cultures
- Accessories and equipment encourage solitary, parallel and cooperative play and promote social interactions among children of all abilities

Multisensory Learning Materials

- Multisensory learning materials are included in the centre to encourage gross and fine motor skills, and to meet sensory needs (e.g. sensory putty, finger paints, textured objects, fidget toys, clay, small and heavy blocks, and sand)

Métis Family Services and The City of Surrey will design and build an inclusive environment. All entrances will be wheelchair accessible, wheelchair accessible doors and washroom and the outdoor play structures that will be accessible for children with diverse

abilities. We will consider the colour of the classroom, lighting, sound, and create opportunities for movement/sensory input to meet sensory needs of all children with diverse abilities.

We will also consider the following items when designing and building the facility:

1. Classroom Aesthetics (Colour, Lighting, Texture, Clusters)
2. Furniture (heavy furniture, limiting rugs or taping them down)
3. Space for eating
4. Developing quiet spaces in the design and build
5. Toileting modifications
6. Areas for movement

Our Programming and practice strategies will promote social inclusion of children with support needs. The activities offered in our facility, such as free play, will support inclusion. Free play and group activities can promote different interactions among children. Free play activities involve making a choice, such as building blocks, role playing materials, and art and craft materials, increase the opportunities for peer interaction. This allows children with support needs to choose which activities to participate in with peers. Our group activities offered will be valuable but require more consideration to ensuring that all children are rested and alert to fully participate in the activity. Our team will provide smaller group activities, so children with support needs are better able to engage and be included. Our staff will promote peer interactions by helping children interact with their peers, facilitating play, and fostering relationships. This will involve encouraging fairness and equity in play among all children, as well as supporting children to encourage their peers with support needs to join their play. Staff will share the value of reinforcing positive behavior and praising children while respecting the unique strengths and needs of all children.

2. Scope of Work

The Consultant will, with stakeholders' input, update the 2022 Concept Design, refining program and layout as needed to finalize an abbreviated Schematic Design complete with costing, then further execute the design, budget and detailed drawings and specifications required for this Facility improvement.

without limitation, any amounts permitted to be held back on account of deficiencies, within 30 days of the receipt of the Invoice;

The Consultant will prepare and maintain proper records related to the Services, including records, receipts and invoices relating to Disbursements. On request from the City, the Consultant will make the records available open to audit examination by the City at any time during regular business hours during the time the Consultant is providing the Services and for a period of six years after the Services are complete.

The Consultant will assume all risks that the information is complete and accurate and the Consultant will advise the City in writing if in the Consultant's judgment the information is deficient or unreliable and undertake such new surveys and investigations as are necessary.

6.2 City Decisions

The City will in a timely manner make all decisions required under this agreement, examine documents submitted by the Consultant and respond to all requests for approval made by the Consultant pursuant to this agreement.

6.3 Notice of Defect

If the City observes or otherwise becomes aware of any fault or defect in the Services, it may notify the Consultant, but nothing in this agreement will be interpreted as giving the City the obligation to inspect or review the Consultant's performance of the Services.

7. INSURANCE AND DAMAGES

7.1 Indemnity

The Consultant will indemnify and save harmless the City and all of its elected and appointed officials, officers, employees, servants, representatives and agents (collectively the "**Indemnitees**"), from and against all claims, demands, causes of action, suits, losses, damages and costs, liabilities, expenses and judgments (including all actual legal costs) for damage to or destruction or loss of property, including loss of use, and injury to or death of any person or persons which any of the Indemnitees incur, suffer or are put to arising out of or in connection with any failure, breach or non-performance by the Consultant of any obligation of this agreement, or any wrongful or negligent act or omission of the Consultant or any employee or agent of the Consultant.

7.2 Survival of Indemnity

The indemnity described in Section 7.1 will survive the termination or completion of this agreement and, notwithstanding such termination or completion, will continue in full force and effect for the benefit of the Indemnitees.

7.3 Consultant's Insurance Policies

The Consultant will, without limiting its obligations or liabilities and at its own expense, provide and maintain throughout this agreement the following insurances in forms and amounts acceptable to the City from insurers licensed to conduct business in Canada:

- (a) commercial general liability insurance on an occurrence basis, in an amount not less than three million (\$3,000,000) dollars inclusive per occurrence against death, bodily injury and property damage arising directly or indirectly out of the work or operations of the Consultant, its employees and agents. All required insurance will be endorsed to provide the City with thirty (30) days advance written notice of cancellation or material change restricting coverage. To the extent the City has an insurable interest, the builder's risk policy will have the City as first loss payee. The Consultant will be responsible for deductible amounts under the insurance policies. All of the Consultant's insurance policies will be primary and not require the sharing of any loss by the City or any insurer of the City.

