PLANNING & DEVELOPMENT REPORT

File: 7915-0271-00

Planning Report Date: September 14, 2015

PROPOSAL:

- **Terminate Land Use Contract No. 60**

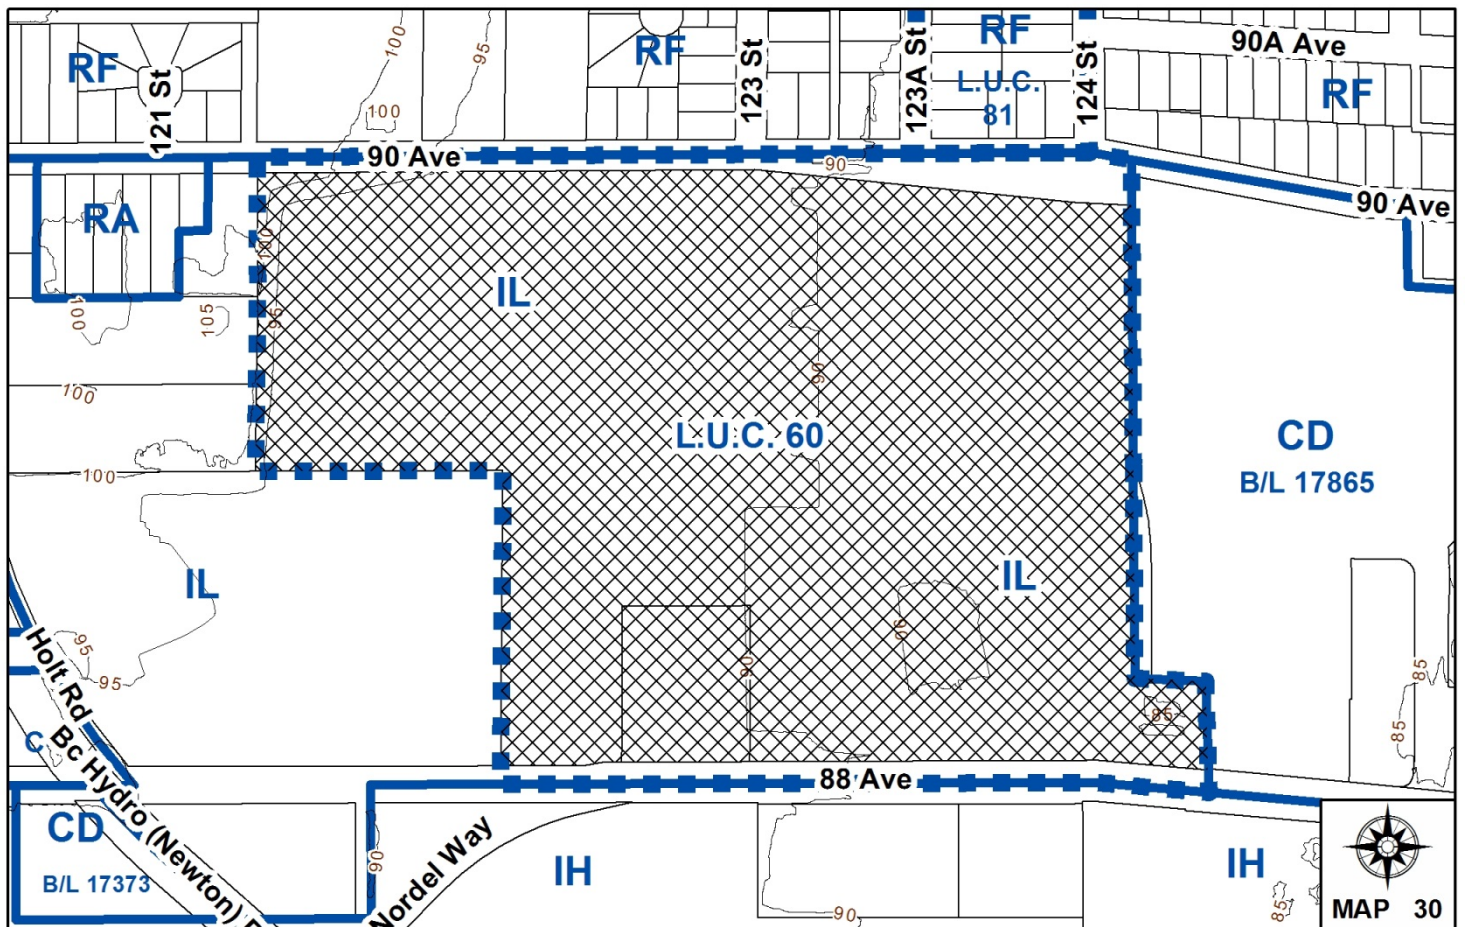

to permit the existing underlying IL Zone to come into effect.

LOCATION: 12251 and 12261 - 88 Avenue

OWNER: British Columbia Hydro and Power Authority

LUC NO. AND UNDERLYING ZONING: LUC No. 60 (IL Zone underlying)

OCP DESIGNATION: Industrial

RECOMMENDATION SUMMARY

- By-law Introduction and set date for Public Hearing to terminate LUC No. 60.

