

RECOMMENDATION SUMMARY

- Approval for Development Variance Permit to proceed to Public Notification.

DEVIATION FROM PLANS, POLICIES OR REGULATIONS

- The applicant is seeking to vary the rate at which off-street parking for an elementary school is calculated, resulting in a reduction from the required 66 off-street stalls to 35 off-street stalls.

RATIONALE OF RECOMMENDATION

- Reduction of the parking requirements will facilitate the placement of one portable classroom on the site.
- The proposed reduction in parking complies with the findings of the Surrey Elementary School Parking Study completed by Wildes Consulting Inc., dated January 2017, and was reviewed and accepted by the City's Transportation Planning Division.

RECOMMENDATION

The Planning & Development Department recommends that Council approve Development Variance Permit No. 7917-0244-00 (Appendix III), varying the following, to proceed to Public Notification:

- (a) to vary Part 5 Off-Street Parking and Loading/Unloading of Zoning By-law No. 12000 to calculate the parking requirements for an elementary school at an increased standard from 1.0 space per classroom to 1.75 spaces per classroom; and,
- (b) to waive the requirement under Part 5 Off-Street Parking and Loading/Unloading of Zoning By-law No. 12000 that requires 11 parking spaces per 100 square metres (1,075 sq. ft.) of floor area be provided for a gymnasium that is associated with an elementary school.

REFERRALS

Engineering: The Engineering Department has no objection to the project.

SITE CHARACTERISTICS

Existing Land Use: Ocean Cliff Elementary School

Adjacent Area:

Direction	Existing Use	OCP Designation	Existing Zone
North (Across 20 Avenue):	Single family dwellings	Urban	RF
East:	Ocean Cliff Park	Urban	RF
South:	Single family dwellings	Urban	RF
West:	Single family dwellings	Urban	RF

DEVELOPMENT CONSIDERATIONS

- The subject property, located at 12550 – 20 Avenue, is designated "Urban" in the Official Community Plan, and zoned "Single Family Residential Zone (RF)". The property is not located in a Neighbourhood Concept Plan.
- The site is occupied by Ocean Cliff Elementary School. Currently, the school contains 15 classrooms, in addition to a gymnasium. The total number of existing parking spaces located on the site is 37.

- A building permit application has been submitted for one portable classroom to be located east of the school building.
- Under Part 5 Off-Street Parking and Loading/Unloading of the Zoning By-law, a public elementary school requires 1 parking space per classroom, 9 parking spaces for drop-off, and 11 parking spaces per 100 square metres (1,075 sq. ft.) of floor area for an associated gymnasium. This equates to a total parking requirement of 66 parking spaces for the subject site (Ocean Cliff Elementary School).

BY-LAW VARIANCE AND JUSTIFICATION

(a) Requested Variance:

- To vary the rate at which the parking requirements are calculated for an elementary school from 1.0 space per classroom to 1.75 spaces, and waive the requirement for 11 parking spaces to be provided per 100 square metres (1,075 sq. ft.) of floor area for an associated gymnasium.

Applicant's Reasons:

- The proposed variance will allow for the placement of one portable classroom on the school site.
- On regular school days, the gymnasium is used by the school's students and no outside visitors. Therefore, there is no need to provide additional parking for those using the gymnasium.

Staff Comments:

- The proposed variance complies with the finding of the Surrey Elementary School Parking Study, conducted by Wildes Consulting Inc. (January 2017). The study has been reviewed and accepted by the City's Transportation Planning Division staff.
- The Parking Study recommends: (1) increasing the parking requirement under the Zoning By-law from 1.0 to 1.75 stalls per classroom, (2) maintaining 9 parking spaces for drop off, and (3) waiving the by-law requirement for additional parking for associated gymnasium space.
- The proposed parking for the school allocates 26 stalls for classrooms (1.75 stalls x 15 classrooms, including the one proposed portable classroom) and 9 drop off stalls, totaling 35 parking spaces, as recommended in the Parking Study. There are currently 37 off-street parking stalls on the site.
- A reduction of the parking requirements will facilitate the placement of one portable classroom on site.
- Staff support the requested variance to proceed to Public Notification.
