RECOMMENDATION SUMMARY

- By-law Introduction and set date for Public Hearing to terminate LUC No. 140.

DEVIATION FROM PLANS, POLICIES OR REGULATIONS

RATIONALE OF RECOMMENDATION

- In 2014, the Provincial Government adopted changes to the *Local Government Act* that terminate all Land Use Contracts (LUCs) in the Province on June 30, 2024. However, the legislation also permits municipalities to undertake early termination of LUCs in advance of 2024. On June 15, 2015, City Council endorsed the recommendations in Corporate Report No. R122, which outlined a process with respect to the early termination of LUCs in Surrey.
- LUC No. 140 was adopted by Authorization By-law, 1976, No. 4534 on June 28, 1976.
- LUC No. 140 permits a maximum of 115 townhouses, consisting of 93 3-bedroom and 22 2-bedroom units on two (2) lots and residential single family and customary accessory uses on two (2) lots, with the southerly lot intended for further subdivision with the lot to the south (LUC No. 199).
- The subsequent subdivision of the southerly lot, creating three (3) lots was approved by Subdivision Plan No. 50974. Two lots (9398 and 9402 Prince Charles Boulevard) are regulated by both LUC No. 140 and LUC No. 199 and these lots will appear in both LUC Termination By-laws (see Application No. 7916-0603-00).
- In accordance with the legislation, the LUC Termination By-law must include an effective date that is no less than one year from adoption of the by-law, resulting in a grace period.
- Once LUC No. 140 is terminated and the one-year grace period ends, the current underlying "Single Family Residential Zone (RF)" will automatically come into effect and regulate the four (4) single family lots and the "Multiple Residential 15 Zone (RM-15)" will regulate the two (2) townhouse sites, which form one (1) stratified townhouse project (Strata Plan NW1340).
- The "Single Family Residential Zone (RF)" permits a single family dwelling, including one (1) secondary suite, as well as a bed and breakfast operation and the keeping of boarders or lodgers as accessory uses. The "Multiple Residential 15 Zone (RM-15)" permits ground-oriented multiple unit residential buildings and child care centres as an accessory use, with a maximum density of 37 dwelling units per hectare (15 units per acre). The two (2) townhouse sites, totaling 3.6 hectares (8.88 acres) in area, with 115 townhouse units, complies with the RM-15 Zone with a unit density of 32 units per hectare (13 units per acre).
- If the land owner feels that the termination of the LUC will cause undue hardship, the property owner has the right to appeal to the City's Board of Variance (BOV). The application to the BOV must be received by the BOV within 6 months after the LUC Termination By-law has been adopted by City Council.

RECOMMENDATION

The Planning & Development Department recommends that a By-law be introduced to terminate Land Use Contract No. 140 and a date be set for Public Hearing.

BACKGROUND

- In the early 1970s the Provincial Government adopted changes to the *Municipal Act* (now called the *Local Government Act*) that allowed local governments to enter into Land Use Contracts (LUCs) with land owners and/or developers that incorporated zoning, development control and servicing issues into one document. As a result, on lands within an LUC, the LUC became the governing land use control and, in some instances, the subdivision and development control as well.
- Although LUCs are an agreement between the City and land owners/and developers, all LUCs were adopted by By-law. The first LUC in Surrey was adopted by City Council by By-law on August 7, 1972.
- In the late 1970s the Provincial Government adopted changes to the *Municipal Act* (now called the *Local Government Act*), eliminating the ability of municipalities to enter into LUCs.
- Approximately 370 LUCs were adopted in Surrey, most of which remain in effect.
- In 2014, the Provincial Government adopted changes to the *Local Government Act* that terminate all Land Use Contracts (LUCs) in the Province on June 30, 2024. However, the legislation also permits municipalities to undertake early termination of LUCs in advance of 2024, should they choose to do so.
- On June 15, 2015, Council approved the recommendations in Corporate Report No. R122, which outlined a proposed process with respect to the early termination of LUCs in Surrey. Over half of the LUCs in Surrey have now been presented to Council for early termination.
- As a result, City staff are moving forward with the termination of LUC No. 140 in accordance with the approved process.