DEVIATION FROM PLANS, POLICIES OR REGULATIONS

- None

RATIONALE OF RECOMMENDATION

- In 2014, the Provincial Government adopted changes to the *Local Government Act* that terminate all Land Use Contracts (LUCs) in the Province on June 30, 2024. However, the legislation also permits municipalities to undertake early termination of LUCs in advance of 2024.
- On June 15, 2015, City Council endorsed the recommendations in Corporate Report No. R122, which outlined a process with respect to the early termination of LUCs in Surrey.
- In accordance with recent legislative changes, the LUC Termination By-law must include an effective date that is no less than one year from adoption of the by-law, resulting in a grace period.
- City staff are now moving forward with the first group of LUCs to be terminated, in accordance with the approved process described in Corporate Report No. R122, which prioritizes based on business development or the simplicity of the termination.
- LUC No. 60, which regulates two fee simple lots permits a variety of industrial equipment maintenance, storage and warehousing uses, storage and maintenance of vehicles and office uses on the site from which BC Hydro operates a maintenance facility.
- Once LUC No. 60 is terminated and the one-year grace period ends, the current underlying IL Zone will come into effect and will regulate the two subject lots.

RECOMMENDATION

The Planning & Development Department recommends that a By-law be introduced to terminate Land Use Contract No. 60 and a date be set for Public Hearing.

BACKGROUND

- In the early 1970s the Provincial Government adopted changes to the *Municipal Act* (now called the *Local Government Act*) that allowed local governments to enter into Land Use Contracts (LUCs) with land owners and/or developers that incorporated zoning, development control and servicing issues into one document. As a result, on lands within an LUC, the LUC became the governing land use control and, in some instances, the subdivision and development control as well.
- Although LUCs are an agreement between the City and land owners/and developers, all LUCs were adopted by By-law. The first LUC in Surrey was adopted by City Council by By-law on August 7, 1972.
- In the late 1970s the Provincial Government adopted changes to the *Municipal Act*, eliminating the ability of municipalities to enter into LUCs.
- Approximately 370 LUCs were adopted in Surrey, most of which remain in effect.
- In 2014, the Provincial Government adopted changes to the *Local Government Act* that terminate all Land Use Contracts (LUCs) in the Province on June 30, 2024. However, the legislation also permits municipalities to undertake early termination of LUCs in advance of 2024, should they choose to do so.
- On June 15, 2015, Council approved the recommendations in Corporate Report No. R122, which outlined a proposed process with respect to the early termination of LUCs in Surrey, which prioritizes based on business development or the simplicity of the termination.
- As a result, City staff are now moving forward with the termination of LUC No. 60 in accordance with the approved process.

PUBLIC NOTIFICATION

Early termination of LUCs is a Council-initiated project that does not require the consent of landowners within the LUC being terminated. A Development Proposal Sign has not been installed and no pre-notification letters have been mailed.

However, the LUC Termination By-law is required to have its own Public Hearing. As a result, the Public Hearing Notice will be delivered to all residents and tenants of properties within LUC No. 60, informing them that Council is considering terminating the LUC. Notice of the Public Hearing will also be delivered to adjoining property owners and tenants within 100 metres (or 3-lot depth, whichever is greater) of the boundaries of LUC No. 60. In addition, the Public Hearing notice will be published in two consecutive issues of either the Surrey Now or the Peace Arch News.

DISCUSSION

- It is now in order for LUC No. 60 to be considered for early termination.
- LUC No. 60 was adopted by By-law No. 4844 on October 25, 1976.
- LUC No. 60 originally regulated 3, fee simple lots, located between 88 Avenue to the south and 90 Avenue to the north and between, approximately 122 Street to the west and 126 Street to the east, in the Newton Industrial area.
- However, on December 9, 1991 LUC No. 60 was discharged from a portion of the easterly lot by By-law No. 11012, thereby placing the easterly boundary of LUC No. 60 at approximately 124 Street.
- Industrial land uses are located to the west and south of the LUC No. 60 lands. A commercial development is located immediately to the east, while single family residential lands are located across 90 Avenue to the north.
- LUC No. 60 permits the following uses:
 - Manufacture, maintenance, storage and warehousing of industrial equipment;
 - Maintenance, storage and servicing of vehicles;
 - Office facilities;
 - Living-quarters for the use of a caretaker; and
 - Uses accessory to the foregoing.
- A number of industrial, maintenance and storage buildings, as well as office facilities, are currently located on the subject site.
- In accordance with the recent legislative changes, the LUC Termination By-law must include an effective date that is no less than one year from adoption of the by-law, resulting in a grace period. The subject Termination By-law has a one-year grace period.
- Once LUC No. 60 is terminated and the one-year grace period ends, the current underlying "Light Impact Industrial Zone (IL)" will come into effect and will regulate the use of the land.

- The IL Zone permits a wide variety of light impact industrial uses, automotive service uses, vehicle storage and parking, distribution centres, offices and accessory uses, including dwelling units for caretakers.