7.5 Consultant Responsibilities

The Consultant acknowledges that any requirements by the City as to the amount of coverage under any policy of insurance will not constitute a representation by the City that the amount required is adequate and the Consultant acknowledges and agrees that the Consultant is solely responsible for obtaining and maintaining policies of insurance in adequate amounts. The insurance policy coverage limits shall not be construed as relieving the Consultant from responsibility for any amounts which may exceed these limits, for which the Consultant may be legally liable.

7.6 Additional Insurance

The Consultant shall place and maintain, or cause any of its sub-contractors to place and maintain, such other insurance or amendments to the foregoing policies as the City may reasonably direct.

7.7 Waiver of Subrogation

The Consultant hereby waives all rights of recourse against the City for loss or damage to the Consultant's property.

The City may at any time and for any reason by written notice to the Consultant terminate this agreement before the completion of all the Services, such notice to be determined by the City at its sole discretion. Upon receipt of such notice, the Consultant will perform no further Services other than the work which is reasonably required to terminate the Services and return the City's

property to the City. Despite any other provision of this agreement, if the City terminates this agreement before the completion of all the Services, the City will pay to the Consultant all amounts owing under this agreement for Services provided by the Consultant up to and including the date of termination, plus reasonable termination costs in the amount as determined by the City in its sole discretion. Upon payment of such amounts no other or additional payment will be owed by the City to the Consultant, and, for certainty, no amount will be owing on account of lost profits relating to the portion of the Services not performed or other profit opportunities.

8.2 Termination for Cause

The City may terminate this agreement for cause as follows:

- (b) If the Consultant is in breach of any term or condition of this agreement, and such breach is not remedied to the reasonable satisfaction of the City within 5 days after delivery of written notice from the City to the Consultant, then the City may, without prejudice to any other right or remedy the City may have, terminate this agreement by giving the Consultant further written notice.

If the City terminates this agreement as provided by this Section, then the City may:

- (a) enter into contracts, as it in its sole discretion sees fit, with other persons to complete the Services;
- (b) withhold payment of any amount owing to the Consultant under this agreement for the performance of the Services;

Nothing in this agreement will be interpreted or construed to mean that the City has any duty or obligation to remedy any default of the Consultant.

9. APPLICABLE LAWS, POLICIES, BUILDING CODES AND BY-LAWS

This agreement will be governed by and construed in accordance with the laws of the Province of British Columbia. The City and the Consultant accept the jurisdiction of the courts of British Columbia and agree that any action under this agreement be brought in such courts.

9.3 Interpretation of Codes

The Consultant will, as a qualified and experienced professional, interpret applicable codes, laws and regulations applicable to the performance of the Services. 10. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

10.1 No Disclosure

Except as provided for by law or otherwise by this agreement, the Consultant will keep strictly confidential any information supplied to, obtained by, or which comes to the knowledge of the Consultant as a result of the performance of the Services and this agreement, and will not, without the prior express written consent of the City, publish, release, disclose or permit to be disclosed any such information to any person or corporation, either before, during or after termination of this agreement, except as reasonably required to complete the Services.

The Consultant agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for the Workers' Compensation Board coverage against any monies owing by the City to the Consultant. The City will have the right to withhold payment under this agreement until the Workers' Compensation Board premiums, assessments or penalties in respect of the Services have been paid in full.
- 12.2 The Consultant will provide the City with the Consultant's Workers' Compensation Board registration number and a letter from the Workers' Compensation Board confirming that the Consultant is registered in good standing with the Workers' Compensation Board and that all assessments have been paid to the date thereof prior to the City having any obligations to pay monies under this agreement.

If all or any portion of a Dispute cannot be resolved by good faith negotiations within 30 days, either party may by notice to the other party refer the matter to mediation. Within 7 days of delivery of the notice, the parties will mutually appoint a mediator. If the parties fail to agree on the appointment of the mediator, then either party may apply to the British Columbia International Commercial Arbitration Centre for appointment of a mediator. The parties will continue to negotiate in good faith to resolve the Dispute with the assistance of the mediator. The place of mediation will be Surrey, British Columbia. Each party will equally bear the costs of the mediator and other out-of-pocket costs, and each party will bear its own costs of participating in the mediation.

(c) Litigation

If within 90 days of the request for mediation the Dispute is not settled, or if the mediator advises that there is no reasonable possibility of the parties reaching a negotiated resolution, then either party may without further notice commence litigation.
