

# City of Surrey PLANNING & DEVELOPMENT REPORT File: 7915-0211-00

Planning Report Date: September 28, 2015

#### **PROPOSAL:**

#### • Temporary Use Permit

to permit limousine and party bus dispatch and associated parking for a 3-year period.

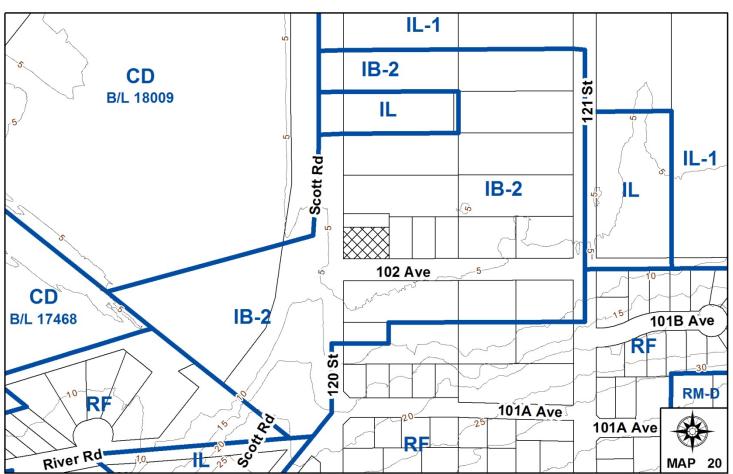

LOCATION: 10214 - 120 Street

OWNER: 1021064 BC Ltd

ZONING: IB-2

**OCP DESIGNATION:** Mixed Employment

NCP DESIGNATION: Business Park

#### **RECOMMENDATION SUMMARY**

Approval for Temporary Use Permit to proceed to Public Notification.

#### **DEVIATION FROM PLANS, POLICIES OR REGULATIONS**

- Does not comply with the IB-2 Zone. General service uses, which include limousine and party bus rentals, are only permitted as an accessory use in the IB-2 Zone.
- The proposed vehicle parking area exceeds the restrictions of outdoor storage under the IB-2 Zone, and the applicant is not proposing to construct a permanent building on the site.

#### **RATIONALE OF RECOMMENDATION**

- The proposed temporary limousine and party bus dispatch and associated parking is an interim use for the vacant subject site.
- The area is undeveloped due to lack of adequate services and issues related to developing within the floodplain.
- Generally complies with the intent of the South Westminster Neighbourhood Concept Plan (NCP) for the subject area.

#### **RECOMMENDATION**

The Planning & Development Department recommends that:

1. Council approve Temporary Use Permit No. 7915-0211-00 (Appendix IV) to proceed to Public Notification.

- 2. Council instruct staff to resolve the following issues prior to approval:
  - (a) ensure that all engineering requirements and issues including restrictive covenants, dedications, and rights-of-way where necessary, are addressed to the satisfaction of the General Manager, Engineering;
  - (b) submission of a landscaping plan and landscaping cost estimate to the specifications and satisfaction of the Planning and Development Department;
  - (c) submission of a temporary trailer permit application; and
  - (d) completion of Pre-Servicing Requirements identified for the proposed limousine and party bus dispatch and associated parking (Schedule C of Appendix IV).

#### **REFERRALS**

Engineering: The Engineering Department has no objection to the project

subject to the completion of Engineering servicing requirements as

outlined in Appendix III.

#### **SITE CHARACTERISTICS**

Existing Land Use: Vacant lot.

#### **Adjacent Area:**

Direction	Existing Use	NCP Designation	Existing Zone	
North:	Non-conforming single family dwelling with unauthorized storage.	Business Park	IB-2	
East:	Non-conforming single family dwelling with unauthorized storage.	Business Park	IB-2	
South (Across 102 Avenue):	Vacant lot.	Business Park	IB-2	
West (Across 120 Street and Scott Road):	Distribution warehouse and vacant lot encumbered by numerous rights-ofway.	Business Park	CD (By-law No. 18009) and IB-2.	