PUBLIC NOTIFICATION

Early termination of LUCs is a Council-initiated project that does not require the consent of landowners within the LUC being terminated. A Development Proposal Sign has not been installed and no pre-notification letters have been mailed.

However, the LUC Termination By-law is required to have its own Public Hearing. As a result, the Public Hearing Notice will be delivered to all owners and tenants of properties within LUC No. 140, informing them that Council is considering terminating the LUC. In addition, the Public Hearing notice will be published in two consecutive issues of the Surrey Now.

SITE CHARACTERISTICS

Existing Land Use: 115 townhouses, consisting of 93 3-bedroom and 22 2-bedroom units, and single family dwellings, which are to remain.

Adjacent Area:

Direction	Existing Use	OCP Designation	Existing Zone
North:	Two and three-storey townhouse buildings	Multiple Residential	RM-15 and RM-30
East:	Single family dwellings and Betty Huff Elementary School	Urban	RF
South:	Single family dwellings	Urban	LUC No. 117 (RF Zone underlying), RF and LUC No. 199 (RF Zone underlying)
West:	Three-storey apartment buildings	Multiple Residential	RM-45

DISCUSSION

- LUC No. 140 was adopted by Authorization By-law, 1976, No. 4534 on June 28, 1976.
- LUC No. 140 currently regulates two (2) townhouse sites forming one (1) stratified development, containing 115 townhouse units, and four (4) single family lots in the Cedar Hills area generally between Wallace Crescent and 95 Avenue along Prince Charles Boulevard.
- The four (4) single family lots are designated "Urban" in the Official Community Plan (OCP) with an underlying "Single Family Residential Zone (RF)" and the townhouse site is designated "Multiple Residential" in the OCP with an underlying "Multiple Residential 15 Zone (RM-15)" under Surrey Zoning By-law, 1993, No. 12000, as amended.
- LUC No. 140 permits a maximum of 115 townhouses, consisting of 93 3-bedroom and 22 2-bedroom units on two (2) subject sites and residential single family and customary accessory uses on two (2) subject lots.

- LUC No. 140 permitted the original site to be subdivided into a total of two (2) large lots to be used for townhouse purposes and two (2) single family lots, with a 'No-Build' over a portion of the southernmost single family lot for future consolidation with the single family development to the south (LUC No. 199). The subject lots were created by Subdivision Plan No. 50519 on July 9, 1976. Subsequently one lot (Lot 569, Plan No. 50519) was consolidated with a lot (Lot 566, Plan 50663) from an adjacent subdivision to the south (LUC No. 199) and subdivided into three (3) single family lots (9398, 9402 and 9410 Prince Charles Boulevard) on September 14, 1976. The 93 townhouse units on the two (2) townhouse lots were stratified into one strata development under Strata Plan NW1340 in October 1979.
- Two lots (9398 and 9402 Prince Charles Boulevard) are regulated by both LUC No. 140 and LUC No. 199 and these lots will appear in both LUC Termination By-laws (see Application No. 7916-0603-00).
- In accordance with the legislation, the LUC Termination By-law must include an effective date that is no less than one year from adoption of the by-law, resulting in a grace period. The subject Termination By-law has a one-year grace period.
- Once LUC No. 140 is terminated and the one-year grace period ends, the current underlying "Single Family Residential Zone (RF)" will automatically come into effect and regulate the four (4) single family lots and the "Multiple Residential 15 Zone (RM-15)" will regulate the two (2) townhouse sites, which form one stratified townhouse project.
- The "Single Family Residential Zone (RF)" permits a single family dwelling, including one (1) secondary suite, as well as a bed and breakfast operation and the keeping of boarders or lodgers as accessory uses.
- The "Multiple Residential 15 Zone (RM-15)" permits ground-oriented multiple unit residential buildings and child care centres as an accessory use, with a maximum density of 37 dwelling units per hectare (15 units per acre). The two (2) townhouse sites forming one strata development, totaling 3.6 hectares (8.88 acres) in area with 115 townhouse units complies with the RM-15 Zone with a unit density of 32 units per hectare (13 units per acre).
- If the land owner feels that the termination of the LUC will cause undue hardship, the property owner has the right to appeal to the City's Board of Variance (BOV). The application to the BOV must be received by the BOV within 6 months after the LUC Termination By-law has been adopted by City Council.