#### **DEVELOPMENT CONSIDERATIONS**

#### **Background**

- The subject site is approximately 1,096 square metres (0.25 acre) in area and is located at 10214 120 Street. The site is located at the northeast corner of 102 Avenue and 120 Street. The site is zoned "Business Park 2 Zone (IB-2)" and is designated as "Business Park" in the South Westminster Neighbourhood Concept Plan (NCP).
- With the adoption of OCP By-law No. 18020 on October 20, 2014, the OCP designation for this site was amended from Industrial to Mixed Employment.
- The site was purchased by the applicant in approximately February 2015.
- In the past, unauthorized storage of vehicles has occurred on the site. However, since the current owner has purchased the property, the site has remained vacant (see Appendix V).

#### **Current Proposal**

- The applicant, Boss Limos, is proposing a Temporary Use Permit (TUP) to allow for limousine and party bus parking as well as a dispatch office. Currently, the limousines and party busses are parked throughout Surrey at employees' homes. The TUP will allow for the owner to consolidate the parking of vehicles onto one site.
- The applicant has applied for a 3-year TUP to accommodate the following:
  - o Approximately 15 party buses and stretch limousines;
  - o Approximately 10 employee parking spaces; and
  - o A temporary office trailer to be used for vehicle dispatch.
- Limousine and party bus dispatch is classified as a general service use, similar to taxi dispatch, which is allowed under the current IB-2 zoning as an accessory use. Since the applicant is proposing to utilize the entire site for the dispatch and associated storage of the vehicles it is not an accessory use and therefore contravenes the IB-2 Zone. Similarly, the proposed area for vehicle parking exceeds the outdoor storage restrictions under the IB-2 Zone. In addition, under Part 4 General Provisions of Zoning By-law No. 12000, no use shall take place on an industrial zoned lot unless there is a building that exceeds 100 square metres (1,076 sq. ft.) and contains washroom facilities. The subject site contains no permanent buildings. The applicant therefore has requested a TUP to allow the site to be used for limousine and party bus parking and dispatch without a permanent building for a period of three years.
- The applicant will apply for a temporary trailer permit for the proposed dispatch office trailer. The proposed trailer is approximately 2.4 metres (8 ft.) deep by 4.9 metres (16 ft.) wide for a total area of 12 square metres (128 sq. ft.) and is proposed to be located in the southeast corner of the site.
- The IB-2 Zone generally requires 7.5-metre (25 ft.) building setbacks from all lot lines. The applicant is proposing to locate the temporary dispatch office trailer 0.6-metre (2 ft.) from both the south and east lot lines in order to maximize the site area available for vehicle

parking. The temporary trailer, although close to 102 Avenue, will be screened from the street by landscaping. The proposed reduced setbacks can be facilitated through the TUP.

- The subject site is located within a floodplain area, with a required minimum building elevation of 4.4 metres (14.4 ft.) geodetic. The proposed trailer is exempt from the minimum floodproofing elevations. However, any future buildings will be required to satisfy the minimum floodproofing elevations.
- The subject site is currently accessed by 102 Avenue which will continue to be the sole access to the site.
- Due to lack of sanitary servicing and on-site facilities, the proposed TUP prohibits the following activities:
  - o vehicle washing;
  - o vehicle maintenance;
  - o vehicle fuel storage or refuelling; and
  - o storage of waste petroleum fluids.
- The applicant's future plan for the site involves construction of a permanent building for the limousine company. The applicant has been made aware by staff that the limousine and party bus dispatch use is only allowed as an accessory use in the IB-2 Zone, and of the outdoor storage limitations. A rezoning application would therefore likely be necessary to pursue this future plan on the subject site.

#### **Landscaping and Lighting**

- The proposed landscaping along the 102 Avenue and 120 Street frontages is comprised primarily of grass and cedar hedging to screen the site. To address CPTED concerns, the applicant has proposed a few clusters of cedar hedges to allow some visibility into the site from along the street.
- The applicant proposes a light pole at each corner of the site for security. Proposed lighting will be downward facing and will face away from neighbouring lots. A perimeter chain link fence and security gate is also proposed.

#### **Pre-Servicing Requirements**

• In 2009, the City introduced pre-servicing requirements for certain types of TUP's. As a condition of the subject TUP, pre-servicing requirements include installation of the perimeter landscaping, paving of the driveway access and on-site storm drainage measures prior to consideration of issuance of the TUP.

#### **PRE-NOTIFICATION**

• Pre-notification letters were sent to surrounding property owners on September 1, 2015 and a Development Proposal Sign was erected on the site on September 4, 2015. Staff received no comments in response.
